MEMORANDUM

SUBJECT: Region I Request for Concurrence on Nationally Significant Removal Action at the Centredale Manor Site, North Providence, RI

FROM: Charles Sands, Acting Director
Region 1/9 Accelerated Response Center
Charles Sands

TO: Stephen D. Luftig, Director
Office of Emergency and Remedial Response

This memorandum transmits Region I's request for your concurrence on a Nationally-Significant Removal Action at the Centredale Manor Site in North Providence, RI. This action is considered Nationally-Significant as it is a Fund-lead removal action at a non-NPL site involving dioxin as a principal contaminant (OSWER Directive 9360.0-19).

I recommend you concur on Region I's Action Memorandum. We have coordinated the review of the Action Memorandum and Enforcement Addendum with Marlene Berg to ensure compliance with OSWER Directive 9200.4-26, "Approach for Addressing Dioxin in Soil at CERCLA and RCRA Sites". OSRE and OGC have also reviewed the Action Memorandum and Enforcement Addendum and they concur on Region I's approach. Please indicate your concurrence by signing page two of the attached cover memo on Region I's Action Memorandum.
