Printed Name: Charles Blanchard

Title: Town Manager

Date: 4/20/12

Part II. Self-Assessment

The Town of Palmer submits this Annual Report for the ninth year of activities associated with Palmer's NPDES permit for stormwater discharges, defined as the period of April 2011 through March 2012. This report is for the time period that reflects the seventh full year of the Town Council and Town Manager form of Government.

During Permit Year 9, the Town received Community Development Block Grant funds and continues to improve the stormwater infrastructure around town. The Town continues to seek funding to support stormwater protection. As the Town has been able to appropriate funds for this purpose, several planned activities have been scaled back or postponed; however, others are moving forward as planned. The community continues to work for proactive management of stormwater issues through town events and publicly available education.

The Town continues to monitor the websites of regulatory agencies for the issuance of the 2011 Small MS4 General Permit. When this General Permit is issued, the Town will evaluate the new requirements and identify the highest priority compliance issues. The Town intends to prepare a Notice of Intent for coverage under the 2011 General Permit.

The Town is amplifying and expanding its effort in the area of catch basin and street cleaning. The Town will continue this program into the future, irrespective of the extent of winter road treatment requirements.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 9 (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Create Stormwater Program	Public Works Planning Board Conservation Commission Board of Health Town Manager	Palmer will present to the public at public meeting Palmer's Comprehensive Stormwater Management Program	Palmer has developed two Stormwater Ordinances, which were presented public hearings on July 14, 2008 (Projects greater than one acre) and February 9, 2009 (Projects less than one acre).	Palmer will continue to evaluate its Stormwater Ordinances and adjust them to provide adequate protection of local bodies of water.
Revised	Create Stormwater Program	Town Manager Public Works	Palmer will identify appropriate sources of funding assistance (SRF, 319 Grant Program, 604(b) Grant Program, Lakes & Ponds Grant Program) and apply for assistance in implementing portions of Palmer's Comprehensive Stormwater Management Program, including public education and outreach	The Town received Community Development Block Grant funds for an infrastructure redevelopment project on Crest St and Hill St. that included storm drains, water, sewer, streets and sidewalks. This project has been designed and will be constructed in 2012.	Palmer will continue to identify funding opportunities to support its protection of local bodies of water.

<p>Address Specific Groups</p>	<p>Town Manager Public Works Conservation Commission</p>	<p>Distribute EPA and other relevant educational brochures to targeted audiences. Distribution points include Town Hall, Library and Transfer Station, Conservation Commission will sponsor biodiversity days at Palmer High School</p>	<p>The Town has received EPA educational material on disk for easy printing and distribution.</p> <p>Brochures regarding stormwater and sewers are available at the Palmer Town Building, Senior Center, Library and Recycling center.</p>	<p>The Town will continue to offer current educational materials to the public on the protection of its water bodies.</p>
<p>Revised</p>	<p>Town Manager Public Works</p>	<p>Brochures targeting specific audiences and activities will be available. These target groups include homeowner and lawn maintenance activities, disposal of household waste, and pet maintenance</p>	<p>The Town of Palmer has available the following brochures: Watch Your Waste prepared by MADEP, door hangers A Guide to Your Building's Recycling Program prepared by MADEP.</p> <p>Water Department posts Water Conservation Tips on the town website, including measures to reduce outdoor waste. Announcements of events concerning leaf disposal and composting are also posted on the town website and attached to this report.</p> <p>The Town's Highway Department also posts education links and announcements for lead disposal on their website.</p>	<p>The Town will continue to make these and other material available.</p>
<p>Revised</p>	<p>Town Manager MIS Department</p>	<p>Palmer will post links to stormwater BPMs and other water quality education resources, including EPA and DEP on its website: www.townofpalmer.com</p>	<p>Palmer has identified an posted links to EPA and DEP stormwater regulations and other water quality education resources on its website: www.townofpalmer.com</p> <p>The Town's website includes links to local water departments and water quality reports.</p>	<p>Palmer will continue to locate new educational sources to post to its website as well as maintain the links to current resource materials.</p>

