Dear Mr. Bering:

The following information has been copied from the SAS record files and Case files, as requested in your June 10, 1987 memo. Sean Kolb put this information together, please call him if any questions exist. The following list summarizes what you will find :

<u>Cases</u>		<u>SAS's</u>
✓ 5835-RMAL, YORK		1767A ✓
✓ 6054-Weyher ..		2579A ✓
✓ 5810		2476A ✓
✓ 4514-Aquatech, GCA	? must mean 4515	430A ✓

I noticed when packaging the material to send to you, that one item on your list Case 5131 was not in the information Sean prepared. If this is an item you still need, please let us know and we will send that out immediately next week. Sean is on vacation through 8/18/87.

Thankyou
