**Part II. Self-Assessment – The Town of Easton has completed the required self-assessment and has determined that the municipality continues to be in compliance with all permit conditions. A list of highlight activities which were completed during Permit year 6 follows:**

**Coordinative efforts with the Canoe River Aquifer Advisory Committee, Natural Resources Trust, and other local groups continues to develop strong allies on common Storm Water Management issues. One hundred percent of Easton's outfalls have been visited, inspected, photographed and compiled into report form. Work has been done to compile the outfall information and photographs into Easton's GIS. The DPW also initiated local mapping by GPS which will allow Easton to accurately locate and input its outfalls onto its GIS. The dry weather sampling program continues to be monitored and good housekeeping practices are also continuing within the DPW. Household Hazardous Waste collection day this year was a huge success with 560 households participating. Easton's Street clean-up day with over 30 groups participating. Boy Scout and Girl Scout groups have been instrumental in the importance of storm water management and water conservation, and the requirement of BMP's for sediment control on all projects continued during permit year 6.**

**Easton is still in the process of developing a Low Impact Development LID Policy. LID practices will be incorporated into Easton's storm water management program.**

**The Department of Planning and Community Development nominated Easton for the EPA 2009 Environmental Award "for its ongoing commitment to environmental protection and advocacy" in the areas of Open Space Preservation and Watershed Protection, Wetlands Protection, and Environmental Advocacy and Planning. Easton is honored and proud to have been the recipient of this award.**

**Part III. Summary of Minimum Control Measures**

**1. Public Education and Outreach**

<b>BMP ID #</b>	<b>BMP Description</b>	<b>Responsible Dept./Person Name</b>	<b>Measurable Goal(s)</b>	<b>Progress on Goal(s) – Permit Year 6</b> (Reliance on non-municipal partners indicated, if any)	<b>Future Planned Activities</b>
1A Revised	Education Materials	Dept. of Public Works	Materials Posted and distributed	The MA DEP Info Line was publicized to encourage Easton residents to ask questions and learn more about storm water management from the DEP. During permit year 6, Easton continued to educate the public on such subjects as clean waters, water conservation, and storm water management issues via posters and handouts obtained from EPA, State, and Town of Easton publications.	Easton continues to “Educate rather than Regulate” the public on storm water management issues via EPA, State, and Local posters and publications which are displayed and offered at town offices as handouts.
1B Revised	Coordination with Others	DPW Director	Meetings held with Others	The Public, the Natural Resources Trust (NRT), Canoe River Aquifer Advisory Committee, Boy and Girl Scout organizations, and Lions Club were contacted during permit year 6 to continue their support of the Storm Water Management Program.	Coordination with others will continue to be part of Easton’s Storm Water Management program.
1C	Use of Media	Dept. of Public Works	Local media used to promote Storm Water Management Program.	The Easton’s Town Crier web site, the Easton Journal, and The Enterprise, were used to advertise and promote	Continued use of the local media will be used to promote Easton’s Storm Water Management Program.

Revised						
ID	Citizen Watch Dog Group	Dept. of Public Works	Encourage Citizens to become "Watch Dogs"	During year 6, the populace was reminded of Easton's "Hot Line" for reporting any illegal dumping into our catch basins or streams. No calls were received during Permit Year 6.	The Dept. of Public Works will promptly investigate any reports of illegal dumping into our catch basins or streams.

**1a. Additions**

## 2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 6 (Reliance on non-municipal partners indicated, if any)	Future Planned Activities
2A Revised	Public Hearings	Planning and Zoning Board	Public Hearings on Storm Water Management held.	Task completed. No Public Hearings on Storm Water Management were scheduled for Permit Year 6.	None scheduled.
2B Revised	Local Interest Groups	Dept. of Public Works	Local interest groups contacted to support the Storm Water Management Program.	The Natural Resources Trust (NRT), Canoe River Aquifer Advisory Committee, Boy and Girl Scout organizations, and Lions Club were contacted to continue their support of the Storm Water Management Program.	Local Interest Groups will continue to be contacted to support Easton's Storm Water Management Program.
2C Revised	Stream Cleanup Days	Dept. of Public Works	Stream Cleanup Days arranged. Stream Cleanup Days has been replaced with a Street cleanup day which is a much safer alternative for volunteer groups.	A street clean-up day was initiated during Year 4 in lieu of stream cleanups. During year 6, street clean-ups were conducted by over 30 groups with support from DPW staff. The Massachusetts Mosquito Control Office is contacted to cleanup any streams in serious need of clearing. In addition, the DPW conducts normal stream maintenance activities annually as needed.	Volunteer groups will continue to be asked to participate in street cleaning activities with the assistance of DPW personnel and equipment. The Massachusetts Mosquito Control Office will continue to be contacted to cleanup any streams in serious need of clearing beyond normal stream maintenance activities conducted by the DPW.