Identify alternative information sources	Town Manager MIS Department	Palmer will also post links on its website to the Chicopee River Watershed Association @ www.chicopeeriver.org , Public Meeting notice for the meeting to review Palmer's Comprehensive Stormwater management Program will be posted on Palmer's website	The Town of Palmer's webmaster is in the process of identifying local watershed links to post to its website. Palmer will then review additional links for relevancy when located.	This effort will continue into 2013.
Utilize local public access channel	Town Manager	The Town of Palmer will appoint a liaison to the Chicopee River Watershed Council to disseminate information to the Town on programs and activities	Public meeting notices were posted on the town website and the public meetings reviewing Palmer's Comprehensive Stormwater Management Program (held July 14, 2008 and February 9, 2009) aired on Palmer's local access channel.	The town continues to post announcements for public forums regarding stormwater on their website; such announcements are attached to this report.
Develop, conduct and document educational programs	Town Manager Liaison	The Town of Palmer will work with the Town of Monson and the Board of Health to continue to sponsor Regional Hazardous Waste Collection Days.	Due to budget constraints, the Town of Palmer has not appointed a liaison to the Chicopee River Watershed Council.	Volunteers will be sought for this role.
Promote Household Waste Recycling	Public Works Board of Health		Palmer holds monthly Recycling Events the first Saturday of each month, published on the town website. A recycling announcement posted to the town's website, along with a typical month's calendar showing the monthly recycling event, are attached to this report. The Town of Palmer maintains an ongoing partnership with the Town of Wilbraham for Hazardous Waste Collection. Every September there is a multi-community event for hazardous waste. Palmer participated in 2011 and plans to remain involved.	Palmer will continue to hold and advertise monthly Recycling Events as well as continue the multi-community partnership for Hazardous Waste Collection.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 9 (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Storm drain stenciling	Public Works	Palmer will work with local lake and Scout groups to develop a stenciling program. Stenciling will target Palmer's subwatersheds.	Stenciling was completed during the original 5-year permit term; No additional activities took place this permit year.	The Town will continue to identify and support watershed protection activities involving local student and community groups.
Revised	Community clean-ups	Public Works Conservation Commission	Town of Palmer will encourage local stream team cleanups with local residents and area Scout groups. Town will provide solicitation of sponsors and notice of events on local access channel and website	<p>The Palmer United Booster Club of Palmer High School worked with Green Monster Recycling to hold an Earth Day Cleanup in April.</p> <p>The Hampden County Sheriff's Department provides manpower for riverbank cleanups several times a year. The Palmer DPW provides trucks for waste pickup.</p> <p>Local Boy Scouts clean up the banks of at least one river or stream each year.</p> <p>Palmer Events Planning hosted a Pickup Palmer Day in May.</p>	The Town continues to support and encourage local cleanups with local residents.
Revised	Community clean-ups	Public Works	Town will provide trucks and other material to support cleanup efforts and disposal of materials.	<p>The Town of Palmer accepts yard waste and materials from town cleanup efforts at the Burleigh Park composting site and at the town DPW yard.</p> <p>The Palmer DPW provides transportation for waste pickup during school-based Earth Day cleanups.</p>	The Palmer DPW supports residents in picking up garbage from streets, curbs, sidewalks and drainage areas along roadways, and will continue to support community cleanup efforts.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 9 (Reliance on non-municipal partners indicated, if any)	Planned Activities
	Inventory and mapping of storm drain system	Public Works	Palmer will identify appropriate sources of funding assistance (SRF, 319 Grant Program, 604 (b) Grant, Lakes & Ponds Grant Program, Source Water Protection Grant Program, Recycling Grant Program) and apply for assistance in implementing portions of Palmer's Comprehensive Stormwater Management Program, including public education and outreach.	No funds were identified this year.	The Town of Palmer along with the Conservation Commission will continue to seek funding opportunities to support its protection of local bodies of water.
Revised					
	Mapping and identification of outfalls and receiving waters.	Public Works Board of Assessors	Palmer will develop and implement a plan to map all outfalls and receiving bodies of water, contingent on Town Council approval of funding.	All known outfalls within Palmer's CSO area were mapped during the original 5-year permit term and are inspected annually to make sure they are in proper working condition. Palmer's Wastewater Treatment Plant personnel maintain the outfall maps that have been completed	The Town will continue to monitor for unknown outfalls and maintain all known outfalls in the CSO area
Revised					

