March 15, 1988

Mr. Charles C. Bering
Assistant Regional Counsel
U. S. Environmental Protection Agency
Region 1
J. F. Kennedy Federal Building
Boston, MA 02203-211

Dear Mr. Bering:

Enclosed is a list of documents referred to in E. C. Jordan and Ebasco Services, Inc., "New Bedford Harbor Project Progress Report for January 1988," EPA Work Assignment Number: 04-1143, EPA Contract Number 68-01-7250. Everest Consulting Associates is requesting copies of these documents on behalf of the defendants in the New Bedford Harbor litigation.

As it is essential that this information be available for our review, your prompt response to this request would be most deeply appreciated. Thank you for your continued assistance.

Kindest personal regards,

John Alishouse

The following report referred to in Section 2.0 Overall Project Progress, "Feasibility Studies" page 2-12:

6. Final Draft Report; November 1987. Initial Screening Report; Non-removal and Removal Technologies. E. C. Jordan/Ebasco Services, Inc.

The following two reports referred to in Section 2.0 Overall Project Progress, "Dredging Information" page 2-12:

1. Environmental Effects of Dredging, Technical Notes U.S. Army Corps of Engineers, Waterways Experiment Station.
2. Miscellaneous Papers on Dredging by the U.S. Army Corps of Engineers, and others.

The following two reports are referred to in Section 4.0 Meetings, Reports, and Upcoming Reviews, page 4-1.

Task 21 - Final Draft Report, Detailed Evaluation of Treatment Technologies.

Task 26 - Technical Memo on Proposed Target Levels for PCB Concentrations in Air - October 1987.

The following 14 reports are referred to Section 5.0, Completed Project Reports, p. 5-1 - 5-3.

1. Task 7: Draft Technical Review Report; Evaluation of the New Bedford Wastewater Treatment Plant and Sewage System for PCB Discharges to the Acushnet River Estuary, New Bedford Harbor and Buzzards Bay, Bristol County, Massachusetts - September 1986. E. C. Jordan/Ebasco Services, Inc.
3. Tasks 18, 23, 24 Final Draft Initial Screening Report: Non-removal and Removal Technologies - November 1987. E. C. Jordan/Ebasco Services, Inc.
6. Task 14 Contaminant Migration Analysis
 - B. Estimated Contaminant Release from Pilot Study Operations - July 1987. USACE-WES.

- 7. Task 16 Composite Sample Sediment Testing (USACE-WES):
 - A. Chemical Analysis of Composite Sediment and Site-Water - January 1987.
 - B. Surface Runoff Water Quality from New Bedford Harbor Sediment - June 1987.
 - C. Interim Results from Leachate Testing - May 1987.
 - D. Capping Effectiveness Testing - June 1987.

- 8. Task 21: Field Operations Plan, E. C. Jordan/Ebasco Services, Inc.
 - B. Field Sampling and Analysis Plan
 - C. Health and Safety Plan

- 9. Task 19: Disposal Site Selection, E. C. Jordan/Ebasco Services, Inc.
 - B. Statement of Work for Drilling Services for Preliminary Geotechnical Investigation of Engineering Properties - August 1987.
 - C. Statement of Work for Survey Services for Preliminary Geotechnical Investigation of Engineering Properties - August 1987.

- 14. Task 21: Requests for Proposals - May 1987. E. C. Jordan/Ebasco Services, Inc.
 - A. Bench Testing of Selected Technologies for PCB Detoxification/Destruction

- 15. Task 22: Draft Report: Exposed Species Analysis - July 1987. E. C. Jordan/Ebasco Services, Inc.
 - Draft Report: Selection of Contaminants of Concern - July 1987. E. C. Jordan/Ebasco Services, Inc.

The following two items are referred to in Section 2.0, Overall Project Progress:

1. Final written report on factors affecting bioturbation in New Bedford Harbor and Buzzards Bay, received from SAIC in January. (Referred to on page 2-1 under Task 05.)
2. In the second paragraph on page 2-2, reference is made to research by General Electric on biodegradation of PCB's. We are very interested in obtaining any available reports on this subject. We would also like copies of EPA's Summary Tables and formal summary position.
