**Printed Name:** Dean J. Mazarella

**Title:** Mayor

**Date:** May 1, 2006

## Part II. Self-Assessment

The Leominster Department of Public Works has taken the lead in the implementation of a Stormwater Management Plan for our community. Our Committee was formed at a meeting held Tuesday, November 25, 2003. The committee consists of the Planning Director, Health Director, Recreation Director, Public Works Director and the Building Inspector and the city Environmental Inspector, who is a member of the Conservation Commission. Attendees included the Mayor and members of the City Council.

The DPW Engineering Department has completed the mapping of 450 actual outfalls onto Autocad. We have just completed a flyover in preparation for the implementation of a GIS system. We are now in the implementation phase of putting them into our GIS system to include water, sewer, drain and outfalls. As of 4-1-06, we are 95% complete. Very little input has been realized from other members of the Stormwater Management Committee and this program will be headed by the DPW. However, partnering with our Environmental Inspector, we were able to submit a Stormwater Ordinance that was adopted by our City Council on March 28, 2005. Copy Enclosed.

We will continue to work with the Recreation Department on a Pet Waste Policy and installation of pet waste bag dispensers. Funding is an issue that has been overcome and we have installed signs for 3 parks. In May 2006 we will install two Pet waste stations in Carter Park in downtown Leominster.

We have had a catch basin cleaning program in place for the past 5 years and are now able to compute the amount of material collected from catch basins on an annual basis. Our sweeping program initially began with some low-lying areas for sand removal and we now have a strategy for future years. The Public would prefer main streets be done first, so logistics are an issue. We have been able to accommodate both by using overtime and extra personnel qualified to run our sweepers. We had one Eagle Scout candidate who completed one half of a catch basin stenciling program amounting to over 200 basins being stenciled by October 2004. The other candidate has not been heard from so the project was taken over by the Leominster Rotary Club with stenciled over 450 catch basins in September 2005.

This past February, we finished the installation of a new sewer line and new drain line in the DPW yard. We have separated our building floor drains, which now empty into the sewer line. A new gas/oil separator was included and we have installed Boston Hoods in all yard basins. As we repair catch basins in town, we are using BMP's on all as we proceed. We have even designed our own type of Boston Hood which has a threaded cap to provide for easy cleanup of clogged drain lines. In a time of limited budgets and staffing, we feel that we are doing the absolute best that we can do. We also feel that we are in complete compliance with all permit conditions to date.

**Part III. Summary of Minimum Control Measures**

**1. Public Education and Outreach**

<b>BMP ID #</b>	<b>BMP Description</b>	<b>Responsible Dept./Person Name</b>	<b>Measurable Goal(s)</b>	<b>Progress on Goal(s) – Permit Year 1</b> (Reliance on non-municipal partners indicated, if any)	<b>Planned Activities – Permit Year 2</b>
1.1 Revised	Educational signage at high-use recreational areas	Recreation & Conservation	Install signage at watershed trail areas and dog park, spring '04	Signs have been installed at most trail heads. Pet Waste signs were installed at Barrett Park in spring/summer '03 Laurie Cormier Park and Doyle Field 5-16-05	Install signs and establish formal pet waste policy spring/summer 2005. Pet waste dispensers will be placed at Carter Park, Hachey Park and Laurie Cormier Park, spring 2006.
1.2 Revised	General Education Brochure <i>Year 2 brochures.</i>	DPW Engineering	Signs installed 5-05 Develop & distribute mass mailing in water bills	Have received 300 brochures from EPA and will plagiarize them for use in a City of Leominster brochure	Distribute to all residents by November 2005
Revised	Lawn care and pet waste brochure and survey. <i>Healthy Lawn Workshop 3-30-05</i>	Recreation and Water Department DPW & DEP	Sent lawn care brochures starting spring '03 Broadcast on local cable TV	Recreation Department working on a pet waste brochure for distribution spring '04.	Draft Survey form for distribution in fall 2005.
1.3 Revised	Stormwater Curriculum for grades 5 & 6	Conservation & School Dept.	Revised curriculum already in place.	Hold planning meeting in preparation for school year beginning Sept. 04 Revised to September 05.	Prepare revised curriculum for review by School Dept. and related staff.
Revised					
Revised					

