Re: *NPDES General Permit for Storm Water Discharges from Small MS4s
Annual Report for the Town of Littleton (Permit Year 8)
Permit Number: MAR041204/MA DEP Transmittal Number: W-035458*

Dear Ms. Velez:

Pursuant to the requirements of EPA's "National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges from Small Municipal Separate Storm Sewer Systems (MS4s) issued May 1, 2003, the Town of Littleton is submitting the enclosed Annual Report for Permit Year 8.

If you have any questions regarding our annual report, please feel free to contact me at (978) 540-2460.

Very truly yours,

Keith A. Bergman
Town Administrator

cc: James E. Clyde, Operations Manager, Highway Dept.
Savas Danos, General Manager, Water Dept.
Michael E. Paulin, P.E., Weston & Sampson

Municipality/Organization: Littleton, MA

Part II. Self-Assessment

The Town of Littleton has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions except for the following provisions:

See Part III for status of BMPs.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 9 (if applicable)
1A Revised	Stormwater Flyer for Residents	Water Dept	Flyer distributed to a minimum of 75% of residents	BMP Completed Year 1. The Town of Littleton has been utilizing materials provided by the SuAsCo Watershed Community Council to assist in compliance with public education and outreach. A stormwater flyer, provided by SuAsCo, was made available to residents during Year 8. In addition, the Town also obtained postcards from SuAsCo with various stormwater messages for distribution.	BMP Completed Year 1. The Town will continue to obtain materials from SuAsCo, including stormwater brochures for distribution to residents.
1B Revised	Stormwater Lesson Plan for Fifth Graders	Water Dept	Develop/distribute lesson plan for grade 5 level. Lesson plan taught in one or more classrooms.	In Year 8, the Littleton Electric Light and Water Department sponsored a field trip to their facility for fourth graders from the Littleton school district. Stormwater management was one of the items that was discussed with students.	The Town will continue to hold educational workshops that focus on stormwater with local area students.
1C Revised	Stormwater Flyer for Community Businesses	Water Dept	Develop flyer and distribute to 50% of businesses	In previous permit years, the Town obtained a flyer from SuAsCo for distribution to local businesses. In Year 8, the Watts & Drops newsletter produced by the Littleton Electric Light and Water Department, was distributed to local business owners and residents in the fall and winter. The newsletter provided information regarding water conservation, proper disposal of mercury-containing products and discussed a new Community Notification System recently established. This new system will allow the Town to notify residents and business owners in the event of an emergency situation, including hazardous waste spills.	The Littleton Electric Light & Water Dept. will continue to distribute the Watts & Drops Newsletter with information on water conservation/proper hazardous materials disposal/stormwater management to local business owners.
1D Revised	Stormwater Media Campaign	Water Dept	Media Info Package delivered to Media	BMP Completed Year 4. In previous permit years, the Town obtained a PowerPoint and Media Toolkit from SuAsCo for media distribution. Another media tool-kit was provided by SuAsCo during Year 8, which provided information on various stormwater topics for public distribution.	BMP Completed Year 4. The Town will continue to promote and implement stormwater management/water conservation practices through the Watts & Drops newsletter, the Clean Lakes Committee and the Littleton Independent.
1E Revised	Stormwater Video	Water Dept	Show stormwater video at a minimum of one public meeting; Air stormwater video at least once on local cable station	In Year 8, the stormwater video provided to the Town by the SuAsCo Watershed Community Council was aired on the local cable access channel.	The Town will continue to obtain materials from SuAsCo, including stormwater videos aimed at residents that can be aired on the local cable access channel.