Revised	Identification/description of problem areas	Public Works	Palmer will develop and implement an Illicit Discharge Detection and Elimination (IDDE) plan, contingent on Town Council approval of funding	Palmer developed an Illicit Connections and Discharges to the Municipal Storm Drain Ordinance, which was presented at a public hearing on July 14, 2008 and was passed by the Town Council on August 11, 2008. Palmer's Wastewater Treatment Plant personnel perform quarterly inspection of CSO outfalls and outfalls that were abandoned during or prior to the Town's CSO separation project. Suspended flows are immediately investigated for source identification and removal.	Quarterly inspections on all CSO outfalls and outfalls abandoned during or prior to the Town's CSO separation project will continue.
Revised	Enforcement procedures addressing illicit discharges	Planning Board Town Council Board of Health	Palmer will review whether local authority is appropriate and able to respond to potential illicit discharges. New ordinances, if necessary, will be proposed to Town Council.	The Town has local regulations prohibiting illicit discharges into the storm drain system	The Town will continue to enforce and critique its illicit discharge regulations.
Revised	Public information program regarding hazardous wastes and dumping	Public Works Board of Health	Palmer will provide educational brochures to residents promoting proper disposal household hazardous wastes and conditions for regional collections	The Town maintains an active partnership with Wilbraham for disposal of household waste.	This partnership with Wilbraham will continue into the future.

	Initiation of recycling programs	Public Works Board of Health	Palmer will apply for funding assistance from DEP's Recycling Grant Program for assistance in public education and in the purchase of recycling materials.	The Town of Palmer utilized printed materials from MADEP to encourage recycling by Palmer residents and businesses.	The Town will continue to identify funding sources and opportunities to encourage recycling.
	Watershed assessments and studies	Public Works Conservation Commissions Board of Health	Palmer will identify opportunities for funding assistance from DEP's 604(b) and 319 grant programs and the Department of Environmental Management's Lakes and Ponds Grant Program to support watershed assessment and implementation activities. Tasks can include design and installation of stormwater BMPs and public outreach including storm drain stenciling. Emphasis will be on assessments and remediation of stormwater related problems.	Palmer continues to identify funding opportunities to support its protection of local bodies of water.	There is potential that limited funding for a watershed assessment is forthcoming from a program initiated from the Pioneer Valley Planning Commission (PVPC).

<p>Watershed assessments and studies</p>	<p>Public Works Palmer Water & Fire Districts</p>	<p>The Town of Palmer will encourage the Palmer Water Districts to apply for funding assistance from DEP's Source Water Protection Program for grant assistance to develop wellhead protection plans and stormwater management plans within Zone II. These plans can include stormwater management programs. The proposed tasks will include a public education component.</p>	<p>Palmer implemented town-wide Storm Water Management Plans during Permit Year 6.</p>	<p>The Town of Palmer will continue to encourage the Water Districts to seek funding for individual Zone II Storm Water Management Plans.</p>
<p>Revised</p>				

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 9 (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Ordinance: Storm water management regulations for construction sites 1 acre or larger	Planning Board Conservation Commission Town Council Board of Health Zoning Board of Appeals	Palmer will review model ordinances developed by DEP in consultation with the Attorney General's Office.	Storm Water Management regulations were passed during Permit Year 6.	No additional action is planned for the BMP.

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 9 (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Ordinance: Require post-construction runoff controls	Planning Board Conservation Commission Town Council Board of Health Zoning Board of Appeals	Palmer will review model ordinances developed by DEP in consultation with the Attorney General's Office.	The Planning Board rules and regulations for all new developments require a stormwater management plan during and post construction	No additional action is planned for this BMP.

