Printed Name: John O. D'Agostino

Title: Town Manager

Date: April 28, 2006

Part II. Self-Assessment

The Town of Mansfield has completed the required self-assessment, and has determined that our Municipality is in substantial compliance with all permit requirements.

We note that during the first year, the Engineering Department reviewed our existing planning and zoning by-laws, and found a number of references for the “design” of drainage in accordance with DEP Stormwater Guidelines; but few references for “construction” and “post construction” runoff control. During the second year, the results of this review were discussed with other Departments. This was accomplished by means of an informal committee of the Department Heads from Planning, Building, Conservation, Health, DPW, and Engineering. After a number of meetings, a proposed General By-Law was drafted, which addressed both construction runoff and post-construction maintenance. The proposed by-law was presented to the Conservation Commission on March 14, 2005, and the Planning Board on 4/27/05. A presentation was also made to the Selectmen and the public. In addition, a presentation was made and comments obtained from the Canoe River Aquifer Advisory Committee and the Natural Resources Trust. The Canoe River Aquifer Advisory Committee was established in 1987 to educate the public about the need to protect the aquifer. The Natural Resources Trust of Mansfield was established in 1971 to acquire and preserve natural resources, wildlife areas and historic sites, and to educate the public on the wise use of natural resources. A public hearing was scheduled for April 26, 2006 in preparation for the May 16, 2006 public hearings and presentation at the Annual Town Meeting. The Committee felt that using a comprehensive General By-Law would better accomplish the goals of the Stormwater Program; rather than trying to make significant individual changes to Planning Board Regulations, Zoning By-Laws, and other Town regulations; and attempting to keep them all consistent, especially with respect to post construction runoff control.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
1-1	Identify existing programs to be included in SMP	Engineering	Identify number of existing programs	Completed: See Report No. 1	
1-2	Develop NPDES materials for homeowner education	Engineering	Number of pamphlets distributed	Developed a pamphlet on "Protecting Water Quality in Mansfield's Ponds and Streams", based on the Southeastern Regional Services Group (SERSG), and inserted it in the (approximate 2,000) March 2006 water bills, and will be inserted in April and May water bills to reach approximately 7000 domestic and industrial water users. This supplements our Town Web Site posting on the basics of the Stormwater Program.	Complete the distribution of the 7000 pamphlets by summer, 2006.
1-3	Distribute materials to identified programs	Engineering/ DPW	All identified programs receive materials	Documents prepared under 1-2. Distributed the proposed Stormwater By-Law to the Canoe River Aquifer Advisory Committee and the Natural Resources Trust of Mansfield, met with them and addressed comments.	Provide the prepared pamphlet and website stormwater program summary to the Canoe River Aquifer Advisory Committee and the Natural Resources Trust of Mansfield for further distribution through their organizations.
1-4	Implement Catch Basin Stenciling Program	DPW	Percentage of catch basins stenciled/ year	Scheduled to start in Year 4, and stencil has now been made.	Begin catch basin stenciling program.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
2-1	Sponsor Hazardous Waste Collection Day	Health	Funding passed Event held	The Household Hazardous Waste Collection Day was held in April 9, 2005. It was advertised on the Town website, Cable 9 Bulletin Board, press releases in local newspapers (Sun Chronicle, Mansfield News & Mansfield Buzz), flyers in all Town buildings, and flyers sent home with all elementary school children.	Sufficient funding had existed for the Household Hazardous Waste Collection Day on April 8, 2006. An article has been placed on the May 2006 Annual Town Meeting warrant for funding in 2007.
2-2	Sponsor Recycle Center	DPW	Funding passed Recycle Center available	Funding passed at May 2005 Town Meeting as a DPW budget line item, and the Recycle Center/Compost Area was open Saturdays and Mondays for collections, including used motor oil. The center was advertised on the Town, DEP, and E-CALL website, by flyers and in the "Live Wire" publication sent out with electric bills.	Funding for Recycle Center included in DPW Budget for May 2006 Town Meeting Approval.
2-3	Identify existing volunteer environmental groups	Engineering	Number of groups identified	Documents prepared under 1-2. Distributed the proposed Stormwater By-Law to the Canoe River Aquifer Advisory Committee and the Natural Resources Trust of Mansfield, met with them and addressed comments.	Provide the prepared pamphlet and website stormwater program summary to the Canoe River Aquifer Advisory Committee and the NRT of Mansfield for further distribution through their organizations.

