Printed Name: Jan Adamski

Title: Hatfield Board of Selectmen, Chairman

Date: 4/30/2013

Part II. Self-Assessment

The Town of Hatfield, Massachusetts has continued implementation of its Phase II Program. Hatfield continued public education efforts by providing a flyer for residents at the Town Hall. The website is currently under revision, and will provide additional information on stormwater for download as well as links to applicable websites when complete. The Town also encourages participation in the Source to Sea program to clean up the Connecticut River banks.

Stormwater outfall and structure mapping is approximately 95% complete within the Urbanized Area (UA). As additional outfalls and structures are located, they are added to the map as required. Town departments have continued to have discussions with GIS representatives with hopes of mapping additional Town infrastructure as budget allows. To date, no evidence of illicit discharges has been found. An Illicit Discharge Program was also developed during past years and incorporated into the Hatfield Department of Public Works (DPW) Rules and Regulations. Should any complaints regarding illicit discharge or stormwater complaints be received, the appropriate Town department follows up on the complaint and takes measures to address the problem if required.

The Hatfield Zoning Board has adopted a Stormwater Management Zoning Bylaw to reflect current EPA Rules and Regulations, and require typical Best Management Practices (BMPs) to be employed during project design and construction. At a minimum, erosion and sediment controls are required during construction for all projects greater than 1 acre in size, and post-development runoff rates must be maintained at pre-development levels for up to the 10-year storm. Bylaws also require site plan review and several onsite inspections throughout the construction process. Enforcement of rules and bylaws continues by the appropriate Town department as necessary.

Finally, good housekeeping techniques such as catch basin cleaning and street sweeping are performed as required, beginning in high priority areas such as commercial areas and areas prone to sediment accumulation, and progressing through lower priority areas.

In accordance with the NPDES Phase II Stormwater requirements, the following topics were evaluated for the completion of the Annual Report:

- 1. Compliance with the Phase II Permit Conditions
2. Appropriateness of the Selected BMPs
3. Progress Towards Achieving the Program's Measurable Goals
4. Results of Any Information that has been Collected and Analyzed
5. Activities for the Next Reporting Cycle
6. Changes in Identified BMPs or Measurable Goals

The Town has determined that our municipality is in compliance with all permit conditions.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
1A Revised	Educational displays	DPW / James Reidy DPW	Poster / town hall Display Educational Display at Town Hall	A stormwater brochure was made available at the Town Hall as outlined under BMP 1D.	Continue to provide educational material for the public at the Town Hall. Review opportunities for additional brochures and flyers in conjunction with BMP 1D.
1B Revised	Community Website & Hotline	DPW / James Reidy DPW	Number of calls Stormwater information posted on the Town website	The website is undergoing a formatting change to include stormwater-related information for download.	The website is undergoing a formatting change, and will include additional information such as links to applicable bylaws and links to applicable EPA and MassDEP websites when completed.
1C Revised	Local Cable Access	DPW / James Reidy DPW	Informational bulletins Meet with other organizations on stormwater related items	The DPW meets with the Board of Selectmen, Planning Board, Conservation Commission and other Town boards and departments on stormwater as necessary. Selectmen meetings are televised on the local cable access channel.	Continue to broadcast Town meetings on the local cable access channel.
1D Revised	Informational Pamphlets	DPW / James Reidy DPW	Mailing to households Provide informational flyers to residents	An educational stormwater brochure was made available at the Town Hall. The brochure covers hazardous waste, fertilizer usage, illicit discharge information, pet waste disposal, and general stormwater facts applicable to homeowners. As development in Hatfield is almost exclusively residential in nature, audiences such as commercial and industrial were not targeted.	Continue to make informational pamphlets available to the public at the Town Hall. Review opportunities to provide additional public information and perform a mass mailing as budget allows.
1E Revised	Hazardous Waste Collection Day	DPW / James Reidy DPW	Participation by residents 1 HHW collection day available per year	Hatfield contracted with Northampton to allow its residents to participate in the HHW Collection Day held in May 2012. Informational handouts and applications were made available at the Town Hall & the Transfer Station.	Hatfield will participate in Northampton's HHW Collection Day in May 2013. Continue to make informational handouts and applications available to the public.

