

# THE NEW BEDFORD HARBOR

## COMMUNITY FORUM

## INVITES THE PUBLIC

## TO AN OPEN MEETING

### on the New Bedford Harbor Cleanup

Superfund Records C  
SITE: NEW BEDFORD  
BREAK: 13.03  
OTHER: 47505

(1995) <sup>TD</sup> 12-19-96

**Wednesday, Nov. 29th, from 6 - 9 p.m.**

**Greater New Bedford Vocational Technical School**

*The meeting opens with information booths from 6 - 7 p.m. on :*

- 1) recent dredging of the Hot Spots from the Harbor;*
- 2) ongoing treatability studies of Hot Spot sediments;*
- 3) EPA's proposed options for cleaning up the inner Harbor;*
- 4) details of what Confined Disposal Facilities (CDFs) are;*
- 5) long-term ecological monitoring plans for the Harbor; and*
- 6) information on the Community Forum.*

*Representatives from the Forum will be manning some of the booths and available to meet and ask questions. EPA will also have technical experts at some of the booths to answer questions.*

*The public meeting will begin at 7:00 p.m. The public is encouraged to ask any questions they have on the cleanup of the Harbor to members of the Forum.*

*The next official meeting of the Forum is Thursday, December 7 at 6:00 p.m. The public is invited to attend both meetings or watch the sessions on local cable stations at a later broadcast date.*
