JFK Federal Building  
Boston, Ma.

Dear Mr. Sotolongo,

Enclosed, please find my comments regarding the feasibility study of remedial action alternatives for the Acushnet River Estuary hot spot. I have commented on both the general and specific, and look forward to discussing with you in person the points I have addressed. New Bedford's hazardous waste problems are complex indeed, and I commit myself and my Commission staff to working with you as remedial actions in the harbor proceed.

Thank you in advance for your consideration of these comments.

Sincerely,

Roger R. Goyette
