**Printed Name:** Glen A. Edwards

**Title:** Assistant Town Manager/Town Planner

**Date:** April 28, 2010

## **Part II. Self-Assessment**

The Town of Dracut has completed the required self assessment and has determined that our municipality is in compliance with all permit conditions.

**Part III. Summary of Minimum Control Measures**

**1. Public Education and Outreach**

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
1-1	Make Brochures Available at DPW and Public Libraries	DPW	Assess existing brochures and identify data gaps.	<p>EPA Brochures distributed and available at the following Dracut locations (See Appendix A):</p> <ul style="list-style-type: none"> <li>■ Conservation office.</li> <li>■ Recreation office.</li> <li>■ Public library.</li> <li>■ Public Works office.</li> </ul> <p>Maintained stormwater information on the Town’s website.</p> <p>Town’s future sewer expansion program brochure to educate public was posted on to the Town’s website (See Appendix A). On July 7, 2009 CDM gave a public presentation of Contract 27 and Arlington Street Area sewer projects. (See Appendix A).</p> <p>The stormwater pollution prevention bookmark continues to be used as a public education piece (See Appendix A). Bookmarks available at the following Dracut locations:</p> <ul style="list-style-type: none"> <li>■ Conservation office.</li> <li>■ Recreation office.</li> <li>■ Public library.</li> <li>■ Public Works office.</li> </ul>	Continue to distribute brochures that are currently in use, and evaluate additional avenues for educating the public.

## 1. Public Education and Outreach (Cont'd)

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
1-1a	Public Outreach regarding Pet Waste	DPW	Posting of Signage in Public Places	<p>Pet waste disposal stations where installed at Veterans Memorial Park.</p> <p>Created signs promoting pick-up of pet waste as a public education piece (See Appendix B). Signs have been placed at the following Dracut locations:</p> <ul style="list-style-type: none"> <li>■ Town buildings.</li> <li>■ Public parks.</li> <li>■ Public recreational areas.</li> </ul>	<p>Continue to post signs, and evaluate additional avenues for educating the public.</p>
1-1b	Public Outreach regarding community cleanup.	DPW	Posting of Signage in Public Places and assist with activities promoting community cleanups.	<p>Signs have been placed at town parks and public buildings to remind people to pick up their debris.</p> <p>Assisted Garden Club with planning Earth Day and Arbor Day celebration on 4/17/10 at Veterans Memorial Park. A public notice about this event has been added to the Town's website. (See Appendix C)</p> <p>An article on how to control Nonpoint Source Pollution (NPS) was added to the Town's website. (See Appendix C)</p> <p>Town of Dracut joined surrounding town in the Mercury Recovery Program. Informational flyers as well as drop off location list have been made available at various municipal locations and the Town's website. (See appendix C)</p>	<p>Pet waste disposal signs and station are planned for Dillon-McAnespie Park on Lakeview Avenue.</p> <p>Continue to post signs, and evaluate additional avenues for educating the public.</p>

1. Public Education and Outreach (Cont'd)

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
1-2	Annual update of Stormwater Management Plan	DPW	Update of the SWMP in Annual Report and at Selectmen's meeting	An update of the SWMP was included in the 2010 Annual report and presented at the Selectman's meeting on 03/09/10. This meeting was televised live on the Town's local cable access channel, and re-aired on several occasions in the weeks that followed. The Storm Management Report 2010 is included in Appendix D.	A yearly update of the SWMP will be presented at Selectman's meetings and will be made available to the public via the Town's local cable access channel.

### 3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
3-1	Map stormwater outfalls and receiving waters.	DPW	A GIS layer was added to the town's Geographic Information System (GIS) showing all outfalls by the end of the first permit year.	This BMP was completed in Year 1.	This BMP was completed in Year 1.
3-2	Enforce existing storm sewer bylaw	DPW and Board of Health	Bylaw maintained and enforced throughout permit term.	This bylaw has been maintained and enforced during this period. No illegal discharges were discovered this period.  The Board of Health received and investigated no complaint reported as an illegal discharge, as noted on memo dated March 1, 2010 (See Appendix F). Stormwater outfall inspection summary by year: <ul style="list-style-type: none"> <li>■ Year 1: 118 outfalls inspected.</li> <li>■ Year 2: 160 outfalls inspected.</li> <li>■ Year 3: 149 outfalls inspected.</li> </ul>	This bylaw will continue to be maintained and enforced.
3-3	Develop and implement a program to identify non-stormwater discharges to the MS4	DPW and Board of Health	Plan developed during first year of permit term and implemented in remainder of permit term.		This BMP was completed in Year 3.