1a. Additions.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
1F Revised	Healthy Lawns and Landscapes	DPW / James Reidy DPW	1 Workshop per year	Due to budgetary constraints, the Healthy Lawns and Landscapes workshop was not held this year.	Offer educational workshops to the public pending available budget and manpower.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
2A Revised	Adopt-A-Stream	DPW James Reidy DPW	Scout troops involvement Host at least 1 event per year	Worked with local Cub Scouts as part of a Fall cleanup program to continue the Source to Sea program administered by the Connecticut River Watershed Council to remove trash and debris from various locations along the Connecticut River banks.	Continue to plan cleanup efforts along the Connecticut River banks with local Cub Scouts, currently scheduled for October 4 and 5, 2013.
2B Revised	Community Hotline	DPW James Reidy DPW	Number of calls Contact information posted on Cable TV and website	Contact information for each Town department and board is posted on the Town website and periodically posted on the local cable access channel. Calls received from the public are handled as outlined in BMPs 3F and 4E.	Continue to provide contact information on the cable channel and Town website.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
3A Revised	Mapping of Outfalls Mapping Stormwater Outfalls	DPW / B Lehmann / W Young DPW	50% 2003, 75% 2004, 100% 2005 Map all urbanized area outfalls by Year 5	Approximately 95% of the Town's urbanized area outfalls and drainage system has been mapped to date. No additional structures were mapped during Permit Year 10.	Continue to gather information on the Town's drainage system and update the map with any newly installed or located structures as required.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
3B Revised	Develop Illicit Discharge Program	DPW / W Young DPW	Draft year 3, vote year 4, implementation year 5 New bylaw by year 5	Continued enforcement of the Illicit Discharge Program, developed during previous years with the Pioneer Valley Planning Commission. Any suspected illicit discharges are investigated by the DPW, Board of Health and/or other appropriate Town department. To date, no illicit discharges have been located.	Continue enforcement of the Illicit Discharge Program. Continue monitoring for illicit discharges as part of routine DPW operations. Follow up on any suspected illicit discharges, and remove any located.
3C Revised	Non-Stormwater Ordinance Non-Stormwater Bylaw	DPW / Health Department / Building Department	Vote year 3, implementation years 4 and 5 New bylaw by year 5	A bylaw was adopted as part of the zoning bylaws that prohibits non-stormwater discharges into the MS4, surface waters and groundwater.	Continue enforcement of the bylaw prohibiting illicit discharges to the MS4 and other waters.
3D Revised	Illegal Dumping	DPW / Health and Building Department DPW, Police, Board of Health	Decrease in items by year 5 Address all illegal dumping complaints	The Town DPW, Police, and Board of Health have worked together to identify illegal dumping activities and fine those responsible as feasible. DPW has picked up the illegally dumped trash and signs have been posted in problem dumping areas.	Continue efforts to identify illegal dumping activities and fine those responsible.
3E Revised	Recreational Wastewater	DPW	No illegal dumping No illegal dumping of RV wastewater	Hatfield residents are allowed to dump their Recreational Vehicle wastewater, free of charge, at the Town's Wastewater Treatment Facility.	Continue to assure that Hatfield residents are able to use the Town's Wastewater Treatment Facility for disposal of RV wastewater.

3a. Additions.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Next Permit Term
3F	Establish a Procedure for Receipt of Public Complaints	DPW	Receive and follow-up on public complaints	Calls to the DPW regarding suspected illicit discharges are investigated by DPW personnel. Contact information is provided on the Town website. Appropriate follow-up actions are taken, including contacting other Town departments such as the Board of Health if required.	Continue to follow-up on any calls or complaints received.
Revised					

