Mr. Gerry Sotolongo
U.S. EPA, Region I
Boston, Ma.

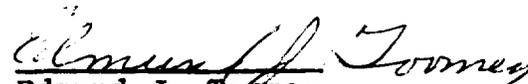

Dear Sir:

Mr. Russell J. Wilder of GCA Corporation, who is in the process of installing monitoring wells and taking soil borings on City property, has informed me that he cannot supply the City of New Bedford with a copy of his report on this project as he is employed by your office.

This is certainly understandable from his position, however, a copy of this report and any other information which he may have on soil condition or pollution in this area would certainly be of great interest to me at the Landfill and the City of New Bedford.

Your permission for him to give the City a copy of his report would be greatly appreciated.

Very truly yours,

Edmund J. Toomey
Superintendent - Solid Waste