### 3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 6 (Reliance on non-municipal partners indicated, if any)	Future Planned Activities
3A Revised	Drainage System Map	Dept. of Public Works	Drainage map developed.	Mapped drainage systems continue to be scanned into its computer and integrated into Easton's GIS system. The drainage systems maps are continually updated to include any new drainage systems which have been constructed during the year.	The drainage system maps will continue to be updated to include new subdivisions as needed, and scanned into a computer.
3B Revised	Modify Existing Regulations	DPW Director and Storm Water Advisory Committee.	Modification of existing regulations completed.	No further action was needed on this completed task. Existing regulations have been modified to reflect New storm water management requirements. New LID policy is being drafted which will greatly enhance Easton's storm water management efforts.	No action needed.
3C Revised	Identify Illicit Discharges	Dept. of Public Works	Establish a dry weather sampling program.	The booklet of Easton's outfalls which indicates the condition of the outfalls along with photographs are in the process of being inputted into Easton's GIS. The stream monitoring program continued at nine strategic locations in Easton during year 6 as part of Easton's dry weather sampling program.	Our dry weather sampling of Easton's streams will be continued and periodic visits will continue to be made to Easton's outfalls by DPW personnel.

#### 4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 6 (Reliance on non-municipal partners indicated, if any)	Future Planned Activities
4A Revised	Erosion/Sediment By-Laws	Storm Water Advisory Committee	Erosion and sediment control regulations in place.	No further action was needed on this completed task relative to erosion and sediment control.	No action needed.
4B Revised	Sanctions	Board of Selectmen	Sanctions written into by-laws.	No further action was needed on this completed task. Fines of \$100 may be levied for any illicit discharges is enforceable.	No action needed.
4C Revised	BMP's for Erosion and Sediment Control	Planning and Zoning Board	Erosion and sediment control requirements written into by-laws	No further action was needed on this completed task. Erosion and sediment control requirements are included in Storm Water Management by-laws.	No action needed.
4D Revised	Control of Construction Wastes	Conservation agent and Building Inspection Dept.	Site inspections conducted to assure compliance.	The Conservation agent and Building Inspection Dept. inspects all construction sites as required to assure compliance with Easton's storm water management program.	Construction sites will continue to be inspected by the Conservation agent and Building Inspection Dept.
4E Revised	Information from Public	Chairman, Storm Water Advisory Committee	Establish a "Hot Line" for citizens to report violations.	Easton's "Hot Line" remains in place and residents reminded in their water bills to report all Storm Water Management violations.	Easton's "Hot Line" will continue to be maintained to take proper action on any reported Storm Water Management violations.
4F Revised	Inspection and Enforcement	Conservation agent and Building Inspection Dept.	Inspection and enforcement procedures in place.	The Conservation agent inspects and enforces BMP requirements at construction sites.	Inspections and enforcements will continue at all construction sites and any violations reported to the Bd. of Health and/or Bldg. Inspection Dept.

**4a. Additions**

### 5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 6 (Reliance on non-municipal partners indicated, if any)	Future Planned Activities
5A	Enforce Existing Regulations	Federal, State, and Local Interests	Each agency enforces respective regulations.	As far as could be ascertained, each agency has enforced their own regulations.	Each agency is expected to continue enforcement of their own regulations.
Revised					
5B	Multi-Department Reviews	Planning and Zoning Board	Multi-Department reviews are conducted on all site plan and subdivision projects.	Multi-Department reviews between all affected departments were conducted for all projects.	Multi-departmental reviews will continue to be conducted on all projects.
Revised					
5C	O&M of BMP's	Planning & Zoning Board	O&M requirements stated in Storm Water Management By-Laws.	No further action was needed on this task. O&M requirements have been strictly enforced by the Planning Board and Conservation Commission as required by the Storm Water Management By-laws.	O&M requirements as stated in the Storm Water Management By-laws will continue to be enforced.

