Dear Ms. Prybyla:

Thank you for your December 20th memo on the New Bedford Superfund. In the event that your Agency pursues the actual cleanup of hazardous waste or other contaminated sites in this area, please be advised that Parkwood Hospital is interested in supporting that work with the pre, post and/or concurrent health services that will be required.

I would appreciate your estimate of the degree such involvement will be necessary in New Bedford, as well as your advice regarding the source of additional information for Parkwood Hospital.

Very truly yours,

Robert F. Davis  
Executive Director
