Re: Production of Permits and Related Documents

Dear Ellen:

At the end of our meeting at the EPA on February 18, you said that you would call me the next day to discuss production of the various permits from CZM, DEQE, and, I assume, the Conservation Commission among others, the lease with the City, and all related documents with respect to the pilot dredging project. I have not heard from you since. I wish to reiterate my request that these materials be produced immediately.

Very truly yours,

SDMS DocID **64654**
