## **Part II. Self-Assessment**

The Town of Rutland, Massachusetts has completed the required self-assessment and has determined that, based on available information, the town is in compliance with the conditions of the permit, with the minor exception of where implementation of our minimum control measures did not meet our stated schedule documented as part of the Notice of Intent. The specific exceptions are detailed in Part III and described below:

- The town has evaluated options for developing a Stormwater Advisory Committee and will establish the committee this year.

**Part III. Summary of Minimum Control Measures**
