Dear Mr. Demelo:

Thank you for talking with Tony Hoppa on August 14 about how to get information about the New Bedford Harbor PCB contamination to the Portuguese community. As the enclosed flyer shows, we have scheduled a meeting at the Casa da Saudade for September 6, 1984, from 6:00 to 8:00 p.m. Manuel Silvero will be the translator. I hope you will be able to attend.

Please help us publicize the meeting by posting the enclosed flyer. Also enclosed are copies of the pamphlet on PCBs for distribution among your members.

Thank you again for your help. Please don't hesitate to call if you need more copies of these materials.

Sincerely,

~50 cc
