January 11, 1984

Brian J. Lawler, Mayor
City Hall
New Bedford, Massachusetts 02740

RE: NEW BEDFORD--Water Pollution Control,
Show Cause Conference, Belleville
Avenue Pumping Station and the
Department's September 1983 ORDER,
Docket No. 533

and

P. Gioioso & Sons, Inc.
General Contractors
58 Sprague Street
Hyde Park, Massachusetts 02136

*rescheduled
to Wed. 25 Jan. 84
10:00 AM*

Gentlemen:

The Department of Environmental Quality Engineering is respectfully requesting your attendance at a conference to be held on Thursday, 19 January 1984 at 10:00 A.M. in the second floor conference room, H-108, at the Southeast Regional Office located in the Lakeville Hospital.

Initially this meeting will address the on-going problems between the City and the Belleville Avenue Pumping Station Contractor.

Secondly, the City is invited to show cause why the Department should not initiate further enforcement actions through the office of the Massachusetts Department of the Attorney General. Such action would be relative to the past, present and continuing illegal dry weather combined system overflows (especially in the Belleville and Coffin Avenue area), which are in direct violation of provisions of the City's National Pollutant Discharge Elimination System (NPDES) Permit and the 314 CMR 12.00 "Operation and Maintenance of Sewer Systems and Wastewater Treatment Facilities". Also, violations of the above noted Departmental Administrative ORDER will be addressed.

Please be advised that failure by the City to attend the conference will leave this office no recourse other than to initiate any and all appropriate enforcement actions necessary to effect compliance.

If there are any questions relative to the above, please feel free to contact this office.

Very truly yours,

For the Commissioner

11/11/84