### 3. Illicit Discharge Detection and Elimination (Cont'd)

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
3-4	Develop and implement a program to remove illicit discharges to the MS4	DPW and Board of Health	Plan developed during first year of permit term. Plan implemented and maintained during remainder of permit term.	As part of dry weather screening program detailed above, water quality field sampling identified 37 outfall locations that exhibited signs that illicit connections may be tributary to these outfalls. There were 23 outfalls that were designated as high priority. The remaining 14 were designated as low priority.  The Town performed outfall testing of five high priority locations on 10/09/09 previously investigated in 2008. These outfalls were analyzed for Fecal Coliform, pH, Conductivity, and Ammonia content. Results are included on a Board of Health memo dated 11/03/09. (See Appendix G)	The Town will continue to implement their Illicit Discharge Detection Elimination Program (IDDEP). Due to budget constraints the funding for the IDDEP has been reduced.
3-5	Continue to enforce bylaw requiring inspection of new construction for correct connection to sanitary sewer.	DPW and Board of Health	Bylaw maintained and enforced throughout permit term.	This bylaw has been maintained and enforced through Year 6.	This bylaw will continue to be maintained and enforced.

#### 4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
4-1	Continue to Apply Standard 8 of the Massachusetts Stormwater Policy to all Construction Projects within the Jurisdiction of the Conservation Commission	Conservation Commission	Standard 8 of the Massachusetts Stormwater Policy applied to all Construction Projects within the Jurisdiction of the Conservation Commission throughout permit term.	A building checklist had been developed previously to accompany the Building Permit, which includes an approval from the Conservation Commission indicating all permits are filed and appropriate erosion controls are proposed.	The Conservation Commission will continue to apply these Standards.
4-2	Develop and Present Bylaw to Require an Erosion and Sediment Control Plan, Waste Management Plan, and Plan Review for Sites Disturbing More Than One Acre	Town Planner, Conservation Agent, DPW Director	Draft bylaw during first year of permit term. Present bylaw in spring 2004, and each spring thereafter until passed.	When the regulations were brought before the Conservation Commission, on two separate occasions, the commission rejected the regulations on the grounds that they exceeded their jurisdiction. It was finally approved on 03/12/08. Since then the Town has been enforcing its new Erosion and Sediment Control regulations.	The Planning Board will continue to enforce the new Erosion and Sediment Control regulations as part of their <i>Rules &amp; Regulations Governing the Subdivision of Land in Dracut, MA.</i>  The Stormwater Committee will remain in contact with the Town Manager in hopes that funds can be made available this year for the feasibility study. If funding becomes available, The Town will look to proceed.

**5. Post-Construction Stormwater Management in New Development and Redevelopment (Cont'd)**

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
5-2	Specify a Stormwater BMP Manual	Task Force (DPW, Engineering, and Conservation)	Specify a stormwater BMP manual to be included in a draft bylaw by the end of the first permit year.	Reviewed three existing stormwater BMP manuals. Selected the <i>Massachusetts Erosion and Sediment Control Guidelines for Urban and Suburban Areas</i> .	This BMP was completed in Year 1.
5-3	Develop Bylaw to Ensure Long-Term Maintenance of Private Structural BMPs	Task Force (DPW, Engineering, and Conservation)	By the end of the first permit term, include provisions in the bylaw for long-term BMP maintenance. Present the draft bylaw annually to the Town Meeting until passed.	DPW inspected 97 Town-owned BMPs during this period, and performed routine maintenance. Commercial landowners with privately-owned BMPs are required to post bonds to ensure perpetual maintenance of these BMPs. They are also required to submit annual reports on the condition/maintenance of their BMPs. 21 commercial property owners were notified to file reports on their maintenance activities with DPW.	DPW will continue this practice during the coming permit year.
5-4	Develop Procedures to Ensure Existing Structural BMPs Are Adequately Preventing or Minimizing Impacts to Water Quality	Task Force (DPW, Engineering, and Conservation)	Create BMP inventory and maintenance plan.	Inventory of structural BMPs developed in Year 1 as part of GIS effort (BMP 3-1). DPW annual inspection of BMPs identifies need for necessary improvements. Forwarded to engineering for review.	BMP inventory will be maintained. Improvements to structural BMPs, identified during annual inspections, will be prioritized. DPW would then begin the process of implementing these improvements through their operating budget and capital plan.

