
Introduction to the collection

Superfund Records Center
SITE: Eastland
BREAK: 20.01
OTHER: 35751

This is the Index to the Administrative Record compiled in connection with the issuance of the Record of Decision (ROD) for the Eastland Woolen Mill Superfund Site. The index cites site-specific documents used by Environmental Protection Agency (EPA) staff in selecting the response action described in ROD. The documents in the Administrative Record are arranged in order of the file break number assigned to the documents, then by document date. The EPA guidance documents listed at the end of the index are available for review only at the Superfund Records and Information Center.

This Administrative Record includes, by reference, the Administrative Record for the Non-Time Critical Removal Action for Eastland Woolen Mill with an Action Memorandum signed on July 22, 1999.

The Administrative Record file is available for review at:

**EPA New England