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
4A	Construction Runoff Ordinance	Planning Board / Corey Bardwell / DPW	Town By-Law Adopted May 2003	The Town adopted a "Stormwater Management" bylaw as part of the zoning bylaws on May 13, 2008, as well as several other provisions of the zoning bylaws that govern erosion controls. In part, bylaws require projects disturbing greater than 1 acre to provide erosion control devices during construction to prevent erosion of the project area and sedimentation of the MS4 and/or surface waterbodies.	Continue to enforce the "Stormwater Management" bylaw requirements, as well as other zoning bylaws governing erosion protection.
Revised	Construction Stormwater Control Bylaw	Planning Board	Stormwater Management bylaw adopted	The "Stormwater Management" bylaw requires that projects disturbing more than one acre submit a stormwater management plan to the Planning Board for review and approval. The Planning Board and Conservation Commission then conduct a review to ensure the project design is acceptable.	Continue to perform site plan review as outlined in the "Stormwater Management" bylaw.
4B	Plan Review	Planning Board / Corey Bardwell / DPW	Specifications		
Revised		Planning Board / Conservation Commission	Conduct site plan reviews as required		

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
4C Revised	Inspection/ Reporting Perform On-Site Inspections	DPW / Health & Building Department DPW, Planning Board, Conservation Commission, Zoning Board	Annual report filed Inspect all construction sites as required	The "Stormwater Management" bylaw requires several on-site inspections be performed. Inspections include an initial inspection prior to plan approval and an erosion control inspection to ensure erosion control practices are in place and functioning. The Zoning Board, DPW, Board of Health, or other applicable Town department conduct inspections as required. Project plans are reviewed as outlined in BMPs 4B and 5B, while site visits are conducted as outlined in BMPs 4C and 5E.	Continue to perform onsite inspections as outlined in the "Stormwater Management" bylaw. Continue conducting plan reviews and site inspections.
4D Revised	Building Permit Requirement	Planning Board / Building Department	Site visits of property		

4a. Additions.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Next Permit Term
4E Revised	Establish a Procedure for Receipt of Public Complaints	DPW	Receive and follow-up on public complaints	Any calls or complaints concerning flooding, erosion control, or the MS4 system are forwarded to the DPW for investigation personnel. Contact information is provided on the Town website. Appropriate follow-up actions are taken, including contacting other Town departments such as the Zoning Board and Conservation Commission if required.	The DPW will continue to receive and follow-up on any calls or complaints received. Document and tract any actions taken.

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
5A Revised	Post Construction Runoff Ordinance Post Construction Stormwater Control Bylaw	Master Planning Committee / Planning Board Zoning Board	Town By-Law Stormwater Management bylaw adopted	The Town adopted a "Stormwater Management" bylaw as part of the zoning bylaws on May 13, 2008. In part, the bylaw requires projects disturbing more than one acre to maintain post development peak discharges for up to the 10-year storm at pre-development rates. The bylaw also outlines several best management practices such as infiltration and groundwater recharge.	Continue to enforce the "Stormwater Management" bylaw requirements.
5B Revised	Construction Site Plan Review Plan Review	Planning Board / Conservation Commission	Ordinance adopted May 2003 Conduct site plan reviews	The "Stormwater Management" bylaw requires that projects disturbing more than one acre submit a stormwater management plan to the Planning Board for review and approval. The Planning Board and Conservation Commission then conduct a review to ensure the project design is acceptable.	Continue to perform site plan review as outlined in the "Stormwater Management" bylaw.
5C Revised	Stormwater System Maintenance Plan	DPW / James Reidy DPW	By-Law adopted 4th year Require an inspection and maintenance agreement	Prior to issuing a construction permit, the Planning Board requires that an inspection and maintenance agreement be prepared to ensure proper maintenance of the stormwater system. This agreement requires that the system be adequately maintained and repaired as needed, and that a maintenance schedule be developed.	Continue to require inspection and maintenance agreements to be prepared and followed as required under the "Stormwater Management" bylaw.
5D Revised	Training of Town Officials Training for Town Staff on New Bylaw	DPW / Master Planning Committee	Annual event Town staff training provided	Applicable Town department staff has been made familiar with the "Stormwater Management" bylaw, in particular, the Zoning Board, Planning Board, Conservation Commission, and Department of Public Works. Training is typically given to those individuals responsible for implementing and enforcing the bylaw.	Update applicable staff on bylaw changes should any be made.