<p>1F Revised</p>	<p>Littleton-Specific Stormwater Flyers</p>	<p>Water Dept</p>	<p>Distribute Littleton-specific along with SuAsCo brochures</p>	<p>In Year 8, the Cleans Lakes Committee distributed pamphlets to residents, which focus on ways that residents can help to protect and improve the water quality of the Town's water resources. Littleton has mandatory recycling. Recycling information is posted at www.littletonma.org. Recyclable materials are accepted in the bins at the local transfer station. Flyers and postcards are distributed outlining the recycling program. Along with 11 other communities, Littleton is a member of the North Central Regional Solid Waste Cooperative. The Cooperative held a Household Hazardous Waste Collection Day and a Bulk Waste Collection Day once in Year 8 in Devens in the spring. Signs and banners were posted to notify residents.</p>	<p>The Clean Lakes Committee will continue to distribute information to residents on ways they can help to improve lake water quality. Littleton will continue with its current recycling program, but is in the process of revamping its Household Hazardous Waste Collection Program. The Town has teamed up with 11 other communities to offer an expanded Household Hazardous Waste Collection Program that will allow hazardous waste to be collected up to 20 times per year at one central location. The Program will be open to small quantity generator businesses and serve 80,000 residents. This new Regional Household Hazardous Waste Facility is expected to open in Devens in July 2011.</p>
<p>1G Revised</p>	<p>Community Education: Hazardous Waste Day and Recycling advertised</p>	<p>Highway / Water Dept.</p>	<p>Continue to write At Least One Article Per Year in the Local Paper and post announcements elsewhere</p>	<p>In Year 8, the Watts & Drops newsletter produced by the Littleton Electric Light and Water Department, was distributed to local business owners and residents in the fall and winter. The newsletter provided information regarding water conservation, proper disposal of mercury-containing products and discussed a new Community Notification System recently established. This new system will allow the Town to notify residents and business owners in the event of an emergency situation, including hazardous waste spills.</p>	<p>The Littleton Electric Light & Water Dept. will continue to distribute the Watts & Drops Newsletter with information on water conservation/proper hazardous materials disposal/stormwater management to local business owners.</p>
<p>1H Revised</p>	<p>Business Education</p>	<p>Water Dept</p>	<p>Expand Commending Businesses for Environmental Practices</p>	<p>In Year 8, the Watts & Drops newsletter produced by the Littleton Electric Light and Water Department, was distributed to agricultural land owners within Town and provided information on protection of water quality through stormwater management.</p>	<p>BMP Completed Year 3. The Littleton Electric Light & Water Dept. will continue to distribute the Watts & Drops Newsletter with stormwater information to agricultural land owners.</p>
<p>1I Revised</p>	<p>Stormwater Flyer for Agriculture</p>	<p>Water Dept</p>	<p>Develop flyer and distribute to agricultural land owners</p>	<p>In Year 8, the Watts & Drops newsletter produced by the Littleton Electric Light and Water Department, was distributed to local business owners and residents in the fall and winter. The newsletter provided information regarding water conservation, proper disposal of mercury-containing products and discussed a new Community Notification System recently established. This new system will allow the Town to notify residents and business owners in the event of an emergency situation, including hazardous waste spills.</p>	<p>BMP Completed Year 3. The Littleton Electric Light & Water Dept. will continue to distribute the Watts & Drops Newsletter with stormwater information to agricultural land owners.</p>
<p>1J Revised</p>	<p>Newsletter/Newspaper Articles</p>	<p>Water Dept</p>	<p>Write at least one article in Watts and Drops news letter and newspaper per year</p>	<p>In Year 8, the Watts & Drops newsletter produced by the Littleton Electric Light and Water Department, was distributed to local business owners and residents in the fall and winter. The newsletter provided information regarding water conservation, proper disposal of mercury-containing products and discussed a new Community Notification System recently established. This new system will allow the Town to notify residents and business owners in the event of an emergency situation, including hazardous waste spills.</p>	<p>The Watts & Drops newsletter will continue to contain information that focuses on water conservation/proper hazardous materials disposal/stormwater management. In addition, the Town will place stormwater-related information in the Littleton Independent as needed.</p>

<p>IK</p>	<p>Stormwater Info on Town Website</p>	<p>Water Dept</p>	<p>Provide storm water links by year 2; provide Littleton specific information by year 4</p>	<p>In Year 8, copies of the Watts and Drops fall and winter newsletter were posted on the Littleton Electric Light and Water Department (LELWD)'s website which can be accessed through the Town's website. This newsletter provided information regarding water conservation practices and hazardous materials management in town. In addition, this website contains meeting minutes for the Clean Lakes Committee. A copy of the Town's Low Impact Development Best Management Practices Manual is also posted on the Town's website.</p>	<p>The Town's website and the LELWD's website will continue to provide information on stormwater management, hazardous materials management and outdoor water conservation.</p>
<p>Revised</p>					

