| Annual Requirements |
|---|
| Provided an opportunity for public participation in review and implementation of SWMP and complied with State Public Notice requirements |
| ⊠ Kept records relating to the permit available for 5 years and made available to the public |
| The SSO inventory has been updated, including the status of mitigation and corrective measures implemented |
| This is not applicable because we do not have sanitary sewer |
| This is not applicable because we did not find any new SSOs |
| The updated SSO inventory is attached to the email submission |
| The updated SSO inventory can be found at the following website: |
| |
| Properly stored and disposed of catch basin cleanings and street sweepings so they did not discharge to receiving waters |
| Provided training to employees involved in IDDE program within the reporting period |
| |
| □ Updated outfall and interconnection inventory and priority ranking as needed |
| any additional information, and/or if any of the above annual requirements could not be completed due to the impacts of COVID-19, please identify the requirement that could not be completed, any actions taken to attempt to complete the requirement, and reason the requirement could not be completed below: |
| Bacteria/ Pathogens (Combination of Impaired Waters Requirements and TMDL Requirements as Applicable) |
| Annual Requirements |
| Public Education and Outreach* |
| Annual message was distributed encouraging the proper management of pet waste, including noting any existing ordinances where appropriate |
| Permittee or its agents disseminated educational material to dog owners at the time of issuance or renewal of dog license, or other appropriate time |
| Provided information to owners of septic systems about proper maintenance in any catchment that discharges to a water body impaired for bacteria |
| * Public education messages can be combined with other public education requirements as applicable (see Appendix H and F for more information) |
| Optional: If you would like to describe progress made on any incomplete requirements listed above or provide any additional details, please use the box below: |
| |

| Town of Dalton | Page 4 |

Part III: Receiving Waters/Impaired Waters/TMDL

| Have you submitted | d? |
|-----------------------|---|
| | ○ Yes |
| | No |
| If yes, de | escribe below, including any relevant impairments or TMDLs: |
| | |
| | |
| | |
| | |
| | |
| | |
| | |

Part IV: Minimum Control Measures

Please fill out all of the metrics below. If applicable, include in the description who completed the task if completed by a third party.

| MCM1: Public Education |
|---|
| Number of educational messages completed during this reporting period: 2 |
| Below, report on the educational messages completed during this reporting period. For the measurable goal(s) please describe the method/measures used to assess the overall effectiveness of the educational program. BMP:[Pamphlets/Brochures] |
| Message Description and Distribution Method: |
| Pick up Your Pet Waste bookmarks are distributed at the Town Clerk's office together with pet waste bags to encourage proper pet waste disposal |
| Targeted Audience: Residents |
| Responsible Department/Parties: HVA and Town Clerk |
| Measurable Goal(s): |
| Increase awareness. Approximately 150 bookmarks printed and distributed. |
| Message Date(s): Ongoing throughout the permit period |
| Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐ |
| Was this message different than what was proposed in your NOI? Yes 	● No ○ |
| If yes, describe why the change was made: |
| This was an additional mechanism to reach residents as they relicense their dog or visit the Town Clerk for other business. |
| |
| BMP:[Public Service Announcements] |
| Message Description and Distribution Method: |
| Seasonal public Service Announcements were prepared for distribution by the local Dalton Cable Television channel. The messages included the importance of picking up pet waste, proper disposal of yard waste as well as basic stormwater education messages. A local resident created a Dalton "Get River Smart" video which is also aired periodically |
| Targeted Audience: Residents and local landscaping contractors |
| Responsible Department/Parties: Dalton Cable TV |
| Measurable Goal(s): |

Increase awareness. Multiple airings based appropriately on the message.

