Dear Mr. Child:

This letter is written on behalf of RTE Corporation. RTE Corporation has been named as a defendant in the recent litigation commenced by your office involving New Bedford Harbor. This is to advise you that I know of no basis to support the allegations in the complaint against RTE. I have given you verbal notice to that effect previously, and I have urged you to consider the matter carefully before filing your amended complaint. I do not believe that you can satisfy the requirements of Rule 11 should you retain RTE as a defendant in the case.

Very truly yours,

Paul B. Galvani
