**Subject:** NBH SER River"s End Park Mitigation  
**Date:** Tuesday, September 18, 2012 11:18:08 AM

---

Following up from yesterday:

Elaine has checked on the Superfund cleanup in the River's End Park area. The Park location was remediated and we did a well defined confirmatory sampling program which is in a report which we will be getting soon. The inlet location is the location of the CSO.
