Part II. Self-Assessment

The Town of Westwood has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions, except for the following provision:

Part 1.10 Catch Basin Stencil. Approximately 1000 of the catchbasins in Westwood were stenciled by a local Boy Scout as part of his Eagle Scout project. The remaining catchbasins will be stenciled as part of community service projects to be completed by high school athletic teams and clubs.

Part 3.31 TMDL plans for implementation of BMP's to clean up polluted water bodies is in progress but yet to be completed.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 5 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 6
1.1	Develop brochure to be Distributed with sewer bills.	DPW/ J.T. Walsh	Brochure 1/yr	Year 5 – Brochure was printed and mailed (see enclosure)	Continue program based on new permit.
Revised			Brochures continue to be distributed.		
1.3	Establish storm water hotline.	DPW/ J.T. Walsh	Storm water hotline 781-326-8661	Maintained on website.	Continue program based on new permit.
Revised					
1.4	Newspaper Article	DPW/ J.T. Walsh	Article 1/yr	Articles run on Catch basin stencil project and Keep Westwood Clean program.	Continue program based on new permit.
Revised			Articles continue to be published.		
1.5	Survey of public awareness	DPW/ J.T. Walsh	Compilation of survey data	Survey answers were posted online and new information was provided to the public based on their responses.	Continue to expand information available to the public.

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA) <<if applicable>>

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 5 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 6
Revised					

Not Applicable. No impaired waterways have been determined in Westwood.

7a. Additions

7b. WLA Assessment

The Town of Westwood’s Phase II plan includes BMPs to identify bacteria sources in the stormwater system. Public education will provide residents with information about potential problems added to bacteria counts in the system. A program has been in place to teach the 7th graders in the Town of Westwood about stormwater and watersheds and how pollution can affect their lives. Field inspections and dry weather sampling have been conducted to detect bacteria in stormwater outfalls. Work has also been conducted with the Neponset River Watershed Association. Along with inspecting stormwater outfalls, approximately fourteen miles of the sewer system was cleaned and videoed to detect any potential deficiencies.

Part IV. Summary of Information Collected and Analyzed

Several other outfalls were tested on April 16, 2008 and the results were not representative of any problems.

Part V. Program Outputs & Accomplishments (OPTIONAL)

Programmatic

Stormwater management position created/staffed	(y/n)	n
Annual program budget/expenditures	(\$)	7000

Education, Involvement, and Training

Estimated number of residents reached by education program(s)	(# or %)	14000
Stormwater management committee established	(y/n)	y
Stream teams established or supported	(# or y/n)	y
Shoreline clean-up participation or quantity of shoreline miles cleaned	(y/n or mi.)	n
Household Hazardous Waste Collection Days		
▪ days sponsored	(#)	1/yr
▪ community participation	(%)	15
▪ material collected	(tons or gal)	
School curricula implemented	(y/n)	y
