

New Bedford Harbor & Aerovox Building Monthly Informational Meeting
Second floor meeting room
National Historic Park Building 33 William Street
March 31, 2011
7:00 – 8:45 pm

Tonight's Agenda

Meeting Goals:

- Provide updates of EPA's most recent activity, as well as looking ahead for the New Bedford Harbor and Aerovox Cleanup Projects
- Answer questions about EPA's activities at the sites. EPA is committed to providing additional information that is requested from the public during future meetings.

7:00 – 7:05pm	Introduction: Meeting goals, agenda overview, meeting guidelines
7:05 – 7:20pm	Aerovox Building Demolition Schedule
7:20-7:30pm	City of New Bedford Emergency Services
7:30 – 7:45 pm	<i>Questions and answers – Aerovox Building Demolition</i>
7:45 - 8:00pm	EPA's Decision to add a CAD cell to the cleanup: ESD process and findings
8:00 – 8:20pm	<i>Questions and answers – The ESD process and findings</i>
8:20 – 8:25pm	Next Steps, Public Involvement with CAD cell design & implementation
8:25 – 8:35pm	* Call for input on CAD cell Technical Working Group * Facilitators will assist EPA in capturing your thoughts about a future working committee for the design and implementation of the Superfund CAD cell.
8:35- 8:45pm	Call for future agenda topics, meeting adjourn

Next Meeting: April 28, 2011

Question and answer:

Approximately half of the meeting's agenda is dedicated to allowing time for question and answer. Participants are encouraged to ask questions, write questions on note cards, or speak with cleanup team members individually afterwards should they prefer.

EPA and additional City or State participants will attempt to answer questions right away, however certain questions require additional follow-up and we will work to do so by the next month's meeting.

CBI Facilitation: The EPA has partnered with the Consensus Building Institute of Cambridge, Massachusetts, to hold meetings that are productive and respectful of all who participate and attend. The EPA is committed to an open and inclusive public involvement process. For any comments, questions or concerns about this process, we encourage you to take time before or after the meeting to speak with David Plumb, the meeting facilitator, or a member of the project teams.
