Year 2 Annual Report Massachusetts Small MS4 General Permit Reporting Period: July 1, 2019-June 30, 2020

Please DO NOT attach any documents to this form. Instead, attach all requested documents to an email when submitting the form

Unless otherwise noted, all fields are required to be filled out. If a field is left blank, it will be assumed the requirement or task has not been completed. Please ONLY report on activities between July 1, 2019 and June 30, 2020 unless otherwise requested.

Part I: Contact Information

Name of Municipality or Organization	: Town of Lanesborough	
EPA NPDES Permit Number: MAR04	\$1012	

Primary MS4 Program Manager Contact Information

Name:	Kelli Robbins		Ti	tle: Tov	wn Manager	
Street A	treet Address Line 1: 83 North Main Street					
Street A	Address Line 2: P.O. Box 1492					
City:	Lanesborough	State: M	A Zip	Code:	02137	
Email:	town.manager@lanesborough-ma	gov	P	hone N	umber: (413) 442-1167	

Stormwater Management Program (SWMP) Information

Swive Location (web address):	https://www.lanesborough-ma.gov/town-manager/pages/storm-water- management-program
Date SWMP was Last Updated:	Jun 27, 2019

If the SWMP is not available on the web please provide the physical address:

Part II: Self-Assessment

First, in the box below, select the impairment(s) and/or TMDL(s) that are applicable to your MS4. Make sure you are referring to the most recent EPA approved Section 303(d) Impaired Waters List which can be found here: <u>https://www.epa.gov/tmdl/region-1-impaired-waters-and-303d-lists-state</u>

<u>Impairment(</u>	<u>s)</u>			
	Bacteria/Pathogens	Chloride	🗌 Nitrogen	Dependence Phosphorus
	Solids/ Oil/ Grease (Hy	/drocarbons)/ Meta	ls	
TMDL(s)				
In State:	Assabet River Phospho	orus 🗌 Bact	teria and Pathogen	Cape Cod Nitrogen
	Charles River Watersh	ed Phosphorus	Lake and Pond	Phosphorus
Out of State:	Bacteria/Pathogens	Metals	🖂 Nitrogen	Phosphorus
			Cle	ar Impairments and TMDLs

Next, check off all requirements below that have been completed. **By checking each box you are certifying that you have completed that permit requirement fully.** If you have not completed a requirement leave the box unchecked. Additional information will be requested in later sections.

Year 2 Requirements

- \boxtimes Completed Phase I of system mapping
- Developed a written catchment investigation procedure and added the procedure to the SWMP
- Developed written procedures to require the submission of as-built drawings and ensure the long term operation and maintenance of completed construction sites and added these procedures to the SWMP
- Enclosed or covered storage piles of salt or piles containing salt used for deicing or other purposes
- Developed written operations and maintenance procedures for parks and open space, buildings and facilities, and vehicles and equipment and added these procedures to the SWMP
- Developed an inventory of all permittee owned facilities in the categories of parks and open space, buildings and facilities, and vehicles and equipment and added this inventory to the SWMP
- Completed a written program for MS4 infrastructure maintenance to reduce the discharge of pollutants
 - Developed written SWPPPs, included in the SWMP, for all of the following permittee owned or
- ☑ operated facilities: maintenance garages, public works yards, transfer stations, and other waste handling facilities where pollutants are exposed to stormwater

Optional: If you would like to describe progress made on any incomplete requirements listed above, provide any additional information, and/or if any of the above year 2 requirements could not be completed due to the impacts of COVID-19, please identify the requirement that could not be completed, any actions taken to attempt to complete the requirement, and reason the requirement could not be completed below:

Annual Requirements

\square	Provided an opportunity for public participation	n in review	and implementation	of SWMP	and complied
	with State Public Notice requirements				

Kept records relating to the permit available for 5 years and made available to the public

The SSO inventory has been updated, including the status of mitigation and corrective measures implemented \Box

- This is not applicable because we do not have sanitary sewer
- This is not applicable because we did not find any new SSOs
- \bigcirc The updated SSO inventory is attached to the email submission
- \bigcirc The updated SSO inventory can be found at the following website:

 \bowtie Properly stored and disposed of catch basin cleanings and street sweepings so they did not discharge to receiving waters

- In Provided training to employees involved in IDDE program within the reporting period
- \boxtimes All curbed roadways were swept at least once within the reporting period
- \boxtimes Updated outfall and interconnection inventory and priority ranking as needed

Optional: If you would like to describe progress made on any incomplete requirements listed above, provide any additional information, and/or if any of the above annual requirements could not be completed due to the impacts of COVID-19, please identify the requirement that could not be completed, any actions taken to attempt to complete the requirement, and reason the requirement could not be completed below:

Nitrogen (Combination of Impaired Waters Requirements and TMDL Requirements as Applicable)

Annual Requirements

Public Education and Outreach*

- Distributed an annual message in the spring (April/May) that encourages the proper use and disposal of grass clippings and encourages the proper use of slow-release fertilizers
- Distributed an annual message in the summer (June/July) encouraging the proper management of pet waste, including noting any existing ordinances where appropriate
- Distributed an annual message in the fall (August/September/October) encouraging the proper disposal of leaf litter

* Public education messages can be combined with other public education requirements as applicable (see Appendix H and F for more information)

Good Housekeeping and Pollution Prevention for Permittee Owned Operations

Increased street sweeping frequency of all municipal owned streets and parking lots subject to Permit part 2.3.7.a.iii.(c) to a minimum of two times per year (spring and fall)

Potential structural BMPs

Any structural BMPs listed in Table 3 of Attachment 1 to Appendix H already existing or installed in the regulated area by the permittee or its agents was tracked and the nitrogen removal by the BMP was estimated consistent with Attachment 1 to Appendix H. The BMP type, total area treated by the BMP, the design storage volume of the BMP and the estimated nitrogen removed in mass per year by the BMP were documented.

 \bigcirc The BMP information is attached to the email submission

 \bigcirc The BMP information can be found at the following website:

Optional: If you would like to describe progress made on any incomplete requirements listed above or provide any additional details, please use the box below:

Optional: Use the box below to provide any additional information you would like to share as part of your self-assessment:

Town of Lanesborough

Part III: Receiving Waters/Impaired Waters/TMDL

Have you made any changes to your lists of receiving waters, outfalls, or impairments since the NOI was submitted?

- Yes
- No

If yes, describe below, including any relevant impairments or TMDLs:

Part IV: Minimum Control Measures

Please fill out all of the metrics below. If applicable, include in the description who completed the task if completed by a third party.

MCM1: Public Education

Number of educational	messages completed during this rep	porting period 5
	messages completed during tins rep	Joi ung periou. J

Below, report on the educational messages completed **during this reporting period**. For the measurable goal(s) please describe the method/measures used to assess the overall effectiveness of the educational program.

BMP:River Smart

Message Description and Distribution Method:

Sent River Smart brochure via USPS to residents within the regulated area. In addition, the brochure was included in the Town's e-newsletter. The brochure continues to be available and accessible to the public on the Stormwater Management page of the Town website.

Targeted Audience: Residents

Responsible Department/Parties: Town Manager/Mayor's Office

Measurable Goal(s):

Reduce pollution through improved behaviors

Message Date(s): Ju

June 2019 - present

Message Completed for:	Appendix F Requirements 🖂	Appendix H Requirements	
Was this message different	than what was proposed in your 1	NOI? Yes O No 💿	
If yes, describe why the change was made:			

BMP:Stop Erosion in its Tracks

Message Description and Distribution Method:

"Think Blue Massachusetts" factsheet for developers posted on website and available at Town Hall through the Building Inspector.