**1a. Additions**

1.8	Develop Stormwater web site	Engineering	Add Stormwater page to existing web site by Spring '05	In Process April 2006 and will use existing city website.	Prepare and set up content and send to site coordinator, August 2006
	Use DEP Information				

## 2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
2.1 Revised	Stormwater Advisory Committee	Public Works & ConCom	Establish Committee by fall '03, etc.	Established Committee 11-25-03, reviewed SWMP and solicited comments. Complete	Developing ordinances related to SWMP for adoption in 2004. Adopted Ordinance 3-28-05
2.2 Revised	Public Meetings on SWMP	SW Advisory Committee	Host annual public meetings each fall, beginning November 2005.	Met at the Doyle Conservation Center February 9, 2006 and attended a DEP Low Impact Development Conference. Planning Department hosted the same conference for local developers 3/06.	Host public meeting to discuss SWMP and solicit public comment for consideration yearly.
2.3 Revised	Shoreline Clean-ups <i>Partnership with Mosquito Control</i>	Public Works & ConCom DPW P. LaPointe	Expand annual Monoosnoc Brook cleanup. Remove trees along north side of brook	Met with Monoosnoc Greenway Group after August 2 <sup>nd</sup> cleanup to possibly expand to upstream of starting point. Canceled winter 2005, waiting to reschedule.	Will do an additional ½ mile of brook cleanup in summer 2005. Scouts completed 7-30-05.
2.4 Revised	Catch basin stenciling <i>Half completed in October 2004</i>	Public Works	Stencil priority basins by Fall 2004. Will inspect March 2007.	Only 1 Scout completed ½ project. Leominster Rotary re-stenciled all 450 basins in September 2005.	Stencils have been secured and work will proceed in June 2007 if repainting is needed.
2.5 Revised	HHW Collection Events <i>Electronics collection 4 events in 2005</i>	Public Works	Host annual HHW collection events. 4 per year	Hosted Events scheduled March 26, June 25, August 27 & November 19, 2005. 2006 schedule March 25, June 24, August 26 & November 18.	Continue electronics collection in conjunction with HHHW for 2006. Very successful with local company, East Coast Electronics Recycling.

## 2a. Additions

### 3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
3.1 Revised	Identify & map outfalls and receiving waters. <i>Complete by fall 2005</i>	Engineering	Map all outfalls in GIS by Spring '05	Outfall mapping 95 complete. Have completed flyover for GIS and will be complete June 2006.	Completed mapping and GIS integration June 2006.
3.2 Revised	Screen outfalls for illicit connections	Public Works	Screen all outfalls by Spring '05	In process and 450 outfalls have been identified and stenciled.	Continue screening and GIS.
3.3 Revised	Draft Illicit connection bylaw <i>Adopted 3-28-05</i>	Engineering & ConCom	Submit to City Council Spring '04 Adopted 3-28-05	In Process	Complete and in ordinance form by fall 2004 Adopted by City Council 3-28-05
3.4 Revised	Revise Sewer and Drain Use Regulations <i>Complete</i>	Engineering	Revise and adopt with new Illicit bylaw	In Process	Complete and in ordinance form by fall 2004 Adopted 3-28-05
Revised

