## **Part II. Self-Assessment**

This past year, the Town has continued its ongoing Public Education Program, Household Hazardous Waste Collections, and Adopt-A-Stream Program. A minimal amount of mapping work was done so the Hatfield Drainage System map is still about 90% complete. The Town has had meetings with GIS consultants and hopes to ultimately map the drainage system on the Assessors' GIS system. No progress was made pertaining to a Municipal Maintenance Program and no changes have been made to the Town's Stormwater Management Bylaws.

The Town did receive DEP approval of its Beneficial Use Determination (BUD) for the Town's catch basin cleanings. No catch basins have been cleaned yet due to budget constraints. However, the Town plans to clean about 150 catch basins after the start of the new fiscal year (FY 2008).

I feel the Town is making slow progress meeting the goals of the Stormwater Pollution Prevention Plan. If there are questions or comments regarding this report, please contact me at (413) 247-0499 or at [fmotyka@townofhatfield.org](mailto:fmotyka@townofhatfield.org).

Respectfully submitted,

Frank Motyka  
Hatfield Interim DPW Director
