

Charles George Land
Reclamation Trust Landfill
NPL Site Administrative Record File
Record of Decision (ROD)
Operable Unit (OU) 1
(As supplemented pursuant to the
February 26, 1990 Order on Remand)

Index

ROD I Signed: December 29, 1983
CD-ROM Released: January 2015

Prepared by
EPA New England
Office of Site Remediation & Restoration

Introduction to the Collection

This is the Administrative Record for the Charles George Land Reclamation Trust Landfill, Tyngsborough, Massachusetts, Operable Unit (OU) 01, Record of Decision (ROD), signed December 29, 1983, as supplemented pursuant to February 26, 1990 Order on Remand. The file contains site-specific documents and a list of guidance documents used by EPA staff in selecting a response action at the site.

The Administrative Record for the Charles George Land Reclamation Trust Landfill NPL site which EPA has certified to the Federal District Court on October 1, 1990 as complete includes the original Administrative Record for this site dated September 29, 1988 and the Supplemented Administrative Record for this site dated October 1, 1990. This Supplemented Administrative Record was compiled by EPA pursuant to the February 26, 1990 Order on Remand.

In addition to this Administrative Record certified and submitted to the court, the defendants have requested and the court has allowed certain other documents to be treated as part of the record. These additional materials, which EPA did not primarily rely on in selecting the remedy for the Charles George Landfill, are comprised of those documents which Original Defendants and New Defendants requested to be included by their written comments submitted to EPA on August 3, 1990 (See Record of Decision [ROD] 1 Administrative Record Index as Supplemented Pursuant to the February 26, 1990 Order on Remand, Section 5.4).

The administrative record file is available for review at:

EPA New England OSRR Records and Information Center
1st Floor, 5 Post Office Square, Suite 100 (OSRR 02-3),
Boston, MA 02109-3912
(by appointment)

Tyngsborough Public Library
25 Bryant Lane
Tyngsborough, MA 01879
Phone: (978) 649-7361
Fax: (978) 649-2578
www.tynglib.org

To facilitate understanding of the site, the three “operable units” (OU) or project phases for the site are defined as follows:

Operable Unit 1: The planning, design and construction of a new, permanent waterline serving the Cannongate Condominium and surrounding area.

Operable Unit 2: The planning, design and construction of a landfill cap and appurtenant systems.

Operable Unit 3: The planning, design and construction of clean-up actions to remediate “off-site” contamination, including the treatment of collected leachate.

An Administrative Record file is required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA).

Please note that the compact disc(s) (CD) containing this Administrative Record may include index data and other metadata (hereinafter collectively referred to as metadata) to allow the user to conduct index searches and key word searches across all the files contained on the CD. All the information that appears in the metadata, including any dates associated with creation of the indexing data, is not part of the Administrative Record for the Site under CERCLA and shall not be construed as relevant to the documents that comprise the Administrative Record. This metadata is provided as a convenience for the user and is not part of the Administrative Record.

Questions about this Administrative Record file should be directed to the EPA New England Remedial Project Manager.
