Dear Dr. Vanderslice,

Thank you for participating in interviews with Marion Cox, the neutral facilitator hired by EPA with regard to the Centredale Manor Restoration Project. We believe that Ms. Cox's interviews have elicited helpful information and input.

We have reviewed Ms. Cox's report and concluded that the majority of the parties interviewed would like additional information about the potential cleanup alternatives before participating in the proposed discussions. EPA expects to have that information available later this Fall. Therefore, we have decided to defer the proposed dialogue until that time.

Should you have any questions about this process, please feel free to contact Elissa Tonkin of our ADR program at (617) 918-1726 or Angela Bonarrigo at (617) 918-1034.

Sincerely,