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 9 (if applicable)
2A Revised	Stormwater Traveling Display	Water Dept.	Display circulates for a min of 3 months per year; Display is posted at a min of 3 locations per year	The Town of Littleton has been utilizing kiosks with stormwater information provided by the SuAsCo Watershed Community Council to assist with public involvement. During Year 8, kiosks containing information regarding stormwater management practices were on display at the Boat Launch Area/Town Beach and Wetland Park Area of Long Lake.	The Town will continue to have kiosks provided by SuAsCo on display at the Boat Launch Area/Town Beach and Wetland Park Area of Long Lake.
2B Revised	Poster Contest for Fifth Graders	Water Dept.	Poster contest is held and entries are received, judged and displayed	The Town did not hold a stormwater poster contest for fifth graders during Year 8, although poster contests were held in previous years with help from the SuAsCo Watershed Community Council.	With the help of SuAsCo, the Town will try to hold another poster contest with fifth grade students.
2C Revised	Photo Contest for High Schoolers	Water Dept.	Photo contest is held and entries are received, judged and displayed	The Town was unable to hold a stormwater photo contest with the high school students as this initiative was more difficult to implement in the high school curriculum.	The Town will continue to focus their efforts on holding stormwater poster contests with the fifth graders.
2D Revised	Stormwater Summit Event	Water Dept	Hold Local or multi community stormwater summit year 4	BMP Completed Year 4. During Year 8, the Clean Lakes Committee continued to hold an annual meeting with local watershed associations on strategies being utilized for stormwater management and in lake restoration efforts.	BMP Completed Year 4. The Clean Lakes Committee will continue to hold an annual meeting with local watershed associations on stormwater management and lake restoration efforts.
2E Revised	Stormwater Super Summit Event	Water Dept.	Municipal participation in the Stormwater Super Summit	During Year 8, the Long Lake Neighborhood Association held a Long Lake spring clean-up event.	The Long Lake Neighborhood Association will continue to hold an annual Long Lake spring clean-up event.
2F Revised	Annual Public Meeting/Hearing Regarding Plan Status and Reports to EPA	Selectmen	Hold meeting in April prior to May 1 submission of report	During Year 8, public meetings were held by the Clean Lakes Committee, the Planning Board and through Town Meeting. Stormwater management initiatives were discussed at these meetings.	Public meetings will continue to be held by the Clean Lakes Committee, the Planning Board and through Town Meeting, and new stormwater management initiatives will be discussed.
2G Revised	Involve Watershed Groups: Clean Lakes Committee, Spectacle, Mill, Long, & Forge Ponds	Water Dept. & Local Groups	Continue meetings at least 4 times/yr; Continue annual cleanup days; Educational Information Shared by Town;	During Year 8, the Clean Lakes Committee held an annual meeting with local watershed associations on strategies being utilized for stormwater management and in lake restoration efforts. In Year 8, the Town, along with the Clean Lakes Committee, also made available to residents low-impact, drought tolerant grass seed as part of their water conservation efforts as they have in years past.	The Clean Lakes Committee will continue to hold an annual meeting with local watershed associations on stormwater management and lake restoration efforts.

<p>2H</p>	<p>Involvement of Children's groups (such as 4H, scouts)</p>	<p>Water Dept</p>	<p>Children's groups at least once per year help distribute or display educational information</p>	<p>Although the Town did not complete any storm drain stenciling during Year 8, local youth groups have assisted the Town with storm drain stenciling in years past to educate the public and prevent illegal dumping into the storm drain system. In Year 8, the Town did obtain additional stencils from SuAsCo for their use.</p>	<p>The Town will continue to utilize local youth groups to assist with stenciling of catch basins in additional areas as resources allow.</p>
<p>Revised</p>					