| Γown of Dalton | Page 8 |
|--|----------------|
| Message Date(s): Ongoing through permit period | |
| Message Completed for: Appendix F Requirements ⊠ Appendix H Requirements ⊠ | |
| Was this message different than what was proposed in your NOI? Yes No | |
| If yes, describe why the change was made: | |
| This was an additional avenue used for messaging | |
| | |
| Add an Educational Message | |
| MCM2: Public Participation | |
| Describe the opportunity provided for public involvement in the development of the Stormwater Program (SWMP) during this reporting period: | Management |
| The Dalton Stormwater Management Commission held regular standing monthly meeting, until put on hold due to COVID-19 The SWMP is a standing agenda item for the Commission and wat multiple meetings. The SWMP is posted on the Town website for public review and comment | as discussed |
| Was this opportunity different than what was proposed in your NOI? Yes O No • | |
| Describe any other public involvement or participation opportunities conducted during this rep | orting period: |
| | |
| | |

MCM3: Illicit Discharge Detection and Elimination (IDDE)

Sanitary Sewer Overflows (SSOs)

Check off the box below if the statement is true.

☐ This SSO section is NOT applicable because we DO NOT have sanitary sewer

Below, report on the number of SSOs identified in the MS4 system and removed during this reporting period.

| Number of SSOs identified: 0 |
|--|
| Number of SSOs removed: 0 |
| MS4 System Mapping Below, check all that apply. The following elements of the Phase I map have been completed: |
| |
| Screening of Outfalls/Interconnections If conducted, please submit any outfall monitoring results from this reporting period. Outfall monitoring results should include the date, outfall/interconnection identifier, location, weather conditions at time of sampling, precipitation in previous 48 hours, field screening parameter results, and results from all analyses. The outfall screening data is attached to the email submission The outfall screening data can be found at the following website: |
| http://berkshire.maps.arcgis.com/apps/webappviewer/index.html? id=3b70a6d6454a4567b4868d54cbe6e791 |
| Below, report on the number of outfalls/interconnections screened during this reporting period. Number of outfalls screened: 0 Catchment Investigations If conducted, please submit all data collected during this reporting period as part of the dry and wet weather investigations. Also include the presence or absence of System Vulnerability Factors for each catchment. The catchment investigation data is attached to the email submission |
| The catchment investigation data can be found at the following website: http://berkshire.maps.arcgis.com/apps/webappviewer/index.html? |
| Below, report on the number of catchment investigations completed during this reporting period. Number of catchment investigations completed this reporting period: 176 Below, report on the percent of catchments investigated to date. |

| | |

Page 10

Employee Training

Describe the frequency and type of employee training conducted during the reporting period:

There have been limited opportunities for outside training. There are limited trainings available in the immediate area. In addition, the Town of Dalton DPW consists of a small crew of 7 that are responsible for parks, cemetaries, flood control chutes, roads and much more. There simply isn't enough capacity to get the work done and participate in outside training on a regular basis. However, internal trainings are conducted in which the DPW superintendent and foreman train crew members.

MCM4: Construction Site Stormwater Runoff Control

Below, report on the construction site plan reviews, inspections, and enforcement actions completed during this reporting period.

| Number of site plan reviews completed: 2 | | | |
|--|--|--|--|
| Number of inspections completed: 0 | | | |
| Number of enforcement actions taken: 0 | | | |

Optional: Enter any additional information relevant to construction site plan reviews, inspections, and enforcement actions:

Two Land Disturbance Permit applications were submitted during the reporting period. One for a solar field, and one for the new High School. It was determined that the solar field met the requirements for a negative determination of applicability. Inspections will be conducted at the High School during construction, but have not yet occurred during the reporting period.

MCM5: Post-Construction Stormwater Management in New Development and Redevelopment

Ordinance or Regulatory Mechanism

Below, select the option that describes your ordinance or regulatory mechanism progress.

- Bylaw, ordinance, or regulations are updated and adopted consistent with permit requirements
- Bylaw, ordinance, or regulations are updated consistent with permit requirements but are not yet adopted
- O Bylaw, ordinance, or regulations have not been updated or adopted

As-built Drawings

Describe the measures the MS4 has utilized to require the submission of as-built drawings and ensure long term operation and maintenance of completed construction sites:

The Town of Dalton Stormwater and Erosion Control Ordinance requires the submission of as-built drawings and long term operation and maintenance plans.