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 9 (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Develop a municipal Operations and Maintenance Plan	Public Works	Using regulations from DEP and EPA, Palmer will develop and update an operations and maintenance plan to include proper disposal of street sweepings, catch basin cleanout, snow disposal, roadway deicing procedures, vehicle washing, and outside storage of materials.	A formal O&M plan is still being developed in Permit Year 8 and beyond. Street sweeping occurs from April to October each year. Palmer's DPW cut down the rate of salt and sand over the permit year during winter perception to limit the amount of material buildup during spring melt. The winter of 2010-2011 was, however very intensive as to road treatment and plowing needs.	The Town of Palmer's DPW and WWTP personnel will continue their efforts to finalize the O&M Plan.
Revised	Develop a municipal Operations and Maintenance Plan	Public Works	Palmer will implement a formal inspection program, including maintenance logs and scheduling, for catch basin cleaning, repairs, and new installation.	A formal inspection is being developed as part of the formal O&M Plan. Palmer owns a vacuum truck, which is used by the DPW and WWTP personnel for catch basin cleaning on a daily basis. Structural conditions or suspended illicit discharges are noted for future maintenance or follow-up action respectively. Palmer's DPW performs manhole inspections on a regularly scheduled basis and records results per MIIA recommendations.	Palmer will continue its current inspection and cleaning routine while the O&M Plan is being developed
Revised					

Revised	Develop and implement training programs for municipal employees	Public Works	Palmer will send a minimum of 3 public works employees annually to training seminars sponsored by MassHighway, BayState Roads, and other relevant agencies or vendors.	During the past year, DPW employees have participated in the following training sessions: Flagmen training, hot mix asphalt inspection, dig-safe training and NEWEA specialty conferences.	The Town will continue to send employees to relevant training seminars and forums.
Revised	Review storm drainage infrastructure needs	Public Works	Palmer will incorporate storm drain infrastructure review in Palmer's Chapter 90 project utilization	In conjunction with the CSO Phase IV project, the Town of Palmer has installed over 25 new catch basins for stormwater maintenance. The Town has also repaired, substantially replaced or installed new drainage structures, numbering approximately 35 in Permit Year 8.	Resurfacing will be done with Chapter 90 funds as the CSO project progresses. Palmer will continue to identify opportunities for storm sewer infrastructure improvements in connection with Chapter 90 projects.

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA) << if applicable >>

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 9 (Reliance on non-municipal partners indicated, if any)	Planned Activities

Part IV. Summary of Information Collected and Analyzed

Part V. Program Outputs & Accomplishments (OPTIONAL)

(Since beginning of permit coverage unless specified otherwise by a **, which indicates response is for period covering April 1, 2010 through March 31, 2011)

Programmatic

	(Preferred Units)	Response
Stormwater management position created/staffed	(y/n)	
Annual program budget/expenditures **	(\$)	
Total program expenditures since beginning of permit coverage	(\$)	
Funding mechanism(s) (General Fund, Enterprise, Utility, etc)		

Education, Involvement, and Training

Estimated number of property owners reached by education program(s)	(# or %)	70%
Stormwater management committee established	(y/n)	NO
Stream teams established or supported	(# or y/n)	NO
Shoreline clean-up participation or quantity of shoreline miles cleaned **	(y/n or mi.)	1.5 Mi
Shoreline cleaned since beginning of permit coverage	(mi.)	
Household Hazardous Waste Collection Days		
▪ days sponsored **	(#)	0
▪ community participation **	(# or %)	Regional
▪ material collected **	(tons or gal)	Not Tracked
School curricula implemented	(y/n)	No

Legal/Regulatory

In Place Prior to Phase II	Reviewing Existing Authorities	Drafted	Draft in Review	Adopted
Regulatory Mechanism Status (indicate with "X")				
				X
				X
				X
Accompanying Regulation Status (indicate with "X")				
				X
				X
				X

Mapping and Illicit Discharges

	(Preferred Units)	Response
Outfall mapping complete	(%)	100%
Estimated or actual number of outfalls	(#)	24
System-Wide mapping complete (complete storm sewer infrastructure)	(%)	25%
Mapping method(s)		
▪ Paper/Mylar	(%)	
▪ CADD	(%)	
▪ GIS	(%)	25% Updated
Outfalls inspected/screened **	(# or %)	100%
Outfalls inspected/screened (Since beginning of permit coverage)	(# or %)	
Illicit discharges identified **	(#)	
Illicit discharges identified (Since beginning of permit coverage)	(#)	
Illicit connections removed **	(#); and (est. gpd)	
Illicit connections removed (Since beginning of permit coverage)	(#); and (est. gpd)	
% of population on sewer	(%)	80%
% of population on septic systems	(%)	20%

