Dear Mrs. Rose:

This letter is to confirm our recent submittal of two (2) copies of the draft report entitled: "Feasibility Study of Remedial Action Alternatives, Acushnet River Estuary Above Coggeshall Street Bridge" (NUS Document Control Nos. These reports were submitted to you at the request of Ms. Debra Prybyla of the U.S. Environmental Protection Agency for inclusion in the respository for documents related to the New Bedford Site located at your facility. Again, we thank you for your efforts in making such documents available for public review.

Very truly yours,
