### 3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 11 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Year 12
3-1	Conduct dry-weather outfall screening	Department of Public Works	Percent of outfalls screened	Completed in Fall 2003	Develop scope of work to revisit outfalls periodically.
3-2	Map stormwater outfalls and receiving waters	Department of Public Works	Map created	Completed. Map on file at DPW office.	Map will be checked and updated if new outfalls are installed/located.
3-3	Map the stormwater collection system in a GIS	Department of Public Works	GIS of stormwater system created	GIS has been created and delivered to the Town. Field work to locate outfalls has been completed. Map has been created.	Town will maintain the GIS.
3-4	Develop and implement a plan to identify and remove non-stormwater discharges to the MS4	Department of Public Works	Number of illicit connections found and removed	Outfall screening Memorandum has been completed and is on file	Since no outfalls tested positive for illicit connections, the plan is limited to follow-up dry weather filed screening
3-5	Develop a bylaw governing discharges to the municipal sewer system (MS4). The objectives of the bylaw will be to prevent pollutants from entering the MS4, prohibit illicit connections and unauthorized discharges to the MS4, and require the removal of illicit connections.	Town Attorney	Draft bylaw developed and presented to Town Meeting	Obtained model draft bylaw language. Working on the development of a draft bylaw.	Being Developed by Town Attorney

#### 3a. Additions

	None				
--	------	--	--	--	--

#### 4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 11 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Year 12
4-1	Develop a Construction Site Erosion and Sediment Control Bylaw	Town Attorney	Draft bylaw developed and presented to town meeting	Obtained model draft bylaw language. Working on the development of a draft bylaw.	Being Developed by Town Attorney
4-2	Require a waste management plan at construction sites	Planning Board, Conservation Commission	Regulatory mechanism in place for requiring a waste management plan for all construction sites greater than 1 acre	Included in the Order of Conditions from the Conservation Commission. Considering incorporating into local stormwater management bylaws.	Incorporate requirement into appropriate regulations or site plan review procedures. Alternatively, “piggyback” on one of the other bylaws being developed.
4-3	Continue to review site plans for stormwater impacts	Planning Board, Inspection Services, Conservation Commission	Protocol for site plan review developed	Internal protocol exists for review of site stormwater plans by the Planning Board, Town Engineer, DPW Director and, if needed, by an outside consultant.	Continue site plan reviews for stormwater impacts.
4-4	Consider public input for new construction	Planning Board, Department of Public Works	Number of public hearings, complaint log kept	Continue public hearings for new subdivisions by the Planning Board.	Continue public hearings for new subdivisions. Continue logging public complaints.
4-5	Continue inspection of erosion and sediment controls	Planning Board, Inspection Services, Conservation Commission	Number of inspections conducted.	Inspections of erosion and sediment controls are being conducted by the Conservation Commission, Planning Board and Clerk of the Works.	Continue conducting Town inspections by Planning Board and ConComm.

#### 4a. Additions

	None				
--	------	--	--	--	--

### 5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 11 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Year 12
5-1	Continue enforcing the storm drainage general requirements and the Hillside Protection Bylaws	Planning Board	Number of new project plans reviewed for compliance with Storm Drainage General Requirements and the Hillside Protection bylaw	Projects were reviewed for compliance with the Storm Drainage General Requirements and for compliance with the Hillside Protection bylaw	Continue in Year 12.
5-2	Specify a stormwater BMP manual to be used for consistent design and performance standards	Town Engineer and Town Attorney	BMP Manual Selected	Selected Massachusetts DEP and CZM, “Stormwater Management, Volume Two: Stormwater Technical Handbook”, March, 1997.	Completed
5-3	Develop a draft bylaw that ensures long-term maintenance of private structural BMPs	Town Attorney and Planning Board	Draft bylaw developed and presented to Town Meeting	Obtained model draft bylaw language. Working on the development of a draft bylaw.	Being Developed by Town Attorney

#### 5a. Additions

	None				

## 6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 11 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Year 12
6-1	Identify sensitive receptors (such as wetlands, beaches, etc.) within the Town	Department of Public Works	List of sensitive receptors developed, staff notified	Identified Saugus River, Rumney Marsh and Lynn Reservoirs as sensitive receptors	Done
6-2	Sweep all streets twice a year	Department of Public Works	Percent of streets swept annually	All streets swept twice per year.	Sweep streets before the end of June.. Records of sweeping schedule and daily residuals volumes will be tracked.
6-3	Calibrate salt spreaders twice per year and monitor industry standards and practices	Department of Public Works	Maintain documentation of amount of deicers used.	Salt spreaders were adjusted as needed to dispense proper rates during storms.	DPW will track deicing standards and practices. The amount and types of deicer used next winter will be documented.
6-4	Minimize impacts from vehicle maintenance	Department of Public Works	Employee training held; materials inventory developed.	Environmental Compliance Audit completed, May 2003. No exceptions to regulatory standards noted for Wetlands and Stormwater runoff	Review of spill prevention control and countermeasure plan conducted in year 13