5a. Additions.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
5E	Perform On-Site Inspections	DPW, Planning Board, Conservation Commission, Zoning Board	New By-Law to be adopted in Year 5. Inspect all construction sites as required	The "Stormwater Management" bylaw requires that several on-site inspections be performed. Inspections include a construction inspection to ensure proper construction and a final inspection to ensure that the system is functioning properly. The Zoning Board or other applicable Town department will conduct the above inspections as needed.	Continue to perform onsite inspections as outlined in the "Stormwater Management" bylaw.
Revised					

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
6A	Municipal Maintenance Activity Program	DPW / James Reidy DPW	Monitor compliance and revise policies	In-house DPW meetings were held to discuss the Municipal Maintenance Activity Program as part of routine operations. DPW staff and additional Town departments coordinate as necessary.	Continue to hold periodic meetings and make progress on the Municipal Maintenance Activity Program.
6B	Training of All Municipal Employees	DPW / Selectmen	Annual training session 1-5 Conduct annual training	DPW employees received informal annual stormwater training as part of their training procedures during routine operations. In part, training included pollution prevention techniques, stormwater system cleaning procedures, how to spot illicit discharges, etc.	Continue the current DPW employee training program.
6C	Stormwater Pollution Prevention Plan / MSGP	DPW	(none listed) SWPPP for Transfer Station & Highway Garage in Year 1	A SWPPP has been completed for the Transfer Station & Highway Garage. SWPPP procedures were followed during facility operations.	Continue to enforce the SWPPP and update the document as needed. Conduct employee training for pollution prevention and good housekeeping.
Revised					

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
6D Revised	Catch Basin Cleaning Program	DPW	33% of town each year Clean at least 33% of Town catch basins each year	Catch basins were cleaned during the Spring of 2013 by an outside cleaning service, with the high priority downtown area cleaned first and more frequently.	Continue the current catch basin cleaning program. Clean high priority basins more frequently as needed.
6E Revised	Street Cleaning Procedures Street Sweeping and Cleaning	DPW / Hwy / Bill Young DPW	Internal audit Sweep streets each year	Streets were swept as necessary during the Spring of 2013 at the conclusion of winter sanding operations, with the high priority downtown area swept first and more frequently.	Continue the current street sweeping program. Clean high priority streets more frequently as needed.

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA) <<if applicable>>

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 10	Planned Activities – Next Permit Term
7A Revised	TMDL for Receiving Waters Evaluate TMDL Studies & Status of Town BMPs to Address Impaired Waters	DPW / Master Planning Committee DPW	Testing Summary of pollution prevention efforts, future needs, and responsible parties.	To date, the only TMDL relevant to Hatfield is the Connecticut River Watershed 2003 Water Quality Assessment Report. The report does not outline any specific requirements to Hatfield. The next steps for developing a water quality strategy are pending the reissuance of the Phase II Permit.	Review the pending Phase II Permit and develop an implementation strategy to meet applicable TMDLs goals as necessary.

7b. WLA Assessment

The MassDEP final 2010 303(d) Integrated List of Waters lists two waterbodies within Hatfield: the Mill River (MA34-24), listed as a Category 2 (Attaining Some Uses; other Uses Not Assessed), and the Mountain Street Reservoir (MA34056), listed as a Category 3 (No Uses Assessed). Neither waterbody is listed as requiring a TMDL. Waterbodies listed under the MassDEP draft 2012 303(d) Integrated List of Waters remains the same for Hatfield.

A TMDL prepared for the Connecticut River and covering the Mill River (MA34-24) outlines the following status for designated uses:

- Aquatic Life – Support, with an alert status;
- Fish Consumption – Not assessed;
- Primary Contact – Support;

- Secondary Contact – Support; and
- Aesthetics: Support.

The TMDL recommends that temperature patterns be monitored in the Mill River to study possible thermal impairment issues.

Part IV. Summary of Information Collected and Analyzed

Hatfield has completed a map of approximately 95% of all outfalls located within the Urbanized Area. No illicit discharges have been located to date.

Part V. Program Outputs & Accomplishments

Programmatic

Stormwater management position created/ staffed	(y/n)	N
Annual program budget/ expenditures	(\$)	
Total program expenditures since beginning of permit coverage	(\$)	
Funding mechanism(s) (General Fund, Enterprise, Utility, etc.)		

