Room 2203 John F. Kennedy Federal Building
Boston, Massachusetts 02203

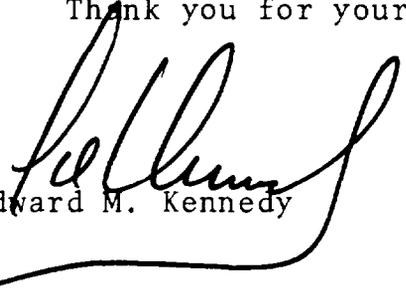

Dear Mr. Sutton:

In response to concerns expressed by residents of the Town of Fairhaven over a variety of environmental issues including PCB contamination of New Bedford Harbor, we have arranged a public meeting for the evening of Wednesday, June 30, 1982.

The meeting will begin at 7:30 p.m. and will be preceded by a private meeting between city, state and federal officials beginning at 6:30 p.m.

We request that Agency representatives be on hand for both meetings, and that they be prepared to discuss the EPA's role as it relates to the harbor and surrounding areas. It would be particularly appropriate and helpful if arrangements could be made for Jim Okun to attend.

Thank you for your assistance.

Edward M. Kennedy

Sincerely,

Gerry H. Studds