2a. Additions (as added in Report No. 1)

2-4	Implementation and Review	Engineering	Number of notices	Published implementation information in the 2005 Annual Town Report describing the NPDES Program and the 5-Year Plan. Provided an informational sheet on the Town website for the Stormwater Phase II Program, and a summary of the 2 nd year's annual report. Copies of the Proposed Stormwater By-Law for the Annual Town Meeting was placed on the website in March 2006.	Update Town website detailing the progress on the 5-Year Stormwater Plan, and the results of the Annual Town Meeting Stormwater By-Law.
-----	---------------------------	-------------	-------------------	---	---

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
3-1	Create GIS Base Map	Engineering/ MIS	Stormwater map created	Completed: See Report No.1. Supports many future activities.	
3-2	Inspect outfalls, catch basins, and manholes	Engineering/ DPW	Field data entered into GIS database	Completed. See Report No. 2. Inspected and incorporated stormwater structure into the GIS database. This included inspection of 2706 CB's, 1551 MH's, and 389 outfalls.	
3-3	Draft by-law prohibiting discharges into system	Engineering/ Health	Present draft at Town Meeting for approval	Obtained input for the proposed Comprehensive Stormwater Management By-Law, and prepared By-Law for May 2006 Town Meeting warrant article.	Present and discuss the Proposed Stormwater Management By-Law, and promote its passing Town Meeting vote.
3-4	Develop plan to identify non-stormwater discharges	Engineering/ DPW	Implement plan in Permit Year 5	Scheduled for Year 4	Develop plan to identify non-stormwater discharges, including illegal dumping.
3-5	Dry weather screening (identify illicit discharges)	Engineering/ DPW	Percent of outfalls screened	Scheduled for Year 5	

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
4-1	Review existing Planning Board Regulations	Engineering/ Planning/ ConCom	Complete review within one year	Completed: See Report No. 1	
4-2	Present recommended changes to existing regulations	Engineering/ Planning/ ConCom	Changes on Public Hearing Agenda	The Stormwater By-Law Committee, consisting of Building, Conservation, Health, DPW, Planning, and Engineering Department Heads, met numerous times and prepared a Comprehensive Stormwater Management By-Law. This was presented to the Planning Board, Conservation Commission, Selectmen, Canoe River Aquifer Advisory Committee, and Natural Resources Trust for comments that were addressed.	Present and discuss the Proposed Stormwater Management By-Law, and promote its passing Town Meeting vote.
Revised (In Report No. 2)	Comprehensive Stormwater Management By-Law	-----	Revised By-Law for Town Meeting Warrant		
4-3	Review Site Plan By-Laws vs. EPA model	Engineering/ Building/ ConCom	Site Plan By-Laws reviewed within one year	Review completed in Year 2 ahead of the Scheduled Year 3 completion; due to the Committee consensus to prepare a Comprehensive Stormwater Management By-Law.	Present and discuss the Proposed Stormwater Management By-Law, and promote its passing Town Meeting vote.
Revised (In Report No. 2)		-----	See 4-2		
4-4	Site Plan By-Law change	Engineering/ Building/ ConCom	Draft developed for presentation at Town Meeting (Year 5)	Scheduled for Years 4 and 5; but Site Plan changes considered as part of the Comprehensive Stormwater Management By-Law, which has been included in the warrant for the May 2006 Town Meeting.	Obtained input for the proposed Comprehensive Stormwater Management By-Laws (see 4-2), and prepared By-Law for Spring 2006 Town Meeting warrant article
Revised (In Report No. 2)		-----	See 4-2		
4-5	Develop control measures at construction sites	Planning/ Building/ ConCom	Inspection procedure developed	Scheduled for next permit	

