Year 2 Requir	rements				
☐ Compl	eted Phase I of system map	pping			
⊠ Develo	pped a written catchment in	vestigation procedur	e and added the proc	edure to the SWMP	
Developed written procedures to require the submission of as-built drawings and ensure the long term operation and maintenance of completed construction sites and added these procedures to the SWMP					
	Developed written operations and maintenance procedures for parks and open space, buildings and facilities, and vehicles and equipment and added these procedures to the SWMP				
Developed an inventory of all permittee owned facilities in the categories of parks and open space, buildings and facilities, and vehicles and equipment and added this inventory to the SWMP					
☐ Compl	eted a written program for	MS4 infrastructure r	naintenance to reduc	e the discharge of pollutants	
Developed written SWPPPs, included in the SWMP, for all of the following permittee owned or operated facilities: maintenance garages, public works yards, transfer stations, and other waste handling facilities where pollutants are exposed to stormwater					
any additional impacts of CO	-	of the above year 2 ne requirement that c	requirements could not be complete		
_	nents not completed in Yea				

Annual 1	Requiremer	nts

Provided an opportunity for public participation in review and implementation of SWMP and complied with State Public Notice requirements
⊠ Kept records relating to the permit available for 5 years and made available to the public
The SSO inventory has been updated, including the status of mitigation and corrective measures implemented
○ This is not applicable because we do not have sanitary sewer
 This is not applicable because we did not find any new SSOs
○ The updated SSO inventory is attached to the email submission
○ The updated SSO inventory can be found at the following website:
Properly stored and disposed of catch basin cleanings and street sweepings so they did not discharge to receiving waters
☑ Provided training to employees involved in IDDE program within the reporting period
All curbed roadways were swept at least once within the reporting period
□ Updated outfall and interconnection inventory and priority ranking as needed
Optional: If you would like to describe progress made on any incomplete requirements listed above, provide any additional information, and/or if any of the above annual requirements could not be completed due to the impacts of COVID-19, please identify the requirement that could not be completed, any actions taken to attempt to complete the requirement, and reason the requirement could not be completed below:
Bacteria/ Pathogens (Combination of Impaired Waters Requirements and TMDL Requirements as Applicable

B **Annual Requirements**

Public Education and Outreach*

- Annual message was distributed encouraging the proper management of pet waste, including noting any existing ordinances where appropriate
- Permittee or its agents disseminated educational material to dog owners at the time of issuance or renewal of dog license, or other appropriate time
- Provided information to owners of septic systems about proper maintenance in any catchment that discharges to a water body impaired for bacteria
- * Public education messages can be combined with other public education requirements as applicable (see *Appendix H and F for more information)*

Optional: If you would like to describe progress made on any incomplete requirements listed above or provide any additional details, please use the box below:

coordinating with Board of Health for additional messaging on septic maintenance

Town of Holbrook	Page 4
Nitrogen (Combination of Impaired Waters Requirements and TMDL Requirements as Applicable)	
Annual Requirements	
Public Education and Outreach* Distributed an annual message in the spring (April/May) that encourages the proper use and digrass clippings and encourages the proper use of slow-release fertilizers	sposal of
Distributed an annual message in the summer (June/July) encouraging the proper management waste, including noting any existing ordinances where appropriate	
Distributed an annual message in the fall (August/September/October) encouraging the proper of leaf litter	disposal
* Public education messages can be combined with other public education requirements as application (see Appendix H and F for more information)	cable
Good Housekeeping and Pollution Prevention for Permittee Owned Operations	
Increased street sweeping frequency of all municipal owned streets and parking lots subject to part 2.3.7.a.iii.(c) to a minimum of two times per year (spring and fall)	Permit
Potential structural BMPs	
Any structural BMPs listed in Table 3 of Attachment 1 to Appendix H already existing or instath the regulated area by the permittee or its agents was tracked and the nitrogen removal by the B estimated consistent with Attachment 1 to Appendix H. The BMP type, total area treated by the design storage volume of the BMP and the estimated nitrogen removed in mass per year by BMP were documented.	MP was e BMP,
○ The BMP information is attached to the email submission	
○ The BMP information can be found at the following website:	
Optional: If you would like to describe progress made on any incomplete requirements listed above of any additional details, please use the box below:	or provide
The Town is working on establishing a list of BMPs for nitrogen removal	
Optional: Use the box below to provide any additional information you would like to share as part of self-assessment:	f your

Part III: Receiving Waters/Impaired Waters/TMDL

Have you made any changes to your lists of receiving waters, outfalls, or impairments since submitted?	the NOI was
• Yes	
○ No	
If yes, describe below, including any relevant impairments or TMDLs:	
Lake Holbrook, which is impaired for Nutrient/Eutrophication/Biological Indicators was, ad Sylvan Lake, which is impaired for Chlordane and DDT, was added to the list. These change the SWMP update.	