### 3a. Additions

#### 4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
4.1 Revised	Construction Site ESC Bylaw and regulations for sites >1-acre <i>Bylaw adopted 3/05</i>	ConCom, Public Works	Reviews existing mechanisms for adequacy and completeness by Spring '05, etc.	Research existing ordinances and regulations and determined that more comprehensive revisions are needed, especially in Sewer Ordinances	Drafting new ordinances to cover all phases of SWMP for fall 2004 or spring 2005. Adopted 3/05
4.2 Revised	Site Plan Review <i>In Place fall 2004</i>	Planning, Building & Engineering	Incorporated into Development Review Board process with appropriate ordinance changes In place fall 2004	Met with all appropriate parties and supplied same with copy of SWMP. Jurisdiction for enforcement determined to be shared by Health Inspector and Environmental Inspector.	Institute new policy and inspection protocol. Weekly inspections of construction sites began September, 2005.
4.3 Revised	Site inspections <i>In Process</i>	Building Dept. & ConCom	Implement a new site inspection process for Spring '07	Started weekly inspections September 2005.	Research conceptual inspection process with associated ordinance.
4.4 Revised	Establish system to report non-compliant activities <i>In place through Conservation Comm.</i>	Building Dept. & ConCom	Establish during 2004 construction season & use web site reporting. Web-site being developed spring '05	ConCom has taken the lead in doing on site inspections of construction sites during heavy rain events and every weekend during construction.	Post ConCom & Building reporting hotlines on city web site and include in monthly Neighborhoods section of local newspaper. Investigate web site reporting process.

## 6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
6.1 Revised	Employee Training	Public Works	Conduct stormwater training each winter	Provide all day off site training to 2 full time engineering employees winter "03-04 Completed.	Conduct ½ day follow up training each winter, ongoing.
6.2 Revised	Street Sweeping	Public Works	Sweep all city streets annually by 6-30 and downtown areas once a week Sweep outfalls while doing main roads	Completed annual sweeping program by 6-3-04 and will be complete by 5-20-06.	Continue ongoing annual street sweeping program in place since 1995. Purchase 1 replacement sweeper-on hold. Swept outfall (lowlying) areas and downtown starting March 21, 2006.
6.3 Revised	Catch Basin Cleaning <i>Ongoing</i>	Public Works	Clean all basins once per year (3600)	Developed plan fall 2005. Continue to collect volume data from existing program.	Revise cleaning schedule to reach outfall areas early in program. Developed program in fall 2005.
6.4 Revised	O & M Schedule for town owned structural BMPs <i>Separated garage drains.</i>	Engineering	Implement program by Spring '05 Tie garage drains into sanitary sewer	Inventoried DPW garage and designed new particle separator system. Continue to inventory town owned BMPs. Installed oil/gas separator and separated DPW floor drains.	Complete construction of DPW separator system fall '05 and implement O & M Procedures. Tie floor drains into sanitary sewer. Completed 2-14-06 new lines.
6.9 Revised	Vehicle Washing <i>Separated floor drains in February '05</i>	Public Works Public Works	Establish a new washing policy Tie into sanitary sewer	Design new drainage system with new separation technology. Installed new sewer and drain lines with Boston Hoods in catch basins.	Funding provided July 2005. Installed new drain line completed February 06. Tie floor drains into sewer. Install Boston Hoods in outfall catch basins 2006 as repairs are made.
Revised					

### 6a. Additions

1.	Separate Combination Sewer/Drain manholes	Public Works	Separate when encountered	Separated 5 combination manholes in 2004.	Continue to separate as we find combination manholes
----	---	--------------	---------------------------	---	--

2.	Repair leaking sewer trunk line.	Public Works	Replace leaking sewer trunk line-Granite St.	Eliminate leaking sewer line near Rockwell Pond in Leominster	Design in process for bid and construction summer 2005.
----	----------------------------------	--------------	--	---	---

**Completed 95 % replacement of sewer trunk line along Rockwell Pond currently under moratorium with DEP as of November 18, 2005. Work resumed April 24, 2006 to install a final manhole and reline approximately 600 feet of sewer line. Second Phase, pipe-bursting, to commence on or about May 16, 2006. Pre-Construction meeting May 3, 2006 with contractor J. Coughler Inc. Construction to begin May 2006 and finish 3-4 weeks after start up.**

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA) <<if applicable>>

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
7.1 Revised	Targeted education to septic system owners	Health Dept & Engineering	Develop & distribute phosphorus reduction brochure	Begin research and development of brochure to septic system owners in sensitive areas	Distribute brochures to residents with septic system in watershed areas
7.3 Revised	Street Sweeping <i>Summer/Fall 2006</i>	Public Works	Increase sweeping to 3-4 times/yr. in watershed areas In Process 2006	Develop plan Sweep outfall areas early in sweeping program while doing main roads.	Continue present schedule and develop long- range plan to increase sweeping frequency in watershed areas.