**6. Pollution Prevention and Good Housekeeping in Municipal Operations**

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 6 (Reliance on non-municipal partners indicated, if any)	Future Planned Activities
6A Revised	Develop/Implement/Enforce Good Housekeeping	Dept. of Public Works	Train DPW staff on good housekeeping	In addition to reviewing DPW concerns at monthly staff meetings, open dialogue is encouraged to present new ideas to improve our storm water management program and good housekeeping practices.	DPW staff supervisors will continually be reminded to enforce good housekeeping efforts to their respective staffs.
6B Revised	Good Housekeeping	Dept. of Public Works	Adequate housekeeping implemented by the DPW	Street sweepings were disposed of properly. Grass and leaves were composted, and the DPW exercised proper use of pesticides. Catch basins were routinely cleaned. Strict erosion and sedimentation control measures were exercised during new construction and land disturbances. Fleet maintenance and washing were done in accordance with Wellhead Protection By-Laws. Salt and sand storage facilities were covered adequately. HHW days were held to dispose of hazardous wastes.	Enforcement and implementation of good housekeeping will continue to be practiced by the DPW staff.
6C Revised	Scheduling	Dept. of Public Works	Schedules developed for DPW O&M activities	The DPW Operations Mgr. continues to review his computerized O&M schedules to track, plan and organize DPW operations.	DPW O&M schedules will continue to be tracked by computer and proper actions taken as needed.

**7b. WLA Assessment**

#### **Part IV. Summary of Information Collected and Analyzed**

**The distribution of educational materials obtained from the State and EPA continues to keep the public informed about Storm Water Management issues.**

**Household Hazardous Waste collection day this year was a huge success with 566 users as well as Easton's Street clean-up day with over 30 groups participating.**

**Continual stream testing at nine strategic locations in Easton for pH, Total and Free Chlorine, Nitrates, and Phosphorus as part of our stream monitoring program allows for future comparisons of stream conditions and will assist in detecting possible illicit discharges. Periodic visits of our outfalls will also assist in tracing any illicit discharges should they occur. Pertinent drainage and outfall information once inputted into Easton's GIS will be invaluable to Easton's storm water management program.**

**Site inspections by the Planning Board, Conservation Commission, and Building Inspection Department has been effective in erosion and sediment control at construction sites. Requiring BMP's on all projects together with site inspections for compliance has been effective in supporting Easton's Storm Water Management program.**

**The DPW through its continually good housekeeping practices has done their part in attaining Storm Water Management goals and objectives. The purchase its new catch basin cleaner, because of its efficiency, has enabled the cleaning of all of the town's catch basins in one year rather than normal two year cycle.**

**Easton is in the process of developing a Low Impact Development (LID) Policy. LID practices will be a great asset to Easton's storm water management program.**

**Part V. Program Outputs & Accomplishments (OPTIONAL)**

(Since beginning of permit coverage unless specified otherwise by a \*\*, which indicates response is for period covering April 1, 2007 through March 31, 2008)

**Programmatic**

	(Preferred Units)	Response
Stormwater management position created/staffed	(y/n)	
Annual program budget/expenditures **	(\$)	
Total program expenditures since beginning of permit coverage	(\$)	
Funding mechanism(s) (General Fund, Enterprise, Utility, etc)		

**Education, Involvement, and Training**

Estimated number of property owners reached by education program(s)	(# or %)	
Stormwater management committee established	(y/n)	
Stream teams established or supported	(# or y/n)	
Shoreline clean-up participation or quantity of shoreline miles cleaned **	(y/n or mi.)	
Shoreline cleaned since beginning of permit coverage	(mi.)	
Household Hazardous Waste Collection Days		
<ul style="list-style-type: none"> <li>▪ days sponsored **</li> <li>▪ community participation **</li> <li>▪ material collected **</li> </ul>	(#) (# or %) (tons or gal)	
School curricula implemented	(y/n)	

**Legal/Regulatory**

	In Place Prior to Phase II	Reviewing Existing Authorities	Drafted	Draft in Review	Adopted
Regulatory Mechanism Status (indicate with "X")					

▪ Illicit Discharge Detection & Elimination				
▪ Erosion & Sediment Control				
▪ Post-Development Stormwater Management				
Accompanying Regulation Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination				
▪ Erosion & Sediment Control				
▪ Post-Development Stormwater Management				

**Mapping and Illicit Discharges**

	(Preferred Units)	Response
Outfall mapping complete	(%)	
Estimated or actual number of outfalls	(#)	
System-Wide mapping complete (complete storm sewer infrastructure)	(%)	
Mapping method(s)		
▪ Paper/Mylar	(%)	
▪ CADD	(%)	
▪ GIS	(%)	
Outfalls inspected/screened **	(# or %)	
Outfalls inspected/screened (Since beginning of permit coverage)	(# or %)	
Illicit discharges identified **	(#)	
Illicit discharges identified (Since beginning of permit coverage)	(#)	
Illicit connections removed **	(#); and (est. gpd)	
Illicit connections removed (Since beginning of permit coverage)	(#); and (est. gpd)	
% of population on sewer	(%)	
% of population on septic systems	(%)	