Street Design and Parking Lots Report

Describe the status of the street design and parking lots assessment due in year 4 of the permit term, including any planned or completed changes to local regulations and guidelines:

The street design and parking lot assessment is on track to be completed by year 4 of the permit term. As stated within the NOI, work is scheduled to begin in 2021.

Green Infrastructure Report

Describe the status of the green infrastructure report due in year 4 of the permit term, including the findings and progress towards making the practice allowable:

The green infrastructure report is on track to be completed by year 4 of the permit term. As stated within the NOI, work is scheduled to begin in 2020, and is planned to begin in Fall 2020.

Retrofit Properties Inventory

Describe the status of the inventory, due in year 4 of the permit term, of permittee-owned properties that could be modified or retrofitted with BMPs to mitigate impervious areas and report on any properties that have been modified or retrofitted:

The inventory of permittee-owned properties that could be modified or retrofitted is on track to be complete by year 4 of the permit term. As stated within the NOI, work is scheduled to begin in 2020, and is planned to begin in Fall 2020.

MCM6: Good Housekeeping

Catch Basin Cleaning

Below, report on the number of catch basins inspected and cleaned, along with the total volume of material removed from the catch basins during this reporting period.

Number of catch basins inspected: 150

Number of catch basins cleaned: 150

Total volume or mass of material removed from all catch basins: 40 cubic yards

Below, report on the total number of catch basins in the MS4 system.

Total number of catch basins: 170

If applicable:

Report on the actions taken if a catch basin sump is more than 50% full during two consecutive routine inspections/cleaning events:

Catch basins throughout Town are cleaned annually in the fall and anytime in between as needed. Only a portion of the Town's catch basins are located within he regulated area. No catch basins have been found to be

| Town of Dalton | Page 13 |
|---|--|
| more than 50% full, but if they were we would try to | locate the source and take care of it. |
| Street Sweeping | |
| Street Sweeping | |

| Optional: Enter any additional information relevant to your st during the reporting period. Include any BMP modifications in | | |
| COVID-19 Impacts | | |
| Optional: If any of the above year 2 requirements could not be please identify the requirement that could not be completed, a requirement, and reason the requirement could not be completed. | my actions taken to attempt to complete the | |
| | | |
| | | |
| Activities Planned for Next Reporting Period Please confirm that your SWMP has been, or will be, updated | | |
| requirements including but not limited to the year 3 requirements | ents summarized below. (Note: impaired waters | |

and TMDL requirements are not listed below)

Yes, I agree ⊠

- Inspect all outfalls/ interconnections (excluding Problem and Excluded outfalls) for the presence of dry weather flow
- Complete follow-up ranking as dry weather screening becomes available

Annual Requirements

- Annual report submitted and available to the public
- Annual opportunity for public participation in review and implementation of SWMP

- Keep records relating to the permit available for 5 years and make available to the public
- Properly store and dispose of catch basin cleanings and street sweepings so they do not discharge to receiving waters
- Annual training to employees involved in IDDE program
- Update inventory of all known locations where SSOs have discharged to the MS4
- Continue public education and outreach program
- Update outfall and interconnection inventory and priority ranking and include data collected in connection with the dry weather screening and other relevant inspections conducted
- Implement IDDE program
- Review site plans of construction sites as part of the construction stormwater runoff control program
- Conduct site inspection of construction sites as necessary
- Inspect and maintain stormwater treatment structures
- Log catch basins cleaned or inspected
- Sweep all uncurbed streets at least annually
- Continue investigations of catchments associated with Problem Outfalls
- Review inventory of all permittee owned facilities in the categories of parks and open space, buildings and facilities, and vehicles and equipment; update if necessary

| Provide any additional details on activities planned for permit year 3 below: | | | | | |
