NPDES PII Small MS4 General Permit
Annual Report

Part I. General Information

Contact Person: Thomas Cummings
Title: Superintendent of Public Works

Telephone #: 781-767-1800

Certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Signature:

Printed Name: Thomas Cummings

Title: Superintendent of Public Works

Date: Apr/3, 2008
Part II. Self-Assessment

The Town of Holbrook has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions, except the following:

- For BMP 1-3 Was not able to meet with Ecology Club this year. Club may have become inactive.
- For BMP 2-1 Did not hold Stormwater Advisory Committee meetings. All committee members but one (Mr. Tom Cummings, Superintendent of Public Works) have since retired, resigned or changed positions.
- For BMP 4-4 The plan to accept public comment has not been fully developed, although public notice of projects is ongoing.
Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

<th>Progress on Goal(s) – Permit Year 5 (Reliance on non-municipal partners indicated, if any)</th>
<th>Planned Activities – Permit Year 6</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-1</td>
<td>Identify sensitive receptors (such as wetlands, beaches, etc.) within the Town.</td>
<td>Public Works Department</td>
<td>List of sensitive receptors developed, staff notified.</td>
<td>None, BMP complete.</td>
<td>None, BMP complete.</td>
</tr>
<tr>
<td>6-2</td>
<td>Sweep all streets each spring.</td>
<td>Public Works Department</td>
<td>Percent of streets swept annually.</td>
<td>Swept all streets, maintained records of schedule and have daily estimates of volume of collected residuals.</td>
<td>Continue to sweep all streets in the spring, maintain records of schedule and daily volume of collected residuals.</td>
</tr>
<tr>
<td>6-3</td>
<td>Sweep all sidewalks each spring.</td>
<td>Public Works Department</td>
<td>Percent of sidewalks swept annually.</td>
<td>Swept all sidewalks, maintained records of schedule. Residuals are moved to the street gutter for later collection by street sweeper therefore there are no records of daily volume of collected residuals.</td>
<td>Continue to sweep all sidewalks in the spring, maintain records of schedule.</td>
</tr>
</tbody>
</table>
| 6-4      | Continue existing road salting procedures. | Public Works Department | Amount of deicing compounds used. | Improved existing roadway deicing procedures by:  
- During cold temperatures used Ice Ban M-50, which is more environmentally friendly than liquid calcium chloride and non-corrosive.  
- Reduced salt to sand ratio (from 8:1); and used a 10:1 sand/salt mixture  
Continued roadway deicing procedures:  
- Monitored industry standards and practices for cost effective ways to minimize deicer usage.  
- Conservation Commission restricts deicing materials on industrial and commercial properties that are near sensitive receptors. | Continue existing roadway deicing procedures:  
- Use Ice Ban M-50 during cold temperatures  
- Use 10:1 sand/salt mixture  
- Maintain deicer volume records  
- Monitor industry standards and practices for cost effective ways to minimize deicer usage, and modify practices as appropriate.  
- Restrict deicing on industrial and commercial properties that are near sensitive receptors. |
<table>
<thead>
<tr>
<th></th>
<th>Objective</th>
<th>Responsible Party</th>
<th>Methodology</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-5</td>
<td>Minimize impacts from vehicle washing.</td>
<td>Stormwater Advisory Committee</td>
<td>Establish if further vehicle washing controls are needed, and if so, evaluate and select the appropriate controls.</td>
<td>Continued to use commercial car wash for small vehicles. All public works vehicle washing performed at the renovated Fire Department washing facility with proper controls. Continue using commercial car wash for small vehicles and continue to use the Fire Department for public works vehicles.</td>
</tr>
<tr>
<td>6-6</td>
<td>Minimize impacts from vehicle maintenance.</td>
<td>Public Works Department</td>
<td>Employee training conducted, inventory taken.</td>
<td>Held employee training (for mechanics) on minimizing the use of hazardous materials. The mechanics track hazardous material waste. Continue training and tracking.</td>
</tr>
<tr>
<td>6-7</td>
<td>Maintain the storm drain system.</td>
<td>Public Works Department</td>
<td>Number of catch basins cleaned annually.</td>
<td>50% of all catch basins cleaned by Fall 2007. Residual volumes were tracked by the trucks’ daily dump slips. Clean 50 percent of catch basins by Fall 2008. Establish catch basins with exceptionally large residual volumes so these can be slated in the future permit years for more frequent cleaning. Clean drain pipes as necessary. Keep records of residual volumes on a daily basis.</td>
</tr>
<tr>
<td>6-8</td>
<td>Minimize pesticide and fertilizer use for parks and other landscaped areas.</td>
<td>Public Works Department and Conservation Commission</td>
<td>Training conducted; amount of herbicides/fertilizers used.</td>
<td>No herbicide or pesticides were used. Fertilizer use was limited to parks in the immediate vicinity of Holbrook Square and Holbrook Playground. Practice green landscaping continually.</td>
</tr>
<tr>
<td>6-9</td>
<td>Control illegal dumping.</td>
<td>Board of Health and Public Works Department</td>
<td>Number of signs posted; number of sites cleaned up.</td>
<td>Held appliance collection day for residents during Fall and Spring 2007. Yard waste collection held three Saturdays per year. Participated in May 2007 South Shore Recycling Cooperative household hazardous product collection day for all residents. Install “No Dumping” signs in any newly identified common dumping areas. Hold appliances/&quot;white-goods&quot; drop-off day in Spring 2008. Hold yard waste collection three Saturdays per year.</td>