Targeted Audience: Developers (construction)

Responsible Department/Parties: Building Inspector

Measurable Goal(s):

Reduce pollution through improved construction practices

Town of Lanesborough	Page 7
Message Date(s): June 2020- Present	
Message Completed for: Appendix F Requirements Appendix H Requirements	
Was this message different than what was proposed in your NOI? Yes \odot No \bigcirc	
If yes, describe why the change was made:	
This message was delivered primarily via the website rather than through the Building Inspector due closure and limited hours/accessibility of the Town Hall due to Covid-19.	e to the
BMP:Gas, Oil, and GreaseOh My! Do Your Part to Stop Spills and Leaks at the Source Message Description and Distribution Method:	
"Think Blue Massachusetts" factsheet for industrial operations posted on website.	
Targeted Audience: Industrial facilities	
Responsible Department/Parties: Town Manager	
Measurable Goal(s):	
Reduce pollution through improved industrial practices	
Message Date(s): June 2020 - present	
Message Completed for: Appendix F Requirements	
Was this message different than what was proposed in your NOI? Yes \odot No \bigcirc	
If yes, describe why the change was made:	
This message was delivered primarily via the website rather than through a targeted mailing due to t and limited hours of the Town Hall due to Covid-19. The Town has begun gathering mailing inform industrial property owners and hopes to be able to conduct a targeted mailing in 2021.	
Add an Educational Message	

MCM2: Public Participation

Describe the opportunity provided for public involvement in the development of the Stormwater Management Program (SWMP) **during this reporting period**:

The SWMP is posted on the Town's website for public review and comment.

Was this opportunity different than what was proposed in your NOI? Yes \bigcirc No \bigcirc

Describe any other public involvement or participation opportunities conducted during this reporting period:

MCM3: Illicit Discharge Detection and Elimination (IDDE)

Sanitary Sewer Overflows (SSOs)

Check off the box below if the statement is true. This SSO section is NOT applicable because we DO NOT have sanitary sewer

Below, report on the number of SSOs identified in the MS4 system and removed during this reporting period.

Number of SSOs identified: 0

Number of SSOs removed: 0

MS4 System Mapping

Below, check all that apply.

The following elements of the Phase I map have been completed:

- \boxtimes Outfalls and receiving waters
- Open channel conveyances
- ☐ Interconnections
- Municipally-owned stormwater treatment structures
- Waterbodies identified by name and indication of all use impairments
- ☐ Initial catchment delineations

Optional: Describe any additional progress you made on your map during this reporting period or provide additional status information regarding your map:

The Town of Lanesborough has updated its MS4 map. The map is available online. All outfalls have been recorded in the field with handheld GPS. Additional information for each outfall and photos are also included within the map. Additional information including open channel conveyances, interconnections, municipally-owned stormwater treatment structures, and initial catchment delineations are in the process of being added.

Screening of Outfalls/Interconnections

If conducted, please submit any outfall monitoring results from this reporting period. Outfall monitoring results should include the date, outfall/interconnection identifier, location, weather conditions at time of sampling, precipitation in previous 48 hours, field screening parameter results, and results from all analyses.

- \bigcirc The outfall screening data is attached to the email submission
- $\ensuremath{\textcircled{}}$ The outfall screening data can be found at the following website:

http://berkshire.maps.arcgis.com/apps/webappviewer/index.html? id=ded45f5daaee412db24afc34500cd0c6

Below, report on the number of outfalls/interconnections screened during this reporting period.

Number of outfalls screened: 49

Catchment Investigations

If conducted, please submit all data collected during this reporting period as part of the dry and wet weather investigations. Also include the presence or absence of System Vulnerability Factors for each catchment.

- \bigcirc The catchment investigation data is attached to the email submission
- The catchment investigation data can be found at the following website:

http://berkshire.maps.arcgis.com/apps/webappviewer/index.html? id=ded45f5daaee412db24afc34500cd0c6

Below, report on the number of catchment investigations completed during this reporting period.

Number of catchment investigations completed this reporting period: 0

Below, report on the percent of catchments investigated to date.

Percent of total catchments investigated: 0

Optional: Provide any additional information for clarity regarding the catchment investigations below:

Outfalls have been prioritized and the Town is working with the Berkshire Regional Planning Commission and the Housatonic Valley Association to develop a plan for completing catchment investigations.

IDDE Progress

If illicit discharges were found, please submit a document describing work conducted over this reporting period, and cumulative to date, including location source; description of the discharge; method of discovery; date of discovery; and date of elimination, mitigation, or enforcement OR planned corrective measures and schedule of removal.