Construction

	(Preferred Units)	Response
Number of construction starts (>1-acre) **	(#)	0
Estimated percentage of construction starts adequately regulated for erosion and sediment control **	(%)	N/A
Site inspections completed **	(# or %)	0
Tickets/Stop work orders issued **	(# or %)	0
Fines collected **	(# and \$)	0
Complaints/concerns received from public **	(#)	0

Post-Development Stormwater Management

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	(%)	100%
Site inspections (for proper BMP installation & operation) completed **	(# or %)	100%
BMP maintenance required through covenants, escrow, deed restrictions, etc.	(y/n)	
Low-impact development (LID) practices permitted and encouraged	(y/n)	

Operations and Maintenance

Average frequency of catch basin cleaning (non-commercial/non-arterial streets) **	(times/yr)	2
Average frequency of catch basin cleaning (commercial/arterial or other critical streets) **	(times/yr)	4
Qty of structures cleaned **	(#)	500
Qty. of storm drain cleaned **	(%, LF or mi.)	3 Mi.
Qty. of screenings/debris removed from storm sewer infrastructure **	(lbs. or tons)	150+
Disposal or use of screenings (landfill, POTW, compost, beneficial use, etc.) **	(location)	Landfill, Compost

Basin Cleaning Costs		
• Annual budget/expenditure (labor & equipment)**	(\$)	
• Hourly or per basin contract rate **	(\$/hr or \$ per basin)	0
• Disposal cost**	(\$)	0
Cleaning Equipment		
• Clam shell truck(s) owned/leased	(#)	1
• Vacuum truck(s) owned/leased	(#)	
• Vacuum trucks specified in contracts	(y/n)	
• % Structures cleaned with clam shells **	(%)	
• % Structures cleaned with vector **	(%)	

	(Preferred Units)	Response
Average frequency of street sweeping (non-commercial/non-arterial streets) **	(times/yr)	4, April – November
Average frequency of street sweeping (commercial/arterial or other critical streets) **	(times/yr)	5, April – November
Qty. of sand/debris collected by sweeping **	(lbs. or tons)	1,200 Tons
Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.) **	(location)	Landfill, Compost
Annual Sweeping Costs		
• Annual budget/expenditure (labor & equipment)**	(\$)	
• Hourly or lane mile contract rate **	(\$/hr. or In mi.)	
• Disposal cost**	(\$)	
Sweeping Equipment		
• Rotary brush street sweepers owned/leased	(#)	1
• Vacuum street sweepers owned/leased	(#)	
• Vacuum street sweepers specified in contracts	(y/n)	
• % Roads swept with rotary brush sweepers **	%	100%
• % Roads swept with vacuum sweepers **	%	

Reduction (since beginning of permit coverage) in application on public land of:
 ("N/A" = never used; "100%" = elimination)

▪ Fertilizers	(lbs. or %)	5%
▪ Herbicides	(lbs. or %)	10%
▪ Pesticides	(lbs. or %)	N/A
Integrated Pest Management (IPM) Practices Implemented	(y/n)	No

	(Preferred Units)	Response
Average Ratio of Anti-/De-Icing products used ** (also identify chemicals and ratios used in specific areas, e.g., water supply protection areas)	% NaCl % CaCl ₂ % MgCl ₂ % CMA % Kac % KCl % Sand	
Pre-wetting techniques utilized **	(y/n or %)	Yes
Manual control spreaders used **	(y/n or %)	No
Zero-velocity spreaders used **	(y/n or %)	Yes
Estimated net reduction or increase in typical year salt/chemical application rate	(±lbs/ln mi. or %)	30%
Estimated net reduction or increase in typical year sand application rate **	(±lbs/ln mi. or %)	
% of salt/chemical pile(s) covered in storage shed(s)	(%)	30%
Storage shed(s) in design or under construction	(y/n or #)	Yes
100% of salt/chemical pile(s) covered in storage shed(s) by May 2008	(y/n)	

Water Supply Protection

Storm water outfalls to public water supplies eliminated or relocated	# or y/n	
Installed or planned treatment BMPs for public drinking water supplies and their protection areas	# or y/n	
<ul style="list-style-type: none">• Treatment units induce infiltration within 500-feet of a wellhead protection area	# or y/n