**Construction**

	(Preferred Units)	Response
Number of construction starts (>1-acre) **	(#)	
Estimated percentage of construction starts adequately regulated for erosion and sediment control **	(%)	

Site inspections completed **	(# or %)
Tickets/Stop work orders issued **	(# or %)
Fines collected **	(# and \$)
Complaints/concerns received from public **	(#)

**Post-Development Stormwater Management**

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	(%)
Site inspections (for proper BMP installation & operation) completed **	(# or %)
BMP maintenance required through covenants, escrow, deed restrictions, etc.	(y/n)
Low-impact development (LID) practices permitted and encouraged	(y/n)

**Operations and Maintenance**

Average frequency of catch basin cleaning (non-commercial/non-arterial streets) **	(times/yr)
Average frequency of catch basin cleaning (commercial/arterial or other critical streets) **	(times/yr)
Qty of structures cleaned **	(#)
Qty. of storm drain cleaned **	(%, LF or mi.)
Qty. of screenings/debris removed from storm sewer infrastructure **	(lbs. or tons)
Disposal or use of screenings (landfill, POTW, compost, beneficial use, etc.) **	(location)

Basin Cleaning Costs		
• Annual budget/expenditure (labor & equipment)**		(\$)
• Hourly or per basin contract rate **		(\$/hr or \$ per basin)
• Disposal cost**		(\$)
Cleaning Equipment		
• Clam shell truck(s) owned/leased		(#)
• Vacuum truck(s) owned/leased		(#)
• Vacuum trucks specified in contracts		(y/n)
• % Structures cleaned with clam shells **		(%)
• % Structures cleaned with vacor **		(%)

	(Preferred Units)	Response
Average frequency of street sweeping (non-commercial/non-arterial streets) **	(times/yr)	
Average frequency of street sweeping (commercial/arterial or other critical streets) **	(times/yr)	
Qty. of sand/debris collected by sweeping **	(lbs. or tons)	
Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.) **	(location)	
Annual Sweeping Costs		
• Annual budget/expenditure (labor & equipment)**	(\$)	
• Hourly or lane mile contract rate **	(\$/hr. or in mi.)	
• Disposal cost**	(\$)	
Sweeping Equipment		
• Rotary brush street sweepers owned/leased	(#)	
• Vacuum street sweepers owned/leased	(#)	
• Vacuum street sweepers specified in contracts	(y/n)	
• % Roads swept with rotary brush sweepers **	%	
• % Roads swept with vacuum sweepers **	%	

Reduction (since beginning of permit coverage) in application on public land of:  
 ("N/A" = never used; "100%" = elimination)

<ul style="list-style-type: none"> <li>▪ Fertilizers</li> <li>▪ Herbicides</li> <li>▪ Pesticides</li> </ul>	(lbs. or %)
	(lbs. or %)
	(lbs. or %)
	(y/n)
Integrated Pest Management (IPM) Practices Implemented	

	(Preferred Units)	Response
Average Ratio of Anti-/De-Icing products used ** (also identify chemicals and ratios used in specific areas, e.g., water supply protection areas)	% NaCl % CaCl <sub>2</sub> % MgCl <sub>2</sub> % CMA % Kac % KCl % Sand	
Pre-wetting techniques utilized **	(y/n or %)	
Manual control spreaders used **	(y/n or %)	
Zero-velocity spreaders used **	(y/n or %)	
Estimated net reduction or increase in typical year salt/chemical application rate	(±lbs/ln mi. or %)	
Estimated net reduction or increase in typical year sand application rate **	(±lbs/ln mi. or %)	
% of salt/chemical pile(s) covered in storage shed(s)	(%)	
Storage shed(s) in design or under construction	(y/n or #)	
100% of salt/chemical pile(s) covered in storage shed(s) by May 2008	(y/n)	

**Water Supply Protection**

Storm water outfalls to public water supplies eliminated or relocated	# or y/n	
Installed or planned treatment BMPs for public drinking water supplies and their protection areas	# or y/n	
<ul style="list-style-type: none"> <li>• Treatment units induce infiltration within 500-feet of a wellhead protection area</li> </ul>	# or y/n
