Subject: RE: Follow up on question re New Bedford/South Terminal

Dear Gary,

I'm writing to follow up on the email I sent to you on June 13, 2012, in which I transmitted a link to a New Bedford Harbor "Readiness Plan." It would be helpful if the Commonwealth could explain when this document was prepared and for what purpose, and how the plan described therein, including descriptions of site availability for additional lay down areas, fits into the overall South Terminal project that we are reviewing. In addition, it would be helpful if you could clarify statements made in this document about the ready availability (i.e., in 2-4 months) of State Pier notwithstanding the presence of existing water dependent users, compared to what is stated in the Commonwealth's January 2012 submission.

Sincerely,
Ann
