John & Phil,

Thanks for all your time to date related to the permitting of the historic New Bedford Marine Commerce Terminal. On the important issue of blasting, our team would like to request a meeting to review the acoustical modeling report we commissioned at the end of last year and consult with you on a preferred approach to minimize impacts to the resource. Let us know if you would be available to meet with our team next Thursday or Friday, April 4 or 5. We are available to meet in Gloucester, Boston, or New Bedford.

Best,

Bill
