Ann, I looked into the questions you raised.

The Tetra-Tech letter exists in draft form, but has not yet been signed. I will get you a final as soon as it is available.

Our consultant reports that there currently are no appendices 13-16, or any references to them in the report. So I would disregard them.

Subject: New Bedford South Terminal proposal

Dear Ken,

I'm writing to see if we can schedule a call for Thursday either between 9 and 11 or between 2 and 3:30 to continue our discussion about the 7/16/10 draft alternatives analysis for the South Terminal project. Please let me know your availability and I'll set up the call.

In reading the appendices, I've discovered that Appendix 3 was not included on the CD you provided. The appendix is referenced in the text of the draft analysis (pp. 9-10) and is characterized as a summary memo from Tetra-Tech which indicates agreement with information provided by Siemens and its effect upon Tetra-Tech's evaluation. Would you please email me a copy of that document so I can review it before our call? Also, the CD contains cover pages for Appendices 13 through 16 but no corresponding documents are included. The draft analysis does not refer to those appendices, but it would be helpful if you could explain what they relate to.

Thanks very much.

Sincerely,

Records Center
