Subject: Terminal Follow-Up
Attachments: Commonwealth Ltr to EPA on NMFS Terminal Consult.pdf

John,

Thanks very much for taking the time to talk with Gary and I this afternoon. Attached is the letter from October of last year that summarized the constructive engagement between EEA, NMFS, and EPA. The letter summarizes the Commonwealth's commitment to additional mitigation and additional engineering controls to insure that NMFS approved sound levels are not exceeded during blasting. I understanding you will be speaking with EPA tomorrow morning on this issue.

Let us know if you have additional question.

Best,

Bill

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at

(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
