U.S. v. AVX Original
Litigation Document

March 7, 1984

Gerard Sotolongo, Project Officer
U.S. Environmental Protection Agency - Region 1
J.F. Kennedy Federal Building
Boston, Massachusetts 02203

Dear Mr. Sotolongo:

Your communication of February 29, 1984 to George Rogers, Chairman of the Special Committee on Disposal of Hazardous Waste, was considered by the Committee at the March 6, 1984 meeting.

After some discussion, the Special Committee VOTED: To communicate with you, advising you that because of commitments to the City Council, the Committee Members are unable to attend the public meeting scheduled for March 8 at the Whaler Motor Inn. However, the Committee would like to request that a copy of the Minutes of the meeting be sent to this Committee for their perusal.

Also, the Committee would appreciate your communicating with the Committee Chairman, Councillor Rogers, as to a suitable date and time when all parties concerned --Representative Goyette; as well as, yourself, and a member of the D.E.Q.E. -- could meet; and, provide us with a timetable and a breakdown of what they will be doing and at what time, including field trip sites, as a member of the Committee may wish to go along; and, when they will be letting us know about the results.

In addition, the Special Committee requests that a copy of all research materials of what is being done, be forwarded to us so that the Committee can always be aware of what is going on.

Any assistance which you could provide to the Committee will be appreciated.

Very truly yours,

SPECIAL HAZARDOUS WASTE DISPOSAL COMMITTEE
Councillor George Rogers, Chairman
