Hi Cindy,

I am happy to make the meeting longer, I think you are right that we should split the time between an informational meeting and public hearing. I will reserve the room for an hour earlier so we can settle the timing later. I have shared our interpreter's information with Krista Selmi at the state and she is working with them.

Thanks,

Kelsey

Thanks Kelsey. I assume we will split this with the first hour as a public information meeting; the second hour a public hearing with a stenographer where we take public comment. If so, I wonder if this is enough time...maybe starting at 6 or 6:30 might be better. Are you also working on an interpreter?

Unfortunately, I will be on vacation that week but I'm sure others are available.

Hi All,

I have been working with Krista Selmi at DEP to schedule the public hearing and the date that was proposed is July 24th, from 7-9 pm at the Fort Taber Community Center.

I can attend a meeting Thursday 6/21 or Friday 6/22.

Thanks,

Hello Everyone -- I have consulted with Curt and he's agreed that as long as the public hearing is held by end of July, we can adjust the schedule for the draft decision, which will allow us to digest and incorporate the additional information that we're expecting from the state today. In accordance with our internal discussions, we should now be focused on getting the draft decision to HQ for review by **July 9**, with an issuance date of **July 13**.

I think it would make sense to schedule a meeting later this week, after folks have had a chance to review the new information provided by the state. Not everyone would need to attend -- only those who are concerned after reviewing the latest information that there are still significant concerns or information gaps in the sections they are drafting. For those of you planning to attend, please let Sally Burt, our administrative assistant, know when you can **NOT** attend on the following three days:

- Wednesday, 6/20, afternoon:
- Thursday, 6/21, all day:
- Friday, 6/22, all day:

Thanks,
Carl
