Dear Mr. Tordoff:

In response to your letter of July 2, 1985, please be advised that the City of New Bedford stands ready to install approximately 1,950 lineal ft. of chain-link fencing along certain portions of the upper estuary in New Bedford's Harbor.

The City will now advertise for bidders to supply the necessary materials, which will be installed by the Department of Public Works, within 25 days after the receipt of all materials.

If you have any further questions, please do not hesitate to contact me.

Sincerely,

David A. Kennedy
