RE: EPA Review of the *Operable Unit 2/Task 5 Residential Well Survey, Draft Data Report and Field Sampling Plan, Central Landfill, Johnston, Rhode Island, July 1995.*

Dear Mr. aRusso:

EPA has completed its review of the subject Residential Well Survey, Draft Data Report. The Report was well prepared and very informative. EPA concurs with the recommended scope of work for stage 2 of the survey as outlined in Section 4 of the Draft Report and we look forward to assisting the RISWMC in completing the survey. The stage 2 effort should commence immediately. Please provide me with a schedule for completing the stage 2 effort and advise me on how the EPA and RIDEM can be of assistance.

Sincerely,
