Subject: Response to EPA May 21, 2012 and May 29, 2012 Letters

Hi Ann and Carl,

Attached please find the Commonwealth's responses to EPA's May 21, 2012, May 25th e-mail, and May 29, 2012 letters.

Also attached please find the Commonwealth's revised ARARs letter.

Finally, please find a letter from Siemens, who have reviewed two potential alternate configurations (deemed Configuration A and Configuration B), each of which would result in 28 acres for the proposed facility (replacing the 2.4 acres that are not available), and indicating that either would be acceptable for use as a offshore renewable energy staging facility. Drawings showing the

two potential configurations are also attached.

Please note that the attachments referred to in the document will be delivered shortly to EPA.

Thanks!

Chet Myers

***** ATTACHMENT NOT DELIVERED *****

This Email message contained an attachment named
image001.jpg
which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