Part IV: Minimum Control Measures

Please fill out all of the metrics below. If applicable, include in the description who completed the task if completed by a third party.

MCM1: Public Education		
Number of educational messages completed during this reporting period: 2		
Below, report on the educational messages completed during this reporting period. For the measurable goal(s) please describe the method/measures used to assess the overall effectiveness of the educational program. BMP:Stormwater Presentation		
Message Description and Distribution Method:		
30 Minute educational presentation regarding stormwater presented to Holbrrok Public Schools		
Targeted Audience: Residents		
Responsible Department/Parties: DPW Operations		
Measurable Goal(s):		
Distribute at least two educational messages within the permit term (5 Years)		
Message Date(s):		
Message Completed for: Appendix F Requirements Appendix H Requirements		
Was this message different than what was proposed in your NOI? Yes O No •		
If yes, describe why the change was made:		
BMP:Water Quality Article		
Message Description and Distribution Method:		
Stormwater education article regarding water quality in Lake Holbrook, Sylvan Lake, Lake Cochato		
Targeted Audience: Residents		
Responsible Department/Parties: DPW Operations		
Measurable Goal(s):		
Distribute at least two educational messages within the permit term (5 Years)		

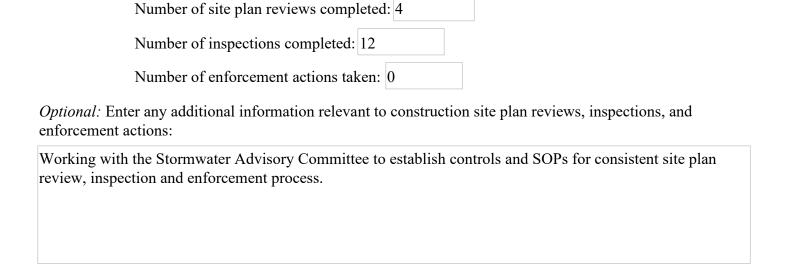

Гown of Holbrook	Page 8
Message Date(s):	
Message Completed for: Appendix F Requirements	Appendix H Requirements
Was this message different than what was proposed in your N	OI? Yes O No •
If yes, describe why the change was made:	
Add an Educational	Message
MCM2: Public Par	ticipation
Describe the opportunity provided for public involvement in Program (SWMP) during this reporting period:	the development of the Stormwater Management
The DPW has posted the SWMP to the DPW website and has review.	s publicized its availability for comment and
Was this opportunity different than what was proposed in you	r NOI? Yes ○ No •
Describe any other public involvement or participation oppor	tunities conducted during this reporting period:
Some events scheduled for Spring 2020 were canceled due to	Covid-19 restrictions.
MCM3: Illicit Discharge Detection	and Elimination (IDDE)
Sanitary Sewer Overflows (SSOs)	
Check off the box below if the statement is true. ☐ This SSO section is NOT applicable because	we DO NOT have sanitary sewer
Below, report on the number of SSOs identified in the MS4 sy	stem and removed during this reporting period.
Number of SSOs identified: 0	

Town of Holbrook	Page 9
Number of SSOs removed: 0	
MS4 System Mapping	
Below, check all that apply.	
The following elements of the Phase I map have been completed:	
☐ Outfalls and receiving waters	
Open channel conveyances	
☐ Interconnections	
Waterbodies identified by name and indication of all use impairments	
☐ Initial catchment delineations	
Optional: Describe any additional progress you made on your map during this reporting period or proadditional status information regarding your map:	vide
The Town is working to obtain GPS information on open channel conveyances and will be working in Winter 2020 to establish mapping elements. The Town is also working on generating their list of known interconnections to add to their MS4 mapping.	
Screening of Outfalls/Interconnections	
If conducted, please submit any outfall monitoring results from this reporting period. Outfall monitoring results should include the date, outfall/interconnection identifier, location, weather conditions at time sampling, precipitation in previous 48 hours, field screening parameter results, and results from all at the outfall screening data is attached to the email submission The outfall screening data can be found at the following website:	of
not applicable for this past Fiscal Year (none conducted)	
Below, report on the number of outfalls/interconnections screened during this reporting period.	
Number of outfalls screened: 0	
Catchment Investigations	
If conducted, please submit all data collected during this reporting period as part of the dry and wet w	veather
investigations. Also include the presence or absence of System Vulnerability Factors for each catchme	
 The catchment investigation data is attached to the email submission 	
• The catchment investigation data can be found at the following website:

Optional: Provide any additional information for clarity regards planned to be removed below:	ing illicit discharges identified, removed, or
Employee Training	
Describe the frequency and type of employee training conducte	ed during the reporting period:
IDDE training is to be rescheduled for Fall 2020	

MCM4: Construction Site Stormwater Runoff Control

Below, report on the construction site plan reviews, inspections, and enforcement actions completed during this reporting period.

