Part II. Self-Assessment

The Town of Marblehead Water and Sewer Commission has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions.

The Town has continued to implement the Best Management Practices (BMPs) outlined in its Stormwater Management Plan, and has made significant progress toward improving stormwater management in Marblehead. As discussed in detail for each BMP in Part III below, the Town has completed many BMPs. The Town has continued to operate under its existing permit conditions pending permit renewal.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Future Permit Years
1-1	Speakers for classroom discussion on tours.	Superintendent, Water and Sewer Commission	Call two schools per year to notify.	No activities were coordinated with the school system. The Department has developed a working relationship with the private organization Salem Sound	The Department abandoned its plans for coordination with the school system and focused on alternate approaches included here.
1-2	5-minute news spot produced and broadcast on local TV	Superintendent, Water and Sewer Commission	Conduct news spot. Scheduled for twice during permit term.	The Department has been unable to procure an appropriate video for placement on the Community Access Channel	The Department has and will continue to direct its effort toward printed informational material.
1-3	Staff community farm stand, distribute information	Superintendent, Water and Sewer Commission	Staff farm stand one day per year.	The Department maintained a booth at the annual farmers market. The Department has also attended a local green fair.	This function will continue as staff and funding allows.
1-4	Brochures available at DPW and Public Library	Superintendent, Water and Sewer Commission	Make two different brochures available.	Brochures are available. The Department has added brochures related to greenscaping.	Continue stocking and displaying brochures.

1a. Additions

	Community Outreach Through participation in Greenscapes	Superintendent, Water and Sewer Commission	Coalition Membership	Department has provided support and on site promotion of Greenscapes. Program promotes appropriate land management techniques to conserve water and reduce run off contaminant loading	Continued community membership and support
--	---	--	----------------------	--	--

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Future Permit Years
2-1	Follow public notification guidelines for public meetings.	Superintendent, Water and Sewer Commission	Post meeting notices.	Post meeting notices.	Continue to post meeting notices.
2-2	Annual Household Hazardous Waste Collection Day and Used Oil Collection	Director, Board of Health	1 haz. Waste day per year; 2 oil collection days per year.	Held two hazardous waste and used oil collection days.	This function will continue as staff and funding allows.
2-3	Youth group stenciling	Superintendent, Water and Sewer Commission	50 catch basins stenciled per year for 2 years.	The Town has been unable to secure the materials or manpower to complete this task.	The Town is redirecting their efforts through the balance of the task items and public education and outreach.
2-4	Seedlings to youth group for planting	Recreation, Parks and Forestry Dept.	10 seedlings per year for 2 years.	Fifty trees were planted in the Town conservation and park area as part of an ongoing reforestation program.	This function will continue as staff and funding allows.

2a. Additions

	None
