Part II. Self-Assessment

The Town of Barnstable has completed the required self-assessment and has determined that our municipality is working towards compliance as we implement our Stormwater Management Program as described in the NOI dated July 28, 2003. The attached Summary of Minimum Control Measures describes steps taken to date.

The Town of Barnstable has addressed stormwater issues for many years. Some of the projects that have been ongoing for many years include street sweeping, catch basin cleaning, illegal discharge location, water quality monitoring, outfall mapping, coastal discharge mitigation, shellfish sanitary surveys, and participation in the Massachusetts Estuary Project (MEP) and the Cape Cod Commission Project Storm.

A citizen committee was formed to help with public information and to address issues dealing with stormwater and water quality concerns. The Citizens Advisory Committee (CAC) deals with a range of water quality issues and solutions to prevent problems now and in the future.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year
1-1	Educational Flyer	DPW/PHD DPW/PHD/Con Com/Recreation Department	Develop Flyer & Distribute Installed Mutt Mitt Dispensers w/ signage	Door hanger flyer & bookmark developed in cooperation with CCC Project Storm Team are available at public and school events, and distributed during storm drain marker installation. Pet waste brochures are given during licensing of dogs.	Continue distribution flyers and maintain Mutt Mitt dispensers/signage. Develop new material as needed like flyer for “Get your mind in the gutter” and radio shows.
Revised					
1-2	Annual Meeting	DPW	Hold Meeting(s)	Public Meetings were held to discuss water quality results from MEP sampling, Action Plan for Ponds and Coastal Resources Management and CWNMP updates. Video available on Town Web Site for meetings. CLA are held twice a year.	Continue meetings to provide information on water quality with live TV and video available on line. Continue CLA with updated information
Revised	Inside Barnstable Town Government - Citizens’ Leadership Academy (CLA)	DPW	Informational meetings, perform annually.		
1-3	Web Page Development	DPW/PHD	Develop, post information and update as needed.	Information related to stormwater was posted on the Town web site including information on the MEP, Household Hazardous Waste Collections, & underground tanks (UGT). People are responding to web button	Maintain and update the posting. Increase use of the “The Barnstable Bulletin.”
Revised	<i>Home front page web button development</i>	DPW/PHD/ConCom	Develop web button and people using site.		Update information and useful links to web button site.

1a. Additions

1-4	Think Blue – Stormy	MA Bays/DPW	Continue to request the use of “Stormy” at different events.	Display of MA Bays “Stormy” part of Think Blue Campaign in Barnstable.	Request use of “Stormy” for more events in Town.
-----	---------------------	-------------	--	--	--

1-5	Display boards	DPW/PHD	Continue to develop and use displays as needed.	Private citizens using “Get your mind in the Gutter, and get pollution out” and dog poop display for their events.	Develop new boards and display at events. Update older boards.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year
2-1	Stormwater Management Committee	DPW	Establish committee that will deal with stormwater & water quality.	Citizens Advisory Committee (CAC) is now a standing Town committee to work on water quality issues that include stormwater. CAC meets once or twice a month.	CAC continue to deal with the Towns estuaries and fresh water issues.
Revised	The formation of the Nutrient Management Comm.				
2-2	Citizen Participation	-DPW/PHD -Hyannis Business Improvement Direct (HBID)	-Document Public Involvement -Pan & broom sweeping and pickup of trash in downtown Hyannis	HBID hires people to sweep and pickup trash on Main Street Hyannis. Citizen volunteers have participated in the Town MEP water quality-sampling program for the last 9 summers. Volunteers have installed storm drain markers. Citizens, AmeriCorps, County, and Town staff participated in Wet Festival and Marstons Mills River Day Events. The school program involved over 200 students.	Continue the sampling program, storm drain markers program, and participation in public education events including school stormwater curriculum.
Revised					
2-3	Storm Drain Markers	DPW/PHD	Install Storm Drain Markers	More Cape Cod storm drain markers have been installed and volunteers replaced a many older/missing ones.	The Cape Cod storm drain markers will continue to be installed and replaced by volunteers and staff.
Revised					
2-4	Citizen Water Quality Monitoring	DPW/PHD	Monitor Ponds and Estuaries	Continued monitoring WQ stations that were sampled four times last season as	All programs described will continue.

Revised				part of the MEP. Sanitary Surveys work has continued with DMF. Town participated in Cape-wide pond sampling (PALS Program).