Page 11

MCM5: Post-Construction Stormwater Management in New Development and Redevelopment

Ordinance or Regulatory Mechanism

Below, select the option that describes your ordinance or regulatory mechanism progress.

- Bylaw, ordinance, or regulations are updated and adopted consistent with permit requirements
- O Bylaw, ordinance, or regulations are updated consistent with permit requirements but are not yet adopted
- O Bylaw, ordinance, or regulations have not been updated or adopted

As-built Drawings

Town of Holbrook

Describe the measures the MS4 has utilized to require the submission of as-built drawings and ensure long term operation and maintenance of completed construction sites:

The Stormwater Management Bylaw Part B Section 13 requires the submission of as-built construction plans following completion of each project.

Street Design and Parking Lots Report

Describe the status of the street design and parking lots assessment due in year 4 of the permit term, including any planned or completed changes to local regulations and guidelines:

Preliminary assessment or street and parking lot guidelines performed as part of review of Town of Holbrook regulations.

Green Infrastructure Report

Town of Holbrook

Page 12

Describe the status of the green infrastructure report due in year 4 of the permit term, including the findings and progress towards making the practice allowable:

Preliminary assessment of green infrastructure guidelines performed as part of review of Town of Holbrook regulations.

Retrofit Properties Inventory

Describe the status of the inventory, due in year 4 of the permit term, of permittee-owned properties that could be modified or retrofitted with BMPs to mitigate impervious areas and report on any properties that have been modified or retrofitted:

This has not been started; the Town looks to	develop list over the next 2 years.

MCM6: Good Housekeeping

Catch Basin Cleaning

Below, report on the number of catch basins inspected and cleaned, along with the total volume of material removed from the catch basins during this reporting period.

Number of catch basins inspected: 30

Number of catch basins cleaned: 30

Total volume or mass of material removed from all catch basins: 40 cubic yards

Below, report on the total number of catch basins in the MS4 system.

Total number of catch basins: 0

If applicable:

Report on the actions taken if a catch basin sump is more than 50% full during two consecutive routine inspections/cleaning events:

All catch basins are cleaned as required. If catch basins are frequently found to be more than 50% full, they are cleaned on a more regular basis.

Street Sweeping

Report on street sweeping completed during this reporting period using one of the three metrics below.

Town of Holbrook				Page 13	
\circ	Number of miles cleaned: 50				
•	Volume of material removed:	25	cubic yards		
0	Weight of material removed:		[Select Units]

15 of the Town of Holbrook's Stormwater Best Management Practices were Report is attached.	e inspected on April 13, 2020
COVID-19 Impacts Optional: If any of the above year 2 requirements could not be completed d please identify the requirement that could not be completed, any actions tak requirement, and reason the requirement could not be completed below:	<u> </u>
Advisory Committee Meeting - looking to reschedule for the Fall to discuss	s program, budget and requirements
Training Session - looking to hold ASAP	
Activities Planned for Next Reporting Period Please confirm that your SWMP has been, or will be, updated to comply wit requirements including but not limited to the year 3 requirements summarize	11 1

requirements including but not limited to the year 3 requirements summarized below. (Note: impaired waters and TMDL requirements are not listed below)

Yes, I agree \boxtimes

- Inspect all outfalls/ interconnections (excluding Problem and Excluded outfalls) for the presence of dry weather flow
- Complete follow-up ranking as dry weather screening becomes available

Annual Requirements

- Annual report submitted and available to the public
- Annual opportunity for public participation in review and implementation of SWMP
- Keep records relating to the permit available for 5 years and make available to the public
- Properly store and dispose of catch basin cleanings and street sweepings so they do not discharge to receiving waters
- Annual training to employees involved in IDDE program
- Update inventory of all known locations where SSOs have discharged to the MS4
- Continue public education and outreach program
- Update outfall and interconnection inventory and priority ranking and include data collected in

connection with the dry weather screening and other relevant inspections conducted

- Implement IDDE program
- Review site plans of construction sites as part of the construction stormwater runoff control program
- Conduct site inspection of construction sites as necessary
- Inspect and maintain stormwater treatment structures
- Log catch basins cleaned or inspected
- Sweep all uncurbed streets at least annually
- Continue investigations of catchments associated with Problem Outfalls
- Review inventory of all permittee owned facilities in the categories of parks and open space, buildings and facilities, and vehicles and equipment; update if necessary

Provide any additional details on activities planned for permit year 3 below:						

Part V: Certification of Small MS4 Annual Report 2020

40 CFR 144.32(d) Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, I certify that the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
