RE: FOI Requests for sampling documentation for New Bedford Harbor.

Dear Ms. Ritts and Ryan:

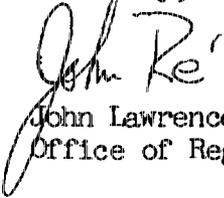

We are unable to make copies of the documents that you requested at the \$.07 per page rate mentioned in your letter of October, 16, as the government rate per page is \$.10. Moreover, because of the large volume of requested documents, we would prefer that you make arrangements with an independent copy service. Please notify me when such arrangements are made, and I will prepare the documents for pick up at EPA.

In addition to the documents that you requested on October 16, we will make available at EPA the following documents relating to New Bedford Harbor data:

- 1) SAS record files, relating to the following case numbers: SAS#430A 439A, 1356A, 1767A, 2476A, and 2579A;
- 2) Data packages for sample case numbers 4515 and 5835, for twenty-five samples from case number 6054, and for three samples sent to SWOK with case number 5810;
- 3) Protocols for use under the Contract Laboratory Program (EPA), for inorganics (SOW No. 784) and organics (SOW No. 1086);
- 4) Miscellaneous documents from Ed Doyle of E. C. Jordan, as indexed in the June 11, letter that you received from Charles Bering, pages two and three, and in my letter of June 29, pages one and two; and
- 5) Documents from Naragansett Laboratory, as indexed in my letter of June 29, pages two and three.

If you have any questions regarding any of the above, please feel free to call me at 617/565-3455.

Sincerely,

John Lawrence Re