- $\bigcirc\,$ The illicit discharge removal report is attached to the email submission
- \bigcirc The illicit discharge removal report can be found at the following website:

N/A

Below, report on the number of illicit discharges identified and removed, along with the volume of sewage removed **during this reporting period**.

Number of illicit discharges identified: 0

Page 10

Number of illicit discharges removed: 0

Estimated volume of sewage removed: 0 gallons/day

Below, report on the total number of illicit discharges identified and removed to date. At a minimum, report on the number of illicit discharges identified and removed **since the effective date of the permit (July 1, 2018)**.

Total number of illicit discharges identified: 0

Total number of illicit discharges removed: 0

Optional: Provide any additional information for clarity regarding illicit discharges identified, removed, or planned to be removed below:

The Town developed an IDDE Plan in 2006, which the Town plans to update. As stated within the NOI, implementation of the IDDE Plan is scheduled to begin in 2022.

No illicit discharges have been identified to date.

Employee Training

Describe the frequency and type of employee training conducted **during the reporting period**:

There have been limited opportunities for outside training. There are limited, if any, trainings available in the immediate area. In addition, the Town of Lanesborough DPW crew consists of 6 people that are responsible for parks, cemetaries, flood control chutes, roads and much more. There simply isn't enough capacity to get the work done, travel to, and participate in outside training on a regular basis. However, ongoing instruction is conducted by the by the DPW Director on what to look for, need to report and how to respond.

MCM4: Construction Site Stormwater Runoff Control

Below, report on the construction site plan reviews, inspections, and enforcement actions completed **during** *this reporting period*.

Number of site plan reviews completed: 0

Number of inspections completed: 0

Number of enforcement actions taken: 0

Optional: Enter any additional information relevant to construction site plan reviews, inspections, and enforcement actions:

The Town of Lanesborough adopted a Land Disturbance Bylaw on 1/22/08. The bylaw was amended at the 2019 Annual Town Meeting to name the Planning Board as the permitting authority. No projects were conducted during the reporting period that were subject to the Land Disturbance Bylaw.

MCM5: Post-Construction Stormwater Management in New Development and Redevelopment

Ordinance or Regulatory Mechanism

Below, select the option that describes your ordinance or regulatory mechanism progress.

- Bylaw, ordinance, or regulations are updated and adopted consistent with permit requirements
- O Bylaw, ordinance, or regulations are updated consistent with permit requirements but are not yet adopted
- Bylaw, ordinance, or regulations have not been updated or adopted

As-built Drawings

Describe the measures the MS4 has utilized to require the submission of as-built drawings and ensure long term operation and maintenance of completed construction sites:

The Land Disturbance Bylaw adopted on 1/22/08 requires the submission of as-built drawings and an operation and maintenance plan.

Street Design and Parking Lots Report

Describe the status of the street design and parking lots assessment due in year 4 of the permit term, including any planned or completed changes to local regulations and guidelines:

The street design and parking lots assessment is on schedule for year 4 of the permit term. As stated within the NOI, work is scheduled to begin in 2021. The Town Manager plans to begin working with the Planning Board on this topic.

Green Infrastructure Report

Describe the status of the green infrastructure report due in year 4 of the permit term, including the findings and progress towards making the practice allowable:

The green infrastructure report is on schedule for year 4 of the permit term. As stated within the NOI, work is scheduled to begin in 2020 and will be initiated in the fall.

Retrofit Properties Inventory

Describe the status of the inventory, due in year 4 of the permit term, of permittee-owned properties that could be modified or retrofitted with BMPs to mitigate impervious areas and report on any properties that have been modified or retrofitted:

The inventory, due in year 4 of the permit term, is on schedule and the DPW will begin process as scheduled in late 2019. Formulating the plan and process is in progress.

Page 12

MCM6: Good Housekeeping

Catch Basin Cleaning

Below, report on the number of catch basins inspected and cleaned, along with the total volume of material removed from the catch basins **during this reporting period**.