## 6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
6-1	Identify Sensitive Receptors (such as wetlands, beaches, etc.) within the Town	Conservation Commission	During first year of permit term, develop the list and give select DPW staff a 30-minute training session about the location of sensitive receptors, and why special protection is needed. Continue current program each spring.	List of Sensitive Receptors developed Year 1 and training completed.  The Town has prepared a fact sheet entitled, <i>What are Wetlands?</i> (See Appendix 1). This fact sheet has been posted to the Town's website.	Staff will continue to be updated on locations of sensitive receptors and the importance of protection.
6-2	Continue Annual Catch Basin Cleaning Program	DPW		Due to budget constrains the annual catch basin cleaning program was not conducted in this permit year.  DPW retrofitted 2 existing catch basins with drainage hoods designed to retain floatable materials for removal during maintenance, and prevent them from being discharged to water bodies during surges in flow through the catch basin.	The Town will resume this program during the coming permit year.
6-3	Continue Annual Street Sweeping Program	DPW	Sweep streets in town annually each spring.	Annual street sweeping program conducted from April to July 2009. Street sweeping was performed on 606 Town streets with a combined length of roughly 332 lane-miles. The annual effort removed over 1,900 tons of sand and debris.	The Town will continue this program during the coming permit year.
6-4	Maintain Cover over Salt Storage Area	DPW	Continue program throughout permit term.	The Town continued to maintain their existing, covered salt storage area.	The Town is looking to build a new salt storage shed, and will do so as soon as local funding is appropriated.

## 6. Pollution Prevention and Good Housekeeping in Municipal Operations (Cont'd)

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
6-5	Develop/Implement Employee Education Program	DPW	Four hours of training for relevant employees each year of the permit	Public works employees have taken general safety training during this permit term.  The Town implemented a general training for all public works employees focusing on all BMPs of the SWMP.	The Town will continue to train all public works employees on the various BMPs of the SWMP.
6-6	Use Good Housekeeping Practices for Storing Hazardous Materials, Including Training	DPW	Begin inventory by the end of the first year of the permit term.	An inventory of all current hazardous materials used by the DPW was created in Year 1 and updated in Years 2 & 3.	DPW will continue to maintain and update hazardous material inventory.
6-7	Minimizing Chemicals in Park, Public Playing Field, and Landscape Maintenance	DPW	Continue to minimize the use of chemicals throughout permit term.	Maintenance records were kept for the amount of chemicals used throughout the permit term.	DPW will continue to minimize the use of chemicals and maintain records of chemical used.
6-8	Conduct DPW Site Assessment	DPW		Funds were secured in Year 2 to conduct an environmental site assessment of DPW yard to evaluate stormwater run-off and storage and control of materials.  The DPW has completed a site assessment for stormwater management and compliance at the DPW yard.	DPW has reviewed the recommendations from the report and has been implementing them through their operating budget and capital plan.

**6. Pollution Prevention and Good Housekeeping in Municipal Operations (Cont'd)**

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 7 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year Covering: April 1, 2010 to March 31, 2011
6-9	Attend Storm Water Management Training	Planning, Engineering		<p>Town Planner and Town Engineer attended EPA Storm Water Management training on 04/08/05.</p> <p>Town Engineer attended independently-certified, privately-sponsored training on 12/08/05 entitled, <i>Stormwater Management &amp; Financing Seminar</i>.</p> <p>Assistant Town Manager completed EPA Stormwater Program's webcast Series – <i>Assessing the Effectiveness of Your Municipal Stormwater Program</i> on 06/04/08.</p> <p>DPW Director, Town Engineer and Assistant Town Manager attended New England Chapter APWA and NHPWA 2008 Stormwater Workshop.</p> <p>Assistant Town Manager and Board of Health Director completed EPA Stormwater Program's webcast Series – <i>Illicit Discharge Detection and Elimination (IDDE) 301 – Finding and Fixing Illicit Discharges and Connections</i> on 09/30/09.</p> <p>DPW Director, Town Manager and Assistant Town Manager completed CDM sponsored - <i>Stormwater Utility Seminar</i> on 10/29/09</p> <p>Assistant Town Manager attended EPA's - Stormwater EPA Rulemaking Webcast on 02/03/10.</p>	<p>This BMP was completed in Year 3.</p> <p>This BMP was completed in Year 6.</p> <p>This BMP was completed in Year 7.</p>

**Part IV. Summary of Information Collected and Analyzed**

As required under Article 29 of the Modified Final Judgment (1997), the Town is required to do monthly sampling at 28 catch basins and storm drains and 9 culverts and brooks to identify locations where fecal coliform contamination is present. Last sampling conducted from March 2004 to November 2004. With the Town's release from the Modified Final Judgment, the sampling requirements identified above were replaced with the outfall inspection program described under BMP #3-3.

During the summer season, the Board of Health conducts weekly sampling of all beaches around Long Pond, Fleur De Lis Beach, Lake Muscuppic, and Peters Pond.