Education, Involvement, and Training

Estimated number of property owners reached by education program(s)	(# or %)	
Stormwater management committee established	(y/n)	N
Stream teams established or supported	(# or y/n)	Y
Shoreline clean-up participation or quantity of shoreline miles cleaned	(y/n or mi.)	Y
Shoreline cleaned since beginning of permit coverage	(mi.)	
Household Hazardous Waste Collection Days		
▪ Days sponsored	(#)	1
▪ Community participation	(# or %)	
▪ Material collected	(tons or gal)	
School curricula implemented	(y/n)	N

Legal/Regulatory

	In Place Prior to Phase II	Under Review	Drafted	Adopted
Regulatory Mechanism Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination				X
▪ Erosion & Sediment Control				X
▪ Post-Development Stormwater Management				X
Accompanying Regulation Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination				X
▪ Erosion & Sediment Control				X
▪ Post-Development Stormwater Management				X

Mapping and Illicit Discharges

Outfall mapping complete		(%)		95%
Estimated or actual number of outfalls		(#)		
System-Wide mapping complete		(%)		95%
Mapping method(s)				
▪ Paper/Mylar		(%)		95%
▪ CADD		(%)		
▪ GIS		(%)		
Outfalls inspected/screened		(# or %)		
Illicit discharges identified		(#)		
Illicit connections removed		(#)		
		(est. gpd)		
% of population on sewer		(%)		
% of population on septic systems		(%)		

Construction

Number of construction starts (> 1-acre)	(#)	
Estimated percentage of construction starts adequately regulated for erosion and sediment control	(%)	100%
Site inspections completed	(# or %)	100%
Tickets/Stop work orders issued	(# or %)	0
Fines collected	(# and \$)	0
Complaints/concerns received from public	(#)	0

Post-Development Stormwater Management

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	(%)	100%
Site inspections completed	(# or %)	100%
BMP maintenance required through covenants, escrow, deed restriction, etc.	(y/n)	N
Low-impact development (LID) practices permitted and encouraged	(y/n)	Y

Operations and Maintenance

Average frequency of catch basin cleaning (non-commercial/non-arterial streets)	(times/yr)	1/yr
Average frequency of catch basin cleaning (commercial/arterial or other critical streets)	(times/yr)	1/yr
Total number of structures cleaned	(#)	
Storm drain cleaned	(LF or mi.)	
Qty. of cleanings /debris removed from storm sewer infrastructure	(lbs. or tons)	Unknown
Disposal or use of cleanings (landfill, POTW, compost, recycle for sand, beneficial use, etc.)	(location)	
Cost of cleanings disposal	(\$)	
Average frequency of street sweeping (non-commercial/non-arterial streets)	(times/yr)	1/yr
Average frequency of street sweeping (commercial/arterial or other critical streets)	(times/yr)	1/yr
Qty. of sand/debris collected by sweeping	(lbs. or tons)	Unknown
Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.)	(location)	
Cost of sweepings disposal	(\$)	
Vacuum street sweepers purchased/leased	(#)	1
Vacuum street sweepers specified in contracts	(y/n)	Y

Reduction in application on public land of: ("N/A" = never used; "100%" = elimination)		(lbs. or %)	N/A
▪ Fertilizers		(lbs. or %)	N/A
▪ Herbicides		(lbs. or %)	N/A
▪ Pesticides		(lbs. or %)	N/A
Anti-/De-Icing products and ratios		% NaCl	25%
		% CaCl ₂	0
		% MgCl ₂	0
		% CMA	0
		% Kac	0
		% KCl	0
		% Sand	75%
Pre-wetting techniques utilized		(y/n)	N
Manual control spreaders used		(y/n)	Y
Automatic or Zero-velocity spreaders used		(y/n)	N
Estimated net reduction in typical year salt application		(lbs. or %)	25%
Salt pile(s) covered in storage shed(s)		(y/n)	N
Storage shed(s) in design or under construction		(y/n)	Y

Water Supply Protection

Stormwater outfalls to public water supplies eliminated or relocated	(# or y/n)	N
Installed or planned treatment BMPs for public drinking water supplies and their protection areas	(# or y/n)	N
▪ Treatment units induce infiltration within 500-feet of a wellhead protection area	(# or y/n)	N