Number of catch basins inspected: 180

Number of catch basins cleaned: 180

Total volume or mass of material removed from all catch basins: 18 cubic yards

Below, report on the total number of catch basins in the MS4 system.

Total number of catch basins: 74

If applicable:

Report on the actions taken if a catch basin sump is more than 50% full during two consecutive routine inspections/cleaning events:

Catch basins throughout Town are cleaned annually in the fall and anytime in between as needed. Only a portion of the Town's catch basins are located within he regulated area. No catch basins have been found to be more than 50% full, but if they were we would try to locate the source and take care of it.

Street Sweeping

Report on street sweeping completed during this reporting period using one of the three metrics below.

• Number of miles cleaned: 28.	2	
\bigcirc Volume of material removed:	32	cubic yards
\bigcirc Weight of material removed:	48	tons

O&M Procedures and Inventory of Permittee-Owned Properties

Below, check all that apply.

The following permittee-owned properties have been inventoried:

- \boxtimes Parks and open spaces
- \boxtimes Buildings and facilities
- ⊠ Vehicles and equipment

The following O&M procedures for permittee-owned properties have been completed:

- \boxtimes Parks and open spaces
- \boxtimes Buildings and facilities
- \boxtimes Vehicles and equipment

Stormwater Pollution Prevention Plan (SWPPP)

Below, report on the number of site inspections for facilities that require a SWPPP completed **during this** reporting period.

Number of site inspections completed: 0

Describe any corrective actions taken at a facility with a SWPPP:

A SWPPP for the maintenance garage/public works yard was developed in 2004 and is scheduled for review in late 2020.

Additional Information

Monitoring or Study Results

Results from any other stormwater or receiving water quality monitoring or studies conducted during the reporting period not otherwise mentioned above, where the data is being used to inform permit compliance or permit effectiveness must be attached.

- Not applicable
- \bigcirc The results from additional reports or studies are attached to the email submission
- \bigcirc The results from additional reports or studies can be found at the following website(s):

If such monitoring or studies were conducted on your behalf or if monitoring or studies conducted by other entities were reported to you, a brief description of the type of information gathered or received shall be described below:

Additional Information

Optional: Enter any additional information relevant to your stormwater management program implementation during the reporting period. Include any BMP modifications made by the MS4 if not already discussed above:

COVID-19 Impacts

Optional: If any of the above year 2 requirements could not be completed due to the impacts of COVID-19, please identify the requirement that could not be completed, any actions taken to attempt to complete the requirement, and reason the requirement could not be completed below:

Activities Planned for Next Reporting Period

Please confirm that your SWMP has been, or will be, updated to comply with all applicable permit requirements including but not limited to the year 3 requirements summarized below. (Note: impaired waters and TMDL requirements are not listed below)

Yes, I agree 🖂

- Inspect all outfalls/ interconnections (excluding Problem and Excluded outfalls) for the presence of dry weather flow
- Complete follow-up ranking as dry weather screening becomes available

Annual Requirements

- Annual report submitted and available to the public
- Annual opportunity for public participation in review and implementation of SWMP
- Keep records relating to the permit available for 5 years and make available to the public
- Properly store and dispose of catch basin cleanings and street sweepings so they do not discharge to receiving waters
- Annual training to employees involved in IDDE program
- Update inventory of all known locations where SSOs have discharged to the MS4
- Continue public education and outreach program
- Update outfall and interconnection inventory and priority ranking and include data collected in connection with the dry weather screening and other relevant inspections conducted
- Implement IDDE program
- Review site plans of construction sites as part of the construction stormwater runoff control program
- Conduct site inspection of construction sites as necessary
- Inspect and maintain stormwater treatment structures
- Log catch basins cleaned or inspected
- Sweep all uncurbed streets at least annually
- Continue investigations of catchments associated with Problem Outfalls
- Review inventory of all permittee owned facilities in the categories of parks and open space, buildings and facilities, and vehicles and equipment; update if necessary

Provide any additional details on activities planned for permit year 3 below:

40 CFR 144.32(d) Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, I certify that the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
