Re: Notice of Completion
Administrative Settlement Agreement and Order on Consent for Removal Action
CERCLA Docket No. 01-2009-0086
Centredale Manor Restoration Project Superfund Site
North Providence, Rhode Island

Dear Mr. Loureiro:

This letter is written to you in your capacity as the designated Project Coordinator for the removal action performed pursuant to the Administrative Settlement Agreement and Order on Consent for Removal Action, CERCLA Docket No. 01-2009-0086 (the "AOC"), which was signed by the Director of the Office of Site Remediation and Restoration on August 6, 2009.

Following a site inspection on July 7, 2010, EPA has determined that the Respondent has fully performed all work in accordance with the AOC, and that all goals of the Order and the Scope of Work have been satisfied.

Please be advised that this determination does not constitute a release from liability, covenant not to sue, or waiver of any claims which EPA may have against the Respondent. In addition, be advised that this determination does not limit EPA's authority under CERCLA or any other law to conduct future response actions at the Centredale Manor Restoration Project Superfund Site. EPA reserves all rights with respect to the Site including, but not limited to, the right to initiate judicial or administrative enforcement actions, the right to recover costs incurred by the United States in connection with the Site, and the right to undertake further response actions and recover the costs of such actions from the Respondent or any other responsible parties. Finally, please note that the Respondent is subject to continuing obligations pursuant to the AOC (e.g., record preservation).
