Please respond to Kathy Thibodeau [REDACTED]

As a resident of Centerdale (Aldrich Street), I wish to express my opposition to the proposed Centerdale Manor Restoration Project. My neighbors and I are already dealing with the problems experienced from the Johnston Asphalt Company (strong odors causing nausea, headache and the inability to even enjoy our yards or be outside). I do not want the added exposure to the toxins, dust and fumes, etc. which will be caused by this proposed project. I hope, as a resident of this area who will be greatly affected by this project, that my opinion/opposition will be noted.

Thank you.

Kathleen Thibodeau
