Subject: EPA Monitoring Data from U.S. Army Corps of Engineers Pilot Dredging
Study - New Bedford Harbor

Dear Don:

I would like to obtain a digital copy of the data EPA collected during the above referenced monitoring program. I am particularly interested in using the data to estimate the PCB flux through the Coggeshall St. Bridge transect. I would also appreciate a copy of any analyses or reports that summarize this data.

Thank you for your assistance in obtaining the requested information.

Sincerely yours,