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 9 (if applicable)
3A	REQUIRED: Illicit Discharge Bylaw / Regulatory Mechanism	Water Dept / Highway	Develop draft bylaw; involve and educate public, municipal officials, etc.	No additional changes were made to the Town's bylaw during Year 8 with respect to illicit discharge detection and elimination. Bylaw changes made in previous permit years include: LID/BMP Stormwater Manual developed and referenced in bylaws to maximize the attenuation and infiltration of stormwater; and Board of Health Reg. on floor drains in manufacturing facilities and containment areas.	Possible additional bylaw changes to promote better stormwater management
Revised		Water Dept has assumed lead role.			
3B	REQUIRED: Storm Drain Map	Highway	Compile existing record plans and surveyed data. Find and locate drainage outfalls in the field.	No additional mapping was completed in Year 8. In past permit years, 100% of available plans have been compiled onto a town-wide drainage system map so substantially all outfalls have been identified. Approx. 50% of structures have been located by GPS.	The Town will continue to map additional outfalls in urbanized areas as needed as a result of new construction.
Revised					
3C	REQUIRED: Illicit Discharge Detection and Elimination Plan	Highway	Determine Priority Areas and Discuss Plan Visually Screen Outfalls During Dry Weather (at least 20% each year)	Illicit discharges are reported to the Board of Health and the Water & Highway Departments follow-up to investigate the source of these discharges. The Highway Department visually screens drainage structures, including outfalls, for illicit discharges during annual cleaning.	The Town will continue to implement their IDDE Plan. The Town will also continue to visually inspect drainage structures for illicit discharges during routine cleaning & maintenance.
Revised					
3D	REQUIRED: Illicit Discharge Education for General Public & Businesses	Water Dept.	Include illicit discharge education in the community, business, and Littleton specific flyers.	In prior permit years, the Town completed stenciling of catch basins to educate the public and prevent illegal dumping into the storm drain system. The Town also has a hazardous materials program which includes collection of selected hazardous materials at the transfer station and an annual household hazardous waste day.	The Town will continue to stencil catch basins in additional areas as resources allow. The Town is in the process of revamping its Household Hazardous Waste Collection Program. A Regional Household Hazardous Waste Facility is expected to open in Devens in July 2011. It will allow hazardous waste to be collected up to 20 times per year at one central location.
Revised					
3E	REQUIRED: Illicit Discharge Education for Municipal Employees	Water Dept.	Include illicit discharge education in training under measure 6	During previous permit years, an Environmental Analyst for the Water Dept developed a spill response/containment plan for the LEL WD and Highway employees. This plan, which the Town continued to implement during Year 8, included mapping of the storm drain system on and around highways to determine the likely path that a spill would take if it were to occur on one of the major highways that go through Littleton. Mapping was completed by the Fire Dept. with assistance from Water Dept. GIS personnel.	The spill response/containment plan that was developed will continue to be implemented by the Town.
Revised					

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 9 (if applicable)
4A	REQUIRED: Construction Site Runoff Bylaw / Regulatory Mechanism	Water Dept / Planning	Initial discussions; Review current local/state regulations; Review proposed samples. Develop draft bylaw, involve and educate public etc. Implement bylaw by year 3.	At the May 5, 2007 Town Meeting, amendments to the Town's existing Zoning Bylaw were adopted. The Town incorporated by reference a Low Impact Design/Best Management Practices Manual into the bylaw. The Town continued to enforce this new section of their Zoning Bylaw that they adopted during Year 8.	The Town will continue to enforce this new section of their Zoning Bylaw that they adopted.
Revised					
4B	REQUIRED: BMP's for Construction Site Erosion, Sediment, and Waste Controls	Water Dept / Planning	Assess existing and brainstorm proposed. Prepare draft to include in bylaw. Implement bylaw by year 3.	See 4-A	See 4-A
Revised					
4C	REQUIRED: Construction Site Plan Review Procedures	Water Dept / Planning	Assess existing and brainstorm proposed Prepare draft to include in bylaw. Implement review by year 3.	See 4-A	See 4-A
Revised					
4D	REQUIRED: construction Site Inspection and Enforcement Procedures	Water Dept / Planning	Assess existing and brainstorm proposed Prepare draft to include in bylaw. Implement inspections by year 3.	See 4-A	See 4-A
Revised					
4E	REQUIRED: Response to Public – "Stormwater Hotline	Water Dept	Implement "storm water hotline". Advertise and test hotline. Implement hotline by year 3.	In Year 8, stormwater management issues remained the responsibility of the Highway and Water Departments through a 24-hour per day, 7-day per week call center. Illicit discharges were also reported to the Board of Health.	The Highway & Water Department will continue to operate their 24-hour per day, 7-day per week call center. The Board of Health will also continue to receive reports of illicit discharges.
Revised					