**7b. WLA Assessment**

**Part IV. Summary of Information Collected and Analyzed**

**Part V. Program Outputs & Accomplishments (OPTIONAL)**

**Programmatic**

Stormwater management position created/staffed	No	
Annual program budget/expenditures	-0-	

**Education, Involvement, and Training**

Estimated number of residents reached by education program(s)	80-90%	
Stormwater management committee established	Yes	11-25-03
Stream teams established or supported	Yes	Spring '04
Shoreline clean-up participation or quantity of shoreline miles cleaned	M-Brook	2.0 miles
Household Hazardous Waste Collection Days		
▪ days sponsored	4	
▪ community participation	442	
▪ material collected	See attached	
School curricula implemented	Yes	Revision planned

**Legal/Regulatory**

	In Place Prior to Phase II	Under Review	Drafted	Adopted
<b>Regulatory Mechanism Status (indicate with "X")</b>				
▪ Illicit Discharge Detection & Elimination				X
▪ Erosion & Sediment Control				X
▪ Post-Development Stormwater Management				X
<b>Accompanying Regulation Status (indicate with "X")</b>				
▪ Illicit Discharge Detection & Elimination				X
▪ Erosion & Sediment Control				X
▪ Post-Development Stormwater Management				X

**Mapping and Illicit Discharges**

Outfall mapping complete	100%	
Estimated or actual number of outfalls	450	
System-Wide mapping complete	100%	
<b>Mapping method(s)</b>		
▪ Paper/Mylar		
▪ CADD	100%	
▪ GIS	95%	
Outfalls inspected/screened	In Process	
Illicit discharges identified	Two	
Illicit connections removed	Five	
	3000 gpd estimated	
% of population on sewer	86%	
% of population on septic systems	14%	

**Construction**

Number of construction starts (>1-acre)	12
Estimated percentage of construction starts adequately regulated for erosion and sediment control	100%
Site inspections completed	500
Tickets/Stop work orders issued	9
Fines collected	-0-
Complaints/concerns received from public	15

**Post-Development Stormwater Management**

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	100%
Site inspections completed	104
Estimated volume of stormwater recharged	Unknown

**Operations and Maintenance**

Average frequency of catch basin cleaning (non-commercial/non-arterial streets)	Once per yr.
Average frequency of catch basin cleaning (commercial/arterial or other critical streets)	Once per yr.
Total number of structures cleaned	3412
Storm drain cleaned	3-4 miles
Qty. of screenings/debris removed from storm sewer infrastructure	6270 c.y.
Disposal or use of sweepings (landfill, POTW, compost, recycle for sand, beneficial use, etc.)	compost
Cost of screenings disposal	-0-

Average frequency of street sweeping (non-commercial/non-arterial streets)	Once per yr.	
Average frequency of street sweeping (commercial/arterial or other critical streets)	2-3 per yr.	
Qty. of sand/debris collected by sweeping	5016 c.y.	
Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.)	compost	
Cost of sweepings disposal	-0-	
Vacuum street sweepers purchased/leased	one	2 week rental
Vacuum street sweepers specified in contracts	yes	

Reduction in application on public land of: ("N/A" = never used; "100%" = elimination)		
▪ Fertilizers (Using organic fertilizer on 20 acres of Cemetery land)	100%	
▪ Herbicides	75%	
▪ Pesticides	N/A	

Anti-/De-Icing products and ratios	% NaCl % CaCl <sub>2</sub> % MgCl <sub>2</sub> % CMA % Kac % KCl % Sand	30%
Pre-wetting techniques utilized	yes	
Manual control spreaders used	yes	
Automatic or Zero-velocity spreaders used	no	
Estimated net reduction in typical year salt application	20%	
Salt pile(s) covered in storage shed(s)	yes	
Storage shed(s) in design or under construction	Yes - sand	In use