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
5-1	Review existing by-laws, ordinances and regulations	Engineering	Review completed within one year	Completed: See Report No.1.	
5-2 ----- Revised (In Report No. 2)	Draft changes to regulations for runoff controls -----	Engineering/ Planning -----	Draft changes developed ----- See 4-2	See 4-2	Obtained input for the proposed Comprehensive Stormwater Management By-Law, (see 4-2) and prepared By-Law for Spring 2006 Town Meeting warrant article.
5-3	Select appropriate BMP's to be used by planners	Engineering/ Planning	Incorporate BMP's into Planning Board Regulations	Discussed results of first year review with Planning Department, and concluded that the design regulations, which encourage wet retention basins and infiltration basins, satisfactorily met the stormwater Best Management Practices per the DEP Guidelines; however Post Construction runoff needed to be addressed. Post Construction run-off control was included in the proposed Comprehensive Stormwater Management By-Law.	Present and discuss the Proposed Stormwater Management By-Law, and promote its passing Town Meeting vote.
5-4 ----- Revised (In Report No. 2)	Draft changes to by-laws for runoff control -----	Engineering/ Planning -----	Develop draft by-law and present at Town Meeting ----- See 4-2	See 4-2	Obtained input for the proposed Comprehensive Stormwater Management By-Law, (see 4-2) and prepare By-Law for Spring 2006 Town Meeting warrant article.
5-5	Develop O&M manual for BMPs	Engineering/ DPW	Creation of O&M manual	Scheduled for next permit.	

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
6-1	Identify and map sensitive receptors within municipality	Engineering	Map created	Completed: See Report No. 1. Supports future activities.	
6-2	Review and modify current street sweeping program	DPW	Review and program modifications completed	Established written documentation in Year 2 for the existing street sweeping program and disposal areas. Reviewed the existing street sweeping program with respect to critical areas in Year 3.	Modify street sweeping program and schedules, based on priorities, as required.
6-3	Develop a CIP for equipment needs	DPW	Capital Improvements Program (CIP) created	Submitted a CIP request for FY2006 ahead of the Year 3 scheduled timeframe and obtained funding of \$300,000 at the 2005 Annual Town Meeting for a vector truck.	Complete the purchase the vector truck, and put it in service.
6-4	Develop policies for snow removal and disposal	DPW	Inventory of possible disposal areas	Completed. See Report No. 2. Established a written policy for snow removal and disposal, with consideration given to environmental impacts.	
6-5	Conduct employee training for vehicle washing practices	DPW	Written policy for vehicle washing	Completed a written policy for vehicle washing. See Report No. 2. Constructed an updated truck wash facility in a new water treatment facility adjacent to the Highway Garage, with limited operation started.	Review the existing written policy, prior to full operation, and revise policy as necessary for the new truck wash.
6-6	Program for stormwater system maintenance	DPW	Written Plan	Completed. See Report No. 2. Established a written policy and schedule for catchbasin cleaning, and obtained funding of \$300,000 at the 2005 Annual Town Meeting for a vector truck.	Complete the purchase the vector truck, and put it into service.

6-7	Develop plan for illegal dumping control	DPW	Number of signs posted	Completed. See Report No. 2. Established a written inventory of significant (illegal) dumping sites, and posted 28 signs. In Year 3, prepared an Illicit Discharge By-Law within the Comprehensive Stormwater By-Law, which is included in the warrant for the May 2006 Annual Town Meeting.	Present and discuss the Proposed Stormwater Management By-Law, and promote its passing Town Meeting vote.