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 9 (if applicable)
5A	REQUIRED: Post-Construction Site Runoff Bylaw / Regulatory Mechanism	Water Dept / Planning	Initial discussion; Review current local/state regulations; Review proposed samples. Develop draft bylaw, involve and educate public. Float new bylaw by year 3 for one year comment period.	BMP Completed Year 5. At the May 5, 2007 Town Meeting, amendments to the Town's existing Zoning Bylaw were adopted. The Town incorporated by reference a Low Impact Design/Best Management Practices Manual into the bylaw. During Year 8, the Town continued to enforce this new section of their Zoning Bylaw that they adopted.	BMP Completed Year 5. The Town will continue to enforce this new section of their Zoning Bylaw that they adopted.
Revised					
5B	REQUIRED: Choose Structural and Non-Structural BMP's	Water Dept / Planning	Assess existing and brainstorm proposed. Prepare draft to include in draft bylaw. Implement bylaw in year 3.	BMP Completed Year 5. The Low Impact Design/Best Management Practices Manual incorporated by reference into the Town's Zoning Bylaw focuses on BMPs that minimize water quality impacts and maintain pre-development runoff conditions. During Year 8, the Town continued to enforce this new section of their Zoning Bylaw that they adopted.	BMP Completed Year 5. The Town will continue to enforce this new section of their Zoning Bylaw that they adopted.
Revised					
5C	REQUIRED: Long-Term BMP Operation and Maintenance Procedures	Water Dept / Planning	Assess existing and brainstorm proposed. Prepare draft to include in draft bylaw. Implement bylaw in year 3.	BMP Completed Year 5. The Low Impact Design/Best Management Practices Manual incorporated by reference into the Town's Zoning Bylaw requires on-going operation and maintenance of BMPs. During Year 8, the Town continued to enforce this new section of their Zoning Bylaw that they adopted.	BMP Completed Year 5. The Town will continue to enforce this new section of their Zoning Bylaw that they adopted.
Revised					
5D	REQUIRED: Structural BMP Implementation Procedures	Water Dept / Planning	Assess existing and brainstorm proposed. Prepare draft to include in the draft bylaw. Implement bylaw in year 3.	BMP Completed Year 5. The Low Impact Design/Best Management Practices Manual incorporated by reference into the Town's Zoning Bylaw focuses on structural BMPs that minimize water quality impacts and maintain pre-development runoff conditions. During Year 8, the Town continued to enforce this new section of their Zoning Bylaw that they adopted.	BMP Completed Year 5. The Town will continue to enforce this new section of their Zoning Bylaw that they adopted.
Revised					

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 9 (if applicable)
6A Revised	REQUIRED: Employee Training to Prevent/Reduce Stormwater Pollution	Highway / Water Dept.	Assess who, when, and what topics; Create schedule and checklist. Sample/test training.	No additional training was completed this year although DPW employees continue to implement required good housekeeping practices. During previous permit years, an Environmental Analyst for the Water Dept developed a spill response/containment plan for the Littleton Electric Light & Water Department and Highway employees. This plan, which the Town continued to implement during Year 8, included mapping of the storm drain system on and around highways to determine the likely path that a spill would take if it were to occur on one of the major highways that go through Littleton.	The spill response/containment plan that was developed will continue to be implemented by the Town.
6B Revised	REQUIRED: Maintenance/Inspection of Storm Sewers and Structural/Non Structural Controls	Highway	Develop New/Improved Schedules and Procedures. No change to existing operational procedures warranted.	The Town continued to maintain and inspect their storm drainage system, and make repairs as needed during Year 8. Catch basins are cleaned and streets were swept on an annual basis. Debris in catch basins has been reduced due to elimination of the use of sand as part of the Town's de-icing operations. The Town continued to sweep major roadways more than once per year on an as needed basis.	The Town will continue to maintain and inspect their storm drainage system, and make repairs as needed. Catch basins will continue to be cleaned and streets will be continued to be swept on an annual basis.
6C Revised	REQUIRED: Pollutant Source Reduction/Elimination from Municipal Facilities & Activities	Highway	Fully Implement proposed BMP's	BMP Completed Year 1. During Year 8, the Town continued to follow the SPCC Plan developed for the DPW Garage, maintain implemented BMPs and focus on reduction of pollutants generated from municipal facilities and activities.	BMP Completed Year 1. The Town will continue to follow the SPCC Plan developed for the DPW Garage, maintain implemented BMPs and focus on reduction of pollutants generated from municipal facilities and activities.
6D Revised	REQUIRED: Waste Disposal Procedures from Storm Sewers & Municipal Facilities/Activities	Highway	Assess existing waste disposal procedures. Develop draft procedures.	BMP Completed Year 3. In Year 8, the Town continued to follow their established waste disposal procedures for street sweeping and cleaning of their drainage system, which were previously evaluated and determined to be adequate.	BMP Completed Year 3. The Town will continue to follow their established waste disposal procedures for street sweeping and cleaning of their drainage system.
6E Revised	Reduction of Sand in De-icing Operations	Highway	Reduction/elimination of sand in de-icing operations to reduce street sweeping/catch basin waste.	In Year 8, the Town continued their use of sodium chloride with a magnesium chloride mixer for deicing. The use of sand in de-icing is no longer in use throughout Town. This has reduced the amount of sediment found in catch basins and the amount of sediment associated with street sweeping operations.	The Town will continue to use sodium chloride with a magnesium mixer for deicing.

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA) <<if applicable>>
