Dear Ms. Prince: *Jackie,*

I would like to take this opportunity to introduce myself to you, my name is Joseph McIntyre and I am a State Representative from New Bedford. My legislative district, in fact includes a portion of the Acushnet River.

This letter is an attempt to open a line of communication between your office and myself, in order to maintain a clear sense of the status of the New Bedford Harbor cleanup. P.C.B. contamination is the most important, and hazardous public health issue facing Southeastern Massachusetts. I would greatly appreciate your office apprising me of any developments and possibly act as an information resource for myself as well as my constituents.

Thank you for your time and cooperation.

With kind regards.

Sincerely,

*Joe*
