Carl,

Given the number of complex issues we are working together to solve and that I anticipate EPA will be addressing in a (hopefully) final letter, could we review or discuss your draft before it is finalized? I ask because I believe we developed a mutually beneficial process on sharing drafts on the blasting letter, and I believe a similar process could be helpful before these important issues are finalized. Also would be good to know whether you are still on target to respond this week.

Many thanks,

Bill

Hi Cindy,

We have not yet heard back from you on the CAD Cell issue.

We would like some certainty, as we are nearing the time period within which we will need to make a decision.

Thanks,
